Mill in New Augusta, MS, and substantially all of the assets of OARC, including OARC's 2.5-mile short line railroad that it currently operates between the Leaf River Pulp Mill and the Canadian National Railway Company interchange. Before the closing of the transaction, Koch will assign to OARLLC its right to acquire the assets of OARC, and, upon the closing of the transaction, OARLLC will acquire and operate OARC's short line railroad.

OARLLC certifies that its projected annual revenues will not exceed those that would qualify it as a Class III rail carrier and will not result in the creation of a Class II or Class I rail carrier.

OARLLC states that it expects to consummate the transaction in the first week of May 2004.

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.
