(These telephone numbers are not toll-free.)

**SUPPLEMENTARY INFORMATION:** The Paperwork Reduction Act of 1995 (PRA), Public Law 104-13, Section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to provide 60-days notice to the public for comment on information collection activities before seeking approval by OMB. 44 U.S.C. § 3506(c)(2)(A); 5 CFR §§ 1320.8(d)(1), 1320.10(e)(1), 1320.12(a). Specifically, FRA invites interested respondents to comment on the following summary of proposed information collection activities regarding (i) whether the information collection activities are necessary for FRA to properly execute its functions, including whether the activities will have practical utility; (ii) the accuracy of FRA's estimates of the burden of the information collection activities, including the validity of the methodology and assumptions used to determine the estimates; (iii) ways for FRA to enhance the quality, utility, and clarity of the information being collected; and (iv) ways for FRA to minimize the burden of information collection activities on the public by automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses). See 44 U.S.C. 3506(c)(2)(A)(i)-(iv); 5 CFR § 1320.8(d)(1)(i)-(iv). FRA believes that soliciting public comment will promote its efforts to reduce the administrative and paperwork burdens associated with the collection of information mandated by Federal regulations. In summary, FRA reasons that comments received will advance three objectives: (i) Reduce reporting burdens; (ii) ensure that it organizes information collection

requirements in a "user friendly" format to improve the use of such information; and (iii) accurately assess the resources expended to retrieve and produce information requested. See 44 U.S.C. 3501.

Below is a brief summary of proposed new information collection activities that FRA will submit for clearance by OMB as required under the PRA:

*Title:* Railroad Trespasser Death Study.

*OMB Control Number:* 2130-New.

*Abstract:* Trespasser deaths on railroad rights-of-way and other railroad property are the leading cause of fatalities attributable to railroad operations in the United States. In order to address this serious issue, interest groups, the railroad industry, and governments (Federal, State, and Local) must know more about the individuals who trespass. With such knowledge, specific educational programs, materials, and messages regarding the hazards and consequences of trespassing on railroad property can be developed and effectively distributed. Since currently available data are lacking in demographic detail, FRA proposes to conduct a study (using a private contractor) to obtain demographic data from local County Medial Examiners so as to develop a general, regional profile of "typical" trespassers in order to target audiences with appropriate education and enforcement campaigns that will reduce the annual number of injuries and fatalities.

*Form Number(s):* FRA F 6180.117.

*Affected Public:* County (Regional) Medical Examiners/Coroners.

*Respondent Universe:* 100 County (Regional) Medical Examiners/Coroners.

*Frequency of Submission:* On occasion.

*Estimated Annual Burden:* 125 hours.

*Status:* Regular Review.

Pursuant to 44 U.S.C. 3507(a) and 5 CFR 1320.5(b), 1320.8(b)(3)(vi), FRA informs all interested parties that it may not conduct or sponsor, and a respondent is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

**Authority:** 44 U.S.C. 3501-3520.

Issued in Washington, DC on May 12, 2004.

## DEPARTMENT OF TRANSPORTATION

### Federal Transit Administration

#### Implementation of Section 176 of the Consolidated Appropriations Act, 2004 (Pub. L. 108-199, Division F)

**AGENCY:** Federal Transit Administration (FTA), DOT.

**ACTION:** Notice.

**SUMMARY:** This notice provides information and instructions to grantees on the implementation of section 176 of the Consolidated Appropriations Act, 2004, (Pub. L. 108-199, Division F). Section 176 amends section 3027(c)(3) of TEA-21 to allow for operating assistance under 49 U.S.C. 5307. This assistance is available to a transit provider of services exclusively for elderly persons and persons with disabilities and that operate 25 or fewer vehicles in an urbanized area with a population of at least 200,000.

**DATES:** A letter of intent to apply for operating assistance under section 176 must be received by the appropriate FTA Regional Office on or before June 16, 2004. FTA will make a determination of the amount eligible applicants may use for operating assistance on or before July 16, 2004.

**ADDRESSES:** Addresses of the ten FTA Regional Offices are listed at the end of this notice in Appendix A.

**FOR FURTHER INFORMATION CONTACT:** The appropriate FTA Regional Administrator or Mary Martha Churchman, Director, Office of Resource Management and State Programs, (202) 366-2053.

**SUPPLEMENTARY INFORMATION:** Generally, operating assistance is not an eligible cost for recipients of Urbanized Area Formula (49 U.S.C. 5307) funds in an urbanized area (UZA) with a population of 200,000 or more. Section 360 of the Omnibus Consolidated and Emergency Supplemental Appropriations Act, 1999 (Pub. L. 105-277), amended section 3027(c) of TEA-21 by adding paragraph (3), which allows for an exception to this restriction on operating assistance and provides that FTA may allow certain recipients of section 5307 funds in such areas that provide service for elderly persons and persons with disabilities, with 20 or fewer vehicles, to use a portion of their section 5307 funds for operating assistance. Section 341 of the Fiscal Year (FY) 2001 DOT Appropriations Act (Pub. L. 106-346), subsequently amended section 3027(c)(3) of TEA-21 by increasing the amount of available funding under section 3027(c)(3) of TEA-21 from \$1,000,000 to \$1,444,000.
