## Full Text of Announcement

### I. Funding Opportunity Description

**Purpose of Program:** The API program, funded under section 1705 of Title I, Part G of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the No Child Left Behind Act of 2001 (NCLB), awards competitive grants designed to increase the successful participation of low-income students in pre-advanced placement and advanced placement courses and tests. By supporting increased access to and participation in pre-advanced placement and advanced placement courses and tests, the program provides greater opportunities for low-income students to achieve to high standards in English, mathematics, science, and other core subjects.

**Priorities:** This competition includes one absolute priority and four competitive preference priorities. In accordance with 34 CFR 75.105(b)(2)(iv) and (b)(2)(v), these priorities are from the priorities and allowable activities specified in section 1705(c) and (d) of the ESEA, as amended by the NCLB (20 U.S.C. 6535–6537).

**Absolute Priority:** For FY 2005 this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is: **Implementation of Pre-Advanced Placement and Advanced Placement Programs in High-Poverty Schools.** The Secretary establishes an absolute priority for applications that:

- (1) Demonstrate an intent to carry out activities that target schools, or LEAs operating schools, with a high concentration of low-income students (and, if the applicant is an LEA, propose to serve schools with a high concentration of low-income students); and
- (2) Propose to develop, enhance, or expand pre-advanced placement courses, in conjunction with advanced placement courses, in English, mathematics, science, and other core academic areas at the middle or high school level. Effective pre-advanced placement programs should increase the level of participation of low-income students who enroll and succeed in advanced placement courses and tests in core academic areas. Proposals may include vertical teams training, high-quality professional development for pre-advanced placement and advanced placement teachers, and coordination of curriculum design and development between middle and high school teachers.

**Notes:** (1) Pre-advanced placement courses are intended to provide middle and high school students with the critical thinking

skills, content knowledge, and study habits necessary for successful participation in advanced placement courses. Applicants should explain why the courses supported by the proposed project qualify as pre-advanced placement or advanced placement.

(2) For the definitions of *low-income individual* (including a list of other types of data that may be used to verify low-income status) and *high concentration of low-income students*, see the definitions in Section III. 3. Other of this notice.

**Allowable Activities:** Activities supported under this priority must be designed to expand access for low-income individuals to pre-advanced placement and advanced placement programs and must involve one or more of the following:

- Teacher training;
- Pre-advanced placement course development;
- Coordination and articulation between grade levels to prepare students to enter and succeed in advanced placement courses;
- Books and supplies;
- Activities to increase the availability of, and participation in, on-line advanced placement courses; or
- Any other activity directly related to expanding access to and participation in pre-advanced placement and advanced placement programs, particularly for low-income individuals.

**Competitive Preference Priorities:** For FY 2005 these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(i), we award up to an additional sixteen (16) points to an application, depending on the extent to which the application meets one or more of these priorities.

These priorities are: **Competitive Preference Priority 1:** Up to ten (10) points for demonstrating a pervasive need for the development of pre-advanced placement or advanced placement courses for middle or high schools where there are few or no advanced placement courses currently available.

**Competitive Preference Priority 2:** Up to two (2) points for demonstrating involvement of business and community organizations in the activities assisted.

**Competitive Preference Priority 3:** Up to two (2) points for demonstrating the availability of matching funds from State, local, or other sources to pay for a portion of the cost of activities to be assisted.

**Competitive Preference Priority 4:** Up to two (2) points for demonstrating the intent to carry out activities to increase the availability of, and participation in, on-line advanced placement courses.

**Note:** These priority points are in addition to any points the applicant earns under the

*Selection Criteria* described elsewhere in this notice (see V. Application Review Information). The *Selection Criteria* will not be used to evaluate these competitive preference priorities.

*Program Authority:* 20 U.S.C. 6535–6537.

*Applicable Regulations:* The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.

**Note:** The regulations in 34 CFR part 86 apply to institutions of higher education only.

## II. Award Information

Based on the Administration's request, we estimate that \$25 million will be available for new awards under this competition.

**Note:** In accordance with statutory requirements, this estimate is based on the amount of funds the Secretary estimates will be available after the Department has awarded grants under the Advanced Placement Test Fee program, which is being announced separately under CFDA number 84.330B.

- (a) SEAs;
- (b) LEAs, including charter schools that are considered LEAs under State law; or

2. *Cost Sharing or Matching:* This competition does not involve cost

sharing or matching but does involve supplement-not-supplant funding provisions.

*Supplement not Supplant:* Funds provided under this program must be used only to supplement and not supplant other non-Federal funds that are available to assist low-income individuals in paying advanced placement test fees (20 U.S.C. 6536).

(b) The term *high concentration of low-income students*, used with respect to a school, means a school that serves a student population 40 percent or more of whom are low-income individuals.

(c) The term *low-income individual* means an individual who is determined by an SEA or LEA to be a child, ages 5 through 19, from a low-income family on the basis of data used by the Secretary to determine allocations under section 1124 of the ESEA, data on children eligible for free or reduced-price lunches under the National School Lunch Act, data on children in families receiving assistance under Part A of Title IV of the Social Security Act, or data on children eligible to receive medical assistance under the Medicaid program under Title XIX of the Social Security Act, or through an alternate method that combines or extrapolates from those data.
