## DEPARTMENT OF AGRICULTURE

### Agricultural Marketing Service

[Docket No. FV-04-331]

#### United States Standards for Grades of Canned Beets, United States Standards for Grades of Canned Carrots, and United States Standards for Grades of Canned Potatoes

**AGENCY:** Agricultural Marketing Service, USDA.

**ACTION:** Notice.

**SUMMARY:** The United States Standards for Grades of Canned Beets, United States Standards for Grades of Canned Carrots, and United States Standards for Grades of Canned White Potatoes were corrected to affect a change in Table IA of each of the standards to reflect current values in the Recommended Minimum Drained Weights, Metric System. The change is identified by the date April 2003 in each of the Tables.

**FOR FURTHER INFORMATION CONTACT:** Chere L. Shorter, (202) 720-5021, or e-mail [chere.shorter@usda.gov](mailto:chere.shorter@usda.gov).

**SUPPLEMENTARY INFORMATION:** A Notice was published in the **Federal Register**, (63 FR 127 pages 36201-36202) dated July 2, 1998, revising the United States Standards for Grades of Canned Beets, United States Standards for Grades of Canned Carrots, and United States Standards for Grades of Canned Potatoes, effective August 3, 1998. However, the Recommended Minimum Drained Weight tables, (Metric version), in each of the grade standards contained incorrect values. Accordingly, Table IA of each U.S. grade standard was corrected April 2003 to reflect the change.

Corrected copies of the U.S. grade standards are located on the website at [www.ams.usda.gov/fv/ppb.html](http://www.ams.usda.gov/fv/ppb.html) and are available from Standardization Section, Processed Products Branch, Fruit and Vegetable Programs, Agricultural

Marketing Service, U.S. Department of Agriculture, 1400 Independence Avenue SW., Room 0709, South Building; STOP 0247, Washington, DC 20250; telephone: (202) 720-5021 or fax (202) 690-1527.

**Authority:** 7 U.S.C. 1621-1627.

Dated: April 19, 2004.

**A.J. Yates,**

## DEPARTMENT OF AGRICULTURE

### Animal and Plant Health Inspection Service

[Docket No. 04-035-1]

#### Availability of an Environmental Assessment for Field Testing Marek's Disease—Newcastle Disease Vaccine, Serotypes 2 and 3, Live Herpesvirus Vector

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Notice of availability and request for comments.

**SUMMARY:** We are advising the public that the Animal and Plant Health Inspection Service has prepared an environmental assessment concerning authorization to ship for the purpose of field testing, and then to field test, an unlicensed Marek's Disease—Newcastle Disease Vaccine for use in chickens. The environmental assessment, which is based on a risk analysis prepared to assess the risks associated with the field testing of this vaccine, examines the potential effects that field testing this veterinary vaccine could have on the quality of the human environment. Based on the risk analysis, we have reached a preliminary determination that field testing this veterinary vaccine will not have a significant impact on the quality of the human environment, and that an environmental impact statement need not be prepared. We intend to authorize shipment of this vaccine for field testing following the close of the comment period for this notice unless new substantial issues bearing on the effects of this action are brought to our attention. We also intend to issue a U.S. Veterinary Biological Product license for this vaccine, provided the field test data support the conclusions of the

environmental assessment and the issuance of a finding of no significant impact and the product meets all other requirements for licensing.

**DATES:** We will consider all comments that we receive on or before May 24, 2004.

**ADDRESSES:** You may submit comments by any of the following methods:

- *Postal Mail/Commercial Delivery:*

Please send four copies of your comment (an original and three copies) to Docket No. 04-035-1, Regulatory Analysis and Development, PPD, APHIS, Station 3C71, 4700 River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. 04-035-1.

- *E-mail:* Address your comment to [regulations@aphis.usda.gov](mailto:regulations@aphis.usda.gov). Your comment must be contained in the body of your message; do not send attached files. Please include your name and address in your message and "Docket No. 04-035-1" on the subject line.

- *Agency Web Site:* Go to <http://www.aphis.usda.gov/ppd/rad/cominst.html> for a form you can use to submit an e-mail comment through the APHIS Web site.

*Reading Room:* You may read the environmental assessment, the risk analysis (with confidential business information removed), and any comments that we receive in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

*Other Information:* You may view APHIS documents published in the **Federal Register** and related information, including the names of groups and individuals who have commented on APHIS dockets, on the Internet at <http://www.aphis.usda.gov/ppd/rad/webrepor.html>.

**FOR FURTHER INFORMATION CONTACT:** Dr. Albert P. Morgan, Chief Staff Officer, Operational Support Section, Center for Veterinary Biologics, Licensing and Policy Development, VS, APHIS, 4700 River Road Unit 148, Riverdale, MD 20737-1231; phone (301) 734-8245, fax (301) 734-4314.

