AGENCY: Office of the United States Trade Representative.

ACTION: Notice and request for comments.

SUMMARY: This publication gives notice that, pursuant to the Trade Act of 2002, and consistent with Executive Order 13141 (64 FR 63169) (Nov. 18, 1999) and its implementing guidelines (65 FR 79442), the Office of the United States Trade Representative (USTR), through the Trade Policy Staff Committee (TPSC), is initiating an environmental review of the proposed United States-UAE Free Trade Agreement. The TPSC is requesting written comments from the public on what should be included in the scope of the environmental review, including the potential environmental effects that might flow from the free trade agreement and the potential implications for U.S. environmental laws and regulations, and identification of complementarities between trade and environmental objectives such as the promotion of sustainable development. The TPSC also welcomes public views on appropriate methodologies and sources of data for conducting the review. Persons submitting written comments should provide as much detail as possible on the degree to which the subject matter they propose for inclusion in the review may raise significant environmental issues in the context of the negotiation.

DATES: Public comments should be received no later than February 25, 2005.

ADDRESSES: *Submissions by electronic mail:* FR0509@ustr.gov.

Submissions by facsimile: Gloria Blue, Executive Secretary, Trade Policy Staff Committee, at (202) 395-6143.

SUPPLEMENTARY INFORMATION:

1. Background Information

On November 15, 2004, in accordance with section 2104(a)(1) of the Trade Act of 2002, the United States Trade Representative, Ambassador Robert B. Zoellick, notified Congress of the President's intent to enter into trade negotiations with the UAE. Ambassador Zoellick outlined specific U.S. objectives for these negotiations in the notification letters to Congress. Copies of the letters are available at http://www.ustr.gov/Document_Library/Press_Releases/2004/November/U.S._Announces_Intent_to_Negotiate_FTAs_with_UAE_Oman.html.

In addition to this request for public comments, the TPSC also has invited the public to provide written comments and/or oral testimony at a public hearing that will take place on January 14, 2005. The purpose of the hearing is to assist USTR in amplifying and clarifying negotiating objectives for the proposed FTA and to provide advice on how specific goods and services and other matters should be treated under the proposed agreement (*see* 67 FR 70500, December 6, 2004). USTR will take into account in the environmental review any public comments or testimony on UAE FTA environmental issues submitted in response to the December 6 notice.

2. Environmental Review

USTR, through the TPSC, will perform an environmental review of the agreement pursuant to the Trade Act of 2002 and consistent with Executive Order 13141 (64 FR 63169) and its implementing guidelines (65 FR 79442).

Environmental reviews are used to identify potentially significant, reasonably foreseeable environmental impacts (both positive and negative), and information from the review can help facilitate consideration of appropriate responses where impacts are identified. Reviews address potential environmental impacts of the proposed agreement and potential implications for environmental laws and regulations. The focus of the review is on impacts in the United States, although global and transboundary impacts may be considered, where appropriate and prudent.

3. Requirements for Submissions

In order to facilitate prompt processing of submissions, USTR strongly urges and prefers electronic (e-mail) submissions in response to this notice. In the event that an e-mail submission is impossible, submissions should be made by facsimile.

Persons making submissions by e-mail should use the following subject line: "United States-UAE FTA Environmental Review" followed by "Written Comments." The "P-" or "BC-" should be followed by the name of the submitter. Persons who make submissions by e-mail should not provide separate cover letters; information that might appear in a cover letter should be included in the submission itself. To the extent possible, any attachments to the submission should be included in the same file as the submission itself, and not as separate files.
