

Another commenter inquired about the reporting impact of Financial Accounting Standards Board (FASB) Financial Interpretation No. 46, "Consolidation of Variable Interest Entities," (FIN 46) issued in 2003, for the deconsolidation of special purpose entities used to issue trust preferred securities. BHCs are encouraged to consult with their external auditor on the appropriate application of generally accepted accounting principles (GAAP), including FIN 46 and revised FIN 46 (FIN 46R), on the consolidation or deconsolidation of trusts issuing trust preferred stock for financial statements and regulatory reporting. Consistent with their GAAP determination and SR 03-13, BHCs that deconsolidate such trusts for financial reporting purposes should include the full amount of the deeply subordinated note issued to the trust in Schedule HC, Balance Sheet, item 20, "Other liabilities," and Schedule HC-G, Other Liabilities, item 4, "Other," and the BHCs investment in the special purpose subsidiary should be reported in Schedule HC, item 8, "Investments in unconsolidated subsidiaries and associated companies." The amount of the subordinated note issued to the trust, net of the BHC's investment in the special purpose subsidiary, is equivalent to the amount of the trust preferred securities issued. The net amount (that qualifies for inclusion in tier 1 capital) should be reported in new item 6.b and in memoranda item 3.d, "Other cumulative preferred stock eligible for inclusion in Tier 1 capital."

Editing of Data by Respondents

The Federal Reserve proposed to require data validation checks to be performed by respondents in conjunction with the electronic submission of the FR Y-9 reports (except for the FR Y-9CS) as a condition for the accepted filing of the reports. Implementation of this requirement is targeted for the September 30, 2004, reporting date for FR Y-9C and FR Y-9LP respondents and for the December 31, 2004, reporting date for FR Y-9SP and FR Y-9ES respondents.

Two commenters expressed concerns that thorough testing be conducted sufficiently before the implementation of this requirement. The Federal Reserve will conduct thorough testing of the enhanced internet submission facility (IESUB), and the enhanced IESUB will be available to respondents and software vendors for testing approximately three months prior to implementation.

One commenter sought assurance from the Federal Reserve that BHCs will be allowed to use enhanced vendor

software to perform quality edit checks and transmit edit explanations to the Federal Reserve. The Federal Reserve will provide specifications and guidance for creating files containing the data and edit explanations that can be uploaded to IESUB to any interested BHCs and software vendors. However, the Federal Reserve cannot warrant the availability or performance of software provided by private corporations. This commenter also sought confirmation that explanatory comments that address any quality edit exceptions would be granted permanent confidential treatment. Collection of this information will be held as confidential. Any change to this treatment would be subject to the report approval process (including a formal notice and comment period).

BHCs interested in learning more about IESUB submission options and in obtaining updates on data editing enhancements as they become available are encouraged to go to the Web site www.reportingandreserves.org for additional information.

SUPPLEMENTARY INFORMATION:

Proposal to Approve Under OMB Delegated Authority The Extension For Three Years, Without Revision, Of The Following Reports

1. *Report title:* Notice of Proposed Stock Redemption.

Agency form number: FR 4008.

OMB control number: 7100-0131.

Estimated average hours per response: 15.5 hours.

Number of respondents: 11.

General description of report: This information collection is mandatory (12 U.S.C. § 1844(c)) and is generally not given confidential treatment.

Abstract: The Federal Reserve requires certain bank holding companies (BHCs), based on an amount of redemptions over a defined period, to give written notice to the appropriate Reserve Bank before purchasing or redeeming their equity securities. There is no formal reporting form. The Federal Reserve uses the information to fulfill its statutory obligation to supervise BHCs.

2. *Report title:* Notice Claiming Status as an Exempt Transfer Agent

Agency form number: FR 4013.

OMB control number: 7100-0137.

Frequency: On occasion.

Reporters: Banks, bank holding companies (BHCs), and certain trust companies.

Annual reporting hours: 6 hours.

Estimated average hours per response: 2 hours.

U.S.C. 78q-1(c)(1)) and the Federal Reserve is authorized to collect this data (15 U.S.C. 78c (a)(34)(B)(ii)). The data collected are not given confidential treatment.

Abstract: Banks, BHCs, and trust companies subject to the Federal Reserve's supervision that are low-volume transfer agents voluntarily file the notice on occasion with the Federal Reserve. Transfer agents are institutions that provide securities transfer, registration, monitoring, and other specified services on behalf of securities issuers. The purpose of the notice, which is effective until the agent withdraws it, is to claim exemption from certain rules and regulations of the Securities and Exchange Commission (SEC). The Federal Reserve uses the notices for supervisory purposes because the SEC has assigned to the Federal Reserve responsibility for collecting the notices and verifying their accuracy through examinations of the respondents. The notice is made by letter; there is no reporting form.

Abstract: The Federal Reserve's Regulation H requires certain state member banks to submit information relating to their securities to the Federal Reserve on the same forms that bank holding companies and nonbank entities use to submit similar information to the Securities and Exchange Commission. The information is primarily used for public disclosure and is available to the public upon request.
