This Notice also lists the following information:

Title of Proposal: Technical Assistance for Community Planning and Development Program.

OMB Control Number, if applicable: 2506-0166.

Description of the need for the information and proposed use: Application information is needed to determine competition winners, i.e., those technical assistance (TA) providers best able to offer local jurisdictions an ability to shape their CPD resources and other available resources into effective, coordinated, neighborhood and community development strategies to revitalize and to physically, socially and economically strengthen their communities. The application for the competition requires the completion of Standard Forms 424, 424B, LLL (if engaged in lobbying), and 2880, as well as supplementary information such as identification of field offices to be served and amounts of funds requested for each field office,

a narrative statement addressing the factors for award, and a budget summary. After awards are made, providers are required to submit a work plan which includes a planned schedule for accomplishing each of the planned activities/tasks to be accomplished with TA funds, the amount of funds budgeted for each activity/task and the staff and other resources allocated to each activity/task. Narrative quarterly reports are required so that the provider's performance can be evaluated and measured against the workplan. Quarterly reports also require the submission of the SF 269a, a financial status report. A narrative final report and final SF 269A are also required.

Agency form numbers, if applicable: SF-424, SF-424B, SF-LLL, and HUD-2880.

Members of affected public: For-profit and non-profit organizations or State and local governments equipped to provide technical assistance to recipients of CPD programs.

Estimation of the total numbers of hours needed to prepare the Information collection including number of respondents, frequency of response, and hours of response.

Status of the proposed information collection: The FY 2003 Notice of Funding Availability (NOFA) for technical assistance providers for CPD programs elicited 161 responses. The Department estimates that each applicant required an average of 60 hours to prepare an application. Each year approximately 50 applicants are chosen for awards. Winners of the competition are required to develop a work plan, requiring approximately 20 hours, submit quarterly reports needing approximately six hours each (including a final report) and perform record keeping to include submission of vouchers for reimbursement, estimated at 12 hours annually. Because these actions are undertaken for each field office in which the applicant wins funds, the numbers reflect more than the base number of winners. Approximately 177 workplans were developed as a result of the FY 2003 competition and each requires quarterly reports and recordkeeping. The specific numbers are as follows:

	Number of respondents	Number of responses per respondent frequency	Total annual	Hours per response	Total hours
Applctns	161	1	161	60	9660
Workplan Devlpmt	177	1	177	20	3540
Qrtly Reports (incl final report)	177	4	708	6	4248
