11. 0648-0293, Application for Commercial Fisheries Authorization under Section 118 of the Marine Mammal Protection Act.

All but four of these eleven permit collections currently require some or most of this information.

The primary purpose of these revisions is to bring NMFS into compliance with the Debt Collection Improvement Act (DCIA) of 1996, 31 U.S.C. Section 7701. This action is in line with the Department of Commerce Interim Final Rule 0648-AA24 (April 16, 2007), which revises and replaces Department of Commerce debt collection regulations to conform to the DCIA.

In addition, this action will add to the developing consistency of permit requirements across NMFS regions and divisions, ultimately reducing the public's burden in completing these forms (a significant number of vessels fish in more than one region or division).

This action will add no burden or cost to the public. There should be no research or retrieval required for any of the information. As the information will be added to existing forms, no additional transmission costs will be incurred.
