DEPARTMENT OF STATE

[Public Notice 5793]

Bureau of Educational and Cultural Affairs (ECA) Request for Grant Proposals: Educational Adviser Training and Support Services

Announcement Type: New Cooperative Agreement.

Funding Opportunity Number: ECA/A/S/A-08-05.

Catalog of Federal Domestic Assistance Number: 00.000.

Key Dates: October 1, 2007 to December 31, 2008.

Application Deadline: Friday, July 13, 2007.

Executive Summary: The Educational Information and Resources Branch of the Office of Global Educational Programs in the Bureau of Educational and Cultural Affairs announces an open competition for a program of Educational Adviser Training and Support Services. Public and private non-profit organizations meeting the provisions described in Internal Revenue Code Section 26 U.S.C. 501(c)(3) may submit proposals to develop training programs and provide support services for Department of

State-affiliated overseas educational advisers.

Overseas educational advisers are part of the Department of State's network of over 450 EducationUSA centers that promote U.S. higher education in 170 countries around the world. Centers exist in a variety of locations including: U.S. embassies and consulates, Fulbright Commissions, Binational Centers, Non-governmental organizations, universities and libraries. A complete list of centers is located at <http://www.educationusa.state.gov>.

Overseas educational advisers provide timely and objective information to foreign audiences on U.S. study opportunities at accredited academic institutions and guide students and professionals in selecting programs appropriate to their needs.

Project proposals should be structured to focus on the following:

1. Short-term training in the U.S. for mid- and senior-level advisers.

2. Web-based training for beginning level advisers.

3. Adviser project development.

4. Logistical support for adviser attendance at international education conferences and workshops including the NAFSA: Association of International Educators conference to be held in Washington DC in May/June 2008.

5. Fiscal Management: sub-contractors

6. Insurance—Funded programs should normally use Bureau insurance

The training component of the proposal should include two U.S.-Based Training program (USBT) sessions for mid-level advisers and one Professional Advising Leadership (PAL) program for senior-level advisers. The USBT for mid-level educational advisers should be approximately three weeks in duration and must include workshops on advising issues of concern, visits to a variety of U.S. academic institutions outside of the Washington, DC metropolitan area and attendance at a national or regional NAFSA: Association of International Educators Conference or similar professional development opportunity.

The Professional Advising Leadership (PAL) program should be designed for senior-level advisers. Advisers applying for a PAL fellowship will have at least four years of advising experience. Applicants will formulate a proposal outlining a project that will be of benefit to the adviser's center, region and the profession as a whole. Proposals may fall into these four broad areas: short-term training, conference attendance, specific individualized research, on-site shadowing/internship, or a combination of two or more (based on time and logistics requirements). The Bureau

anticipates awarding one grant to administer this program.

I. Funding Opportunity Description

Authority

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries * * *; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations * * * and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world."

Purpose: The program's objectives are threefold:

(1) To strengthen the professional development of overseas educational advisers;

(2) To sustain a corps of knowledgeable advisers that will continue to improve the quality and effectiveness of educational advising in their home on topics including:

- Standardized testing
- Admissions
- Scholarships and financial aid
- Student mobility/U.S. student visas
- Relevant technology

(3) To strengthen the cooperation between overseas educational advisers and U.S. college and university-based education professionals.

Guidelines

1. Participants

For the purposes of this RFGP, eligible advisers are defined as those who are currently working at a State Department-affiliated advising center and who have demonstrated the skills associated with the four major components of overseas educational advising: (1) Knowledge of the U.S. and home country educational systems; (2) knowledge of the application process for individuals to enroll in U.S. higher educational institutions; (3) demonstrated educational advising and cross-cultural communication skills; and (4) demonstrated office management skills as they relate to an overseas advising center. In addition, each participant must demonstrate leadership and a commitment to the profession.

Approximately forty participants are expected for two USBT programs and eleven for the PAL program. Participants will be selected by ECA/A/S/A based on nominations from overseas posts.

2. Program Design

The Bureau invites organizations to submit creative and flexible program plans which can be tailored, in close consultation with ECA/A/S/A, to the selected advisers' individual needs. However, the proposal should still include an overall project framework which identifies objectives, an implementation plan and measurable, expected outcomes.

