- c. Notice of Intention to Foreclose, VA Form 26-6851.

OMB Control Number: 2900-0021.

Type of Review: Extension of a currently approved collection.

Abstract: Holders of guaranteed loans are required to notify VA within 45 days of a loan default due to nonpayment of any installment for a period of 60 days from the date of the first uncured default. Holders are also required to notify VA of their intention to foreclose. After delivery of such notice to VA and 30 days has passed, the holder can begin court proceedings, give notice of sale under power of sale, or otherwise take steps to terminate the debtor's rights in the security. VA Forms 26-6850 and 26-6851 require that servicing efforts

are fully explained so that VA can determine whether supplemental servicing could develop further information to justify the extension of forbearance to the veterans-borrower as opposed to foreclosure. The information provided is used to coordinate the actions of VA and the holder to ensure that all legal requirements regarding foreclosure and claim payment are met. VA Form 26-6850a is filed by holders when defaults are determined insoluble by holders at the time the notice of default is filed with VA. This form provides both notice of default and intent to foreclosure together on one form.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. This notice solicits comments for information needed to determine whether a loan default is insoluble or whether an obligor has reasonable prospects for curing the default.

DATES: Written comments and recommendations on the proposed collection of information should be received on or before July 6, 2004.

Title: Loan Service Report, VA Form 26-6808.

OMB Control Number: 2900-0249.

Type of Review: Extension of a currently approved collection.

Abstract: VA Form 26-6808 is used when servicing delinquent guaranteed and insured loans and loans sold under 38 CFR 36.4600. With the respect to the

servicing of guaranteed and insured loans and loans sold under 38 CFR 36.4600, the holder has the primary servicing responsibility. However, VA has the responsibility to see that the servicing efforts of holders are consistent with VA policies and guidelines. In those cases in which early payment of the delinquency appears unlikely, supplemental servicing by VA will be conducted to determine whether the holder may have overlooked any relief measures. Since there are ordinarily financial losses to both the borrower and the Government resulting from the foreclosure of a guaranteed loan, supplemental servicing can protect the interest of each by assuring that appropriate relief is extended to those borrowers whose loans can be reinstated within a reasonable period of time. VA Loan Service Representatives complete VA Form 26-6808 during the course of personal contacts with delinquent obligors. The information acquired may form the basis of VA's intercession with the holder for the acceptance of specially arranged repayment plans or other forbearance aimed at assisting the obligor in retaining his or her home.

Affected Public: Individuals or households.

Estimated Annual Burden: 16,667 hours.

Estimated Average Burden Per Respondent: 25 minutes.

Frequency of Response: On occasion.
Estimated Number of Respondents: 40,000.

Dated: April 22, 2004.

Loise Russell,

Director, Records Management Service.
