Background: AC 23.1311-1B, "Installation of Electronic Displays in Part 23 Airplanes," will replace AC 23.1311-1A, "Installation of Electronic Display Instrument Systems in Part 23 Airplanes," dated March 12, 1999. Amendment 23-41, effective November 26, 1990, established airworthiness standards under § 23.1311 for installing electronic display instrument systems in normal, utility, acrobatic, and commuter category airplanes. When the first electronic displays were developed, they replaced conventional electromechanical components. Later designs provided more extensive information integration. Amendment 23-49, effective March 11, 1996, harmonized 14 CFR, part 23, with the Joint Aviation Requirements. The most recent revision to § 23.1311 removed redundant requirements and clarified what secondary instruments are required.

Issued in Kansas City, Missouri on June 16, 2004.

William J. Timberlake,

Acting Manager, Small Airplane Directorate, Aircraft Certification Service.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release property owned by the Cities of Winfield and Arkansas City, Winfield, Kansas, under the provisions of AIR21.

On April 8, 2004, the FAA determined that the request to release property owned by the Cities of Winfield and Arkansas City, Winfield, Kansas, submitted by the Strother Field Commission met the procedural requirements of the Federal Aviation Regulations, Part 155.

The FAA will approve or disapprove the request, in whole or in part, no later than July 30, 2004.

The following is a brief overview of the request.

The Strother Field Commission requests the release of approximately 654 acres of airport property on the West Auxiliary Site, which was acquired through the Surplus Property Act of 1944. Because of this property's distance from the actual location of the airport/industrial park, staff is not able to regularly patrol or inspect this property. The release of the property will allow for the sale of the land to generate revenue for use at the Strother Field Airport/Industrial Park. The Strother