Possible topics to incorporate for the USBT portion of the program include: degree equivalency and accreditation; international student admissions; financial aid; standardized testing; ESL programs; immigration and visa issues; fields of study; cultural adjustment; U.S. societal diversity; specialized Internet usage; distance learning; proposal writing; fundraising; public relations and marketing; determining appropriate fees for advising services for students and others, given each host country's environment; trends in advising center cost-sharing and training and management of volunteer staff.

For the PAL component, advisers, in consultation with ECA/A/S/A and the grantee organization, will develop a research or training project to be carried out in the United States that will have a formative impact on advising in their countries and regions. For 2008, PAL projects will focus on the following topics: financial aid for underprivileged international students; financial aid for international graduate applicants; campus internationalization; credit transfer for foreign credentials; advising on short-term training; international marketing strategies for U.S. higher education; and medical school admissions.

3. Timing/Program Phases

The USBT and PAL components should provide for the possibility of attendance at, and active participation in, an appropriate national or regional conference where workshops and seminars address issues of current interest to international educators and overseas advisers and where the opportunity to brainstorm and to share information plays an important part. Advisers should have opportunities to present and/or participate in panels and pre-conference/conference workshops. In addition, the USBT portion of the program should include internship experiences and visits to a four-year

public university, a private college or university, a community college, an Historically Black College or University (HBCU) or other minority-serving institution, and a graduate or research institution. Ideally, USBT participants should visit campuses while classes are in session to optimize their experience through interaction with students.

4. Logistics

The grantee organization will be responsible for all arrangements associated with this program. For the USBT and PAL components, these include organizing a coherent progression of activities, providing international and domestic travel arrangements for all advisers, making lodging and local transportation arrangements, orienting and debriefing advisers, preparing support material, and recruiting host campuses. The organization should work with host campuses and experts in the field of higher education and overseas advising to achieve maximum program effectiveness, by providing participants with hands-on training and direct involvement in the administration of practices and policies of higher education institutions.

5. Evaluation/Follow-Up

The proposal must include a detailed evaluation and follow-up plan. Special emphasis should be given to designing a program which incorporates outcome measurement strategies that assess ultimate effectiveness.

6. Visa/Insurance/Tax Requirements

The program must comply with applicable visa regulations. Participant health and accident insurance will be provided to the overseas advisers by the Bureau; the recipient organization will be responsible for enrolling participants in the Bureau's insurance program and providing any necessary assistance should medical care be needed. Administration of the program must be in compliance with reporting and withholding regulations for federal, state, and local taxes as applicable. Recipient organizations should demonstrate tax regulation adherence in the proposal narrative and budget.

7. Printed Materials

Drafts of all printed materials developed for this program should be submitted to ECA/A/S/A for review and approval. All official documents should highlight the U.S. government's role as program sponsor and funding source. The Bureau requires that it receive the copyright use and be allowed to distribute this material as it sees fit.

In a cooperative agreement, The Educational Information and Resources Branch (ECA/A/S/A) is substantially involved in program activities above and beyond routine grant monitoring. ECA/A/S/A activities and responsibilities for this program are as follows:

- Selection of program participants in coordination with Public Affairs Sections at U.S. embassies and consulates overseas
- Participation in the development of program sessions and speaking at opening and closing events
- Organization of meetings with Department of State representatives
- Review and approval of program plans and agendas
- Selection of alumni projects

Approximate Total Funding:

\$1,000,000.

Approximate Number of Awards: 1.

Approximate Average Award:

\$1,000,000.

Anticipated Award Date: Pending availability of funds, October 1, 2007.

Additional Information:

Pending successful implementation of this program and the availability of funds in subsequent fiscal years, it is ECA's intent to renew this grant for two additional fiscal years, before openly competing it again.

III. Eligibility Information:

III.1. Eligible applicants: Applications may be submitted by public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 U.S.C. 501(c)(3).

III.2. Cost Sharing or Matching Funds: There is no minimum or maximum percentage required for this competition. However, the Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved grant agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all costs which are claimed as your contribution, as well as costs to be paid

by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with OMB Circular A-110, (Revised), Subpart C.23—Cost Sharing and Matching. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution will be reduced in like proportion.