For information regarding the environmental assessment or the risk analysis, or to request a copy of the environmental assessment (as well as the risk analysis with confidential business information removed) contact Dr. Michel Y. Carr, USDA, APHIS, VS, CVB-LPD, 510 South 17th Street, Suite 104, Ames, IA 50010, or by calling (515) 232-5785. Please refer to the docket number, date, and complete title of this notice when requesting copies.

**SUPPLEMENTARY INFORMATION:** Under the Virus-Serum-Toxin Act (21 U.S.C. 151 *et seq.*), a veterinary biological product must be shown to be pure, safe, potent, and efficacious before a veterinary biological product license may be issued. A field test is generally necessary to satisfy prelicensing requirements for veterinary biological products. Prior to conducting a field test on an unlicensed product, an applicant must obtain approval from the Animal and Plant Health Inspection Service (APHIS), as well as obtain APHIS' authorization to ship the product for field testing.

To determine whether to authorize shipment and grant approval for the field testing of the unlicensed product referenced in this notice, APHIS conducted a risk analysis to assess the potential effects of this product on the safety of animals, public health, and the environment. Based on the risk analysis, APHIS has prepared an environmental assessment (EA) concerning the field testing of the following unlicensed veterinary biological product:

*Requester:* Biomune Company.

*Product:* Marek's Disease—Newcastle Disease Vaccine, Serotypes 2, and 3, Live Herpesvirus Vector, Code 1A88.R1.

*Field Test Locations:* Arkansas, California, Delaware, Georgia, Nebraska, Pennsylvania, and Texas.

The above-mentioned product is composed of a genetically modified serotype 3 Marek's disease virus expressing a gene from a lentogenic strain of Newcastle disease virus. The vaccine is for use in chickens as an aid in the prevention of disease caused by Marek's disease virus and Newcastle disease virus.

The EA has been prepared in accordance with: (1) The National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*), (2) regulations of the Council on Environmental Quality for implementing the procedural provision of NEPA (40 CFR parts 1500-1508), (3) USDA regulations implementing NEPA (7 CFR part 1b), and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372).

Unless substantial issues with adverse environmental impacts are raised in response to this notice, APHIS intends to issue a finding of no significant impact (FONSI) based on the EA and authorize shipment of the above product for the initiation of field tests following the close of the comment period for this notice.

Because the issues raised by field testing and by issuance of a license are identical, APHIS has concluded that the EA that is generated for field testing would also be applicable to the proposed licensing action. Provided that the field test data support the conclusions of the original EA and the issuance of a FONSI, APHIS does not intend to issue a separate EA and FONSI to support the issuance of the product license, and would determine that an environmental impact statement need not be prepared. APHIS intends to issue a veterinary biological product license for this vaccine following completion of the field test provided no adverse impacts on the human environment are identified and provided the product meets all other requirements for licensing.

**Authority:** 21 U.S.C. 151-159; 7 CFR 2.22, 2.80, and 371.4.

Done in Washington, DC, this 20th day of April, 2004.

**Kevin Shea,**

*Acting Administrator, Animal and Plant Health Inspection Service.*

## COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

### Procurement List; Addition

**AGENCY:** Committee for Purchase From People Who Are Blind or Severely Disabled.

**ACTION:** Addition to Procurement List.

**SUMMARY:** This action adds to the Procurement List a service to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

**EFFECTIVE DATE:** November 23, 2003.

**ADDRESSES:** Committee for Purchase From People Who Are Blind or Severely Disabled, Jefferson Plaza 2, Suite 10800, 1421 Jefferson Davis Highway, Arlington, Virginia, 22202-3259.

**FOR FURTHER INFORMATION CONTACT:** Sheryl D. Kennerly, (703) 603-7740.

**SUPPLEMENTARY INFORMATION:** On August 22, 2003, the Committee for Purchase From People Who Are Blind or Severely

Disabled published notice (68 FR 50750) of proposed additions to the Procurement List. After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the services and impact of the additions on the current or most recent contractors, the Committee has determined that the service listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

### Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the service to the Government.

2. The action will result in authorizing small entities to furnish the service to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the service proposed for addition to the Procurement List.

### End of Certification

Accordingly, the following service is added to the Procurement List:

#### Service

*Service Type/Location:* Food Service Attendant, Elmendorf Air Force Base, Alaska.

*NPA:* M.C. Resources Management, Anchorage, Alaska.

*Contract Activity:* AF-Elmendorf, Elmendorf AFB, Alaska.

This action does not affect current contracts awarded prior to the effective date of this addition or options that may be exercised under those contracts.
