Background

On April 7, 2003, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on automotive replacement glass windshields ("ARG") from the People's Republic of China ("PRC") for the period September 19, 2001 through March 31, 2003. See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation: Opportunity to Request*

Administrative Review, 68 FR 16761 (April 7, 2003). On April 15, 2003, Dongguan Kongwan Automobile Glass Limited and Peaceful City Limited, requested an administrative review of their sales to the United States during the period of review ("POR"). On April 21, 2003, an importer, Pilkington North America requested an administrative review of the sales of Changchun Pilkington Safety Glass Company Limited, Guilin Pilkington Safety Glass Company Limited, Shanghai Yaohua Pilkington Autoglass Company Limited, and Wuhan Yaohua Pilkington Safety Glass Company Limited to the United States during the POR. On April 22, 2003, TCG International Inc. ("TCGI"), requested an administrative review of its sales to the United States during the POR. On April 30, 2003, Xinyi Automotive Glass (Shenzhen) Company, Limited ("Xinyi"), Shenzhen CSG Automotive Glass Company, Limited (reported to be the former company Shenzhen Benxun Auto Glass Company, Limited) ("Benxun"), and Fuyao Glass Industry Group Company, Limited requested an administrative review of their sales to the United States during the POR. On May 21, 2003, the Department published in the **Federal Register** a notice of the initiation of the antidumping duty administrative review of ARG from the PRC for the period September 19, 2001 through March 31, 2003. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 68 FR 27781 (May 21, 2003). On September 8, 2003, the Department published a notice in the **Federal Register** rescinding the administrative reviews of TCGI, Xinyi, and Benxun.¹ See *Certain Automotive Replacement Glass Windshields from the People's Republic of China: Notice of Partial Rescission of the Antidumping Duty Administrative Review*, 68 FR 52893 (September 8, 2003). See *Certain Automotive Replacement Glass Windshields from the People's Republic of China: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review*, 68 FR 60911 (October 24, 2003). The preliminary results of review are currently due no later than February 29, 2004.

¹ Because Benxun withdrew its request for review, the Department did not have the information necessary to make a successor-in-interest determination. Therefore the Department did not determine that Shenzhen CSG Automotive Glass

Extension of Time Limit of Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (“the Act”), states that if it is not practicable to complete the review within the time specified, the administering authority may extend the statutory time limit of 245 days to issue its preliminary results by up to 120 days. Completion of the preliminary results of this review within the 245-day period is not practicable for the following reasons: (1) the review involves several complicated issues, such as affiliation, which require the Department to gather and analyze a significant amount of information pertaining to each company’s sales practices, factors of production, and corporate relationships; and (2) due to the Chinese New Year, the Department has delayed the planned verification schedules and, therefore, will not have sufficient time to complete its preliminary results by the scheduled deadline of February 29, 2004.

Because it is not practicable to complete this review within the time specified under the Act, we are extending the time period for issuing the preliminary results of review by 60 days until April 29, 2004, in accordance with section 751(a)(3)(A) of the Act. The final results continue to be due 120 days after the publication of the preliminary results.

Dated: January 26, 2004.

Richard O. Weible,

Acting Deputy Assistant Secretary for Import Administration, Group III.

Background

On October 31, 2003, the Department published the *Preliminary Results* in the **Federal Register**. On December 9, 2003, the Department conducted verification of the questionnaire responses submitted by La Pointe & Roy Ltee. (La Pointe & Roy), the sole respondent subject to the new shipper review.

In accordance with 19 CFR 351.214(a), this new shipper review covers only those producers or exporters for which a review was specifically requested. Accordingly, this new shipper review covers subject merchandise produced and exported by La Pointe & Roy.

The products covered by this order are softwood lumber, flooring and siding (softwood lumber products). Softwood lumber products include all products classified under headings 4407.1000, 4409.1010, 4409.1090, and 4409.1020, respectively, of the Harmonized Tariff Schedule of the United States (HTSUS), and any softwood lumber, flooring and siding described below. (3) Other coniferous wood (including strips and friezes for parquet flooring, not assembled) continuously shaped (tongued, grooved, rabbeted, chamfered, v-jointed, beaded, molded, rounded or the like) along any of its edges or faces (other than wood moldings and wood dowel rods) whether or not planed, sanded or finger-jointed; and

Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to this order is dispositive.

As specifically stated in the Issues and Decision Memorandum accompanying the Notice of *Final Determination of Sales at Less Than Fair Value: Certain Softwood Lumber Products from Canada* (67 FR 15539; April 2, 2002) (*see comment 53, item D, page 116, and comment 57, item B–7, page 126*), available at <http://www.ia.ita.doc.gov>, drilled and notched lumber and angle cut lumber are covered by the scope of this order.

The following softwood lumber products are excluded from the scope of this order provided they meet the specified requirements detailed below:

(1) *Stringers* (pallet components used for runners): if they have at least two notches on the side, positioned at equal distance from the center, to properly accommodate forklift blades, properly classified under HTSUS 4421.90.98.40.