III.3. Other Eligibility Requirements: Bureau grant guidelines require that organizations with less than four years experience in conducting international exchanges be limited to \$60,000 in Bureau funding. ECA anticipates awarding one grant, in an amount up to \$1,000,000 to support program and administrative costs required to implement this exchange program. Therefore, organizations with less than four years experience in conducting international exchanges are ineligible to apply under this competition. The Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

IV.3d. Please take into consideration the following information when preparing your proposal narrative:

The following is included for informational purposes only: IV.3d.1 *Adherence to All Regulations Governing the J Visa.* The following visa language is included for informational purposes only: The Bureau of Educational and Cultural Affairs places critically important emphasis on the secure and proper administration of Exchange

Visitor (J visa) Programs and adherence by grantees and sponsors to all regulations governing the J visa. Therefore, proposals should demonstrate the applicant's capacity to meet all requirements governing the administration of Exchange Visitor Programs as set forth in 22 CFR 62, including the oversight of Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements. ECA will be responsible for issuing DS-2019 forms to participants in this program.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at <http://exchanges.state.gov> or from: United States Department of State, Office of Exchange Coordination and Designation, ECA/EC/ECD—SA-44, Room 734, 301 4th Street, SW., Washington, DC 20547, Telephone: (202) 203-5029, FAX: (202) 453-8640.

Please refer to Solicitation Package for further information.

IV.3d.2 Diversity, Freedom and Democracy Guidelines. Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of American political, social, and cultural life. "Diversity" should be interpreted in the broadest sense and encompass differences including, but not limited to ethnicity, race, gender, religion, geographic location, socio-economic status, and disabilities. Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review criteria under the "Support for Diversity" section for specific suggestions on incorporating diversity into your proposal. Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106-113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

IV.3d.3. Program Monitoring and Evaluation. Proposals must include a

plan to monitor and evaluate the project's success, both as the activities unfold and at the end of the program. The Bureau recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. The Bureau expects that the grantee will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your project's objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this RFGP.

Your monitoring and evaluation plan should clearly distinguish between program *outputs* and *outcomes*. *Outputs* are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted. *Outcomes*, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the RFGP (listed here in increasing order of importance):

1. *Participant satisfaction* with the program and exchange experience.
2. *Participant learning*, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.

3. *Participant behavior*, concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.

4. *Institutional changes*, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it (1) Specifies intended outcomes; (2) gives clear descriptions of how each outcome will be measured; (3) identifies when particular outcomes will be measured; and (4) provides a clear description of the data collection strategies for each outcome (*i.e.*, surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Grantees will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

IV.3d.4. Describe your plans for: *i.e.* sustainability, overall program management, staffing, coordination with ECA and PAS or any other requirements etc.

IV.3e. Please take the following information into consideration when preparing your budget:

IV.3e.1. Applicants must submit a comprehensive budget for the entire program. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification.

IV.3e.2. Allowable costs for the program include the following:

- (1) Salaries and fringe benefits; travel and per diem;
- (2) Other direct costs, inclusive of rent, utilities, etc.;

(3) Indirect expenses (except against participant program expenses), auditing costs;

(4) Participant program costs; *i.e.*, international/domestic travel, visas, per diem, conference attendance;

(5) Alumni Web site and alumni support activities;

(6) Advising coordinator expenses for pre-conference campus visits;

(7) Campus coordinator costs for advising center visits; *i.e.*, international/domestic travel, visas, per diem Please refer to the Solicitation Package for complete budget guidelines and formatting instructions.

V. Application Review Information

V.1. Review Process

The Bureau will review all proposals for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. All eligible proposals will be reviewed by the program office, as well as the Public Diplomacy section overseas, where appropriate. Eligible proposals will be subject to compliance with Federal and Bureau regulations and guidelines and forwarded to Bureau grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. Final funding decisions are at the discretion of the Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for cooperative agreements resides with the Bureau's Grants Officer.

Review Criteria

Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

- Quality of the program idea:** Proposals should exhibit originality, substance, precision, and relevance to the Bureau's mission.
- Program planning:** Detailed agenda and relevant work plan should demonstrate substantive undertakings and logistical capacity. Agenda and plan should adhere to the program overview and guidelines described above.

of the Bureau's policy on diversity. Achievable and relevant features should be cited in both program administration (selection of participants, program venue and program evaluation) and program content (orientation and wrap-up sessions, program meetings, resource materials and follow-up activities).

6. *Institutional Capacity*: Proposed personnel and institutional resources should be adequate and appropriate to achieve the program or project's goals.

7. *Institution's Record/Ability*: Proposals should demonstrate an institutional record of successful exchange programs, including responsible fiscal management and full compliance with all reporting requirements for past Bureau grants as determined by Bureau Grants Staff.
