reaching the \$50,000 cap as described in this proposal is to help defray licensing costs associated with the trading of these products, while still capping member organizations' fees enough to attract volume from other exchanges. The purpose of allowing the QCE, QCX and FXI products to be charged the normal (not fixed) firm-related charges is to generate revenue (that was previously capped) because these are not the products in which the Exchange is seeking to attract firm-related volume from other exchanges.

In addition to the foregoing, the Exchange proposes to make a minor change to its Summary of Equity Option Charges to delete the word "transaction" from the reference to the firm/proprietary facilitation option transaction charge and to delete reference to the QQQ license fees of \$0.10 per contract side from the Summary of Index Option and FXI Options Charges, as this language is unnecessary.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act¹² in general, and furthers the objectives of Section 6(b)(4) of the Act¹³ in particular, in that it is an equitable allocation of reasonable dues, fees, and other charges among Exchange members and issuers and other persons using its facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposal has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁴ and Rule 19b–4(f)(2)¹⁵ thereunder as a proposal establishing or changing a due, fee, or other charge imposed by the selfregulatory organization. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹⁶
