

## D. INDEX TO ENTRIES THAT MAY AFFECT GOVERNMENT LEVELS

Executive Order 12866 entitled “Regulatory Planning and Review,” signed September 30, 1993 (58 FR 51735), and the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4) direct agencies to assess the effects of Federal regulations on State, local, and tribal governments. In keeping with these efforts, agencies include in their submissions for the Unified Agenda information on whether their regulatory actions have an effect on various levels of government. See also Index E for entries that may have “federalism implications” as defined in Executive Order 13132 entitled “Federalism,” August 4, 1999 (64 FR 43255).

The following index lists the regulatory actions in this publication that agencies believe may have effects on State, local, tribal, or Federal levels of government. The Sequence Number (Seq. No.) of the entry identifies the location of the entry in this edition. For further information, see the Regulatory Information Service Center’s Introduction in part II of this issue.
