BILLING CODE 4810-39-P

DEPARTMENT OF VETERANS AFFAIRS

Cost-of-Living Adjustments and Headstone or Marker Allowance Rate

AGENCY: Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: As required by law, the Department of Veterans Affairs (VA) is hereby giving notice of cost-of-living adjustments (COLAs) in certain benefit rates and income limitations. These

COLAs affect the pension, parents' dependency and indemnity compensation (DIC), spina bifida, and birth defects programs. These adjustments are based on the rise in the Consumer Price Index (CPI) during the one year period ending September 30, 2003. VA is also giving notice of the maximum amount of reimbursement that may be paid for headstones or markers purchased in lieu of Government-furnished headstones or markers in Fiscal Year 2004, which began on October 1, 2003.

DATES: These COLAs are effective December 1, 2003. The headstone or marker allowance rate is effective October 1, 2003.

FOR FURTHER INFORMATION CONTACT: Paul Trowbridge, Consultant, Compensation and Pension Service (212B), Veterans Benefit Administration, Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420, (202) 273-7218.

SUPPLEMENTARY INFORMATION: Under 38 U.S.C. 2306(d), VA may provide reimbursement for the cost of non-Government headstones or markers at a rate equal to the actual cost or the average actual cost of Government-furnished headstones or markers during the fiscal year preceding the fiscal year in which the non-Government headstone or marker was purchased, whichever is less.

Section 8041 of Pub. L. 101-508 amended 38 U.S.C. 2306(d) to eliminate the payment of the monetary allowance in lieu of VA-provided headstone or marker for deaths occurring on or after November 1, 1990. However, in a precedent opinion (O. G. C. Prec. 17-90), VA's General Counsel held that there is no limitation period applicable to claims for benefits under the provisions of 38 U.S.C. 2306(d).

The average actual cost of Government-furnished headstones or markers during any fiscal year is determined by dividing the sum of VA costs during that fiscal year for procurement, transportation, and miscellaneous administration, inspection and support staff by the total number of headstones and markers procured by VA during that fiscal year and rounding to the nearest whole dollar amount.

The average actual cost of Government-furnished headstones or markers for Fiscal Year 2003 under the above computation method was \$112. Therefore, effective October 1, 2003, the maximum rate of reimbursement for non-Government headstones or markers purchased during Fiscal Year 2004 is \$112.

Cost of Living Adjustments

Under the provisions of 38 U.S.C. 5312 and section 306 of Pub. L. 95-588, VA is required to increase the benefit rates and income limitations in the pension and parents' DIC programs by the same percentage, and effective the

same date, as increases in the benefit amounts payable under title II of the Social Security Act. The increased rates and income limitations are also required to be published in the **Federal Register**. The Social Security Administration has announced that there will be a 2.1 percent cost-of-living increase in Social

Security benefits effective December 1, 2003. Therefore, applying the same percentage and rounding up in accordance with 38 CFR 3.29, the following increased rates and income limitations for the VA pension and parents' DIC programs will be effective December 1, 2003:

Parents' DIC

DIC shall be paid monthly to parents of a deceased veteran in the following amounts (38 U.S.C. 1315):

DEPARTMENT OF VETERANS AFFAIRS

Privacy Act of 1974; System of Records

AGENCY: Department of Veterans Affairs (VA).

ACTION: Notice of amendment to system of records.

SUMMARY: As required by the Privacy Act of 1974, 5 U.S.C. 552a(e), notice is hereby given that the Department of Veterans Affairs (VA) is amending the system of records currently entitled "Patient Medical Records-VA" (24VA136) as set forth in the **Federal Register** 56 FR 6048. VA is amending the system by revising the System Number, the System Location, Categories of Records in the System, Routine Uses of Records Maintained in the System, Including Categories of Users and the Purposes of Such Uses, Policies and Practices for Storing, Retrieving, Accessing, Retaining, and Disposing of Records in the System, and System Manager(s) and Address. VA is republishing the system notice in its entirety.

DATES: Comments on the amendment of this system of records must be received no later than May 7, 2004. If no public comment is received, the amended system will become effective May 7, 2004.

ADDRESSES: You may mail or hand-deliver written comments concerning the proposed amended system of records to the Director, Regulations Management (00REG1), Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420; or fax comments to (202) 273-9026; or e-mail comments to "OGCRegulations@mail.va.gov". All relevant material received before May 7, 2004 will be considered. Comments will be available for public inspection at the above address in the Office of Regulations Management, Room 1063B, between the hours of 8 a.m. and 4:30 p.m., Monday through Friday (except holidays).

FOR FURTHER INFORMATION CONTACT: Veterans Health Administration (VHA) Privacy Act Officer, Department of

Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420; telephone (727) 320-1839.

SUPPLEMENTARY INFORMATION: The System number is changed from 24VA136 to 24VA19 to reflect the current organizational alignment.

The System Location is amended to reflect current organization structure with Veterans Integrated Service Network Offices having replaced Regional Director Offices. The System Location is also amended to reflect the transition from maintaining paper medical records to computerized medical records. This includes computerized medical record data stored in the VA Health Data Repository (HDR). The HDR is defined as a repository of clinical information normally residing on one or more independent platforms for use by clinicians and other personnel in support of longitudinal patient-centric care. Data will be organized in a format that supports the clinical decision-making process requisite to patient care, independent of the physical location of that patient information. The key objective of the HDR project is the ability to create a composite, portable, legal medical record that will enable providers to obtain integrated data views (computable views) and acquire the patient-specific clinical information needed to support treatment decisions. Initially, data from existing Veterans Health Information Systems and Technology Architecture (VistA) systems will be used to populate the HDR. Thus, current VistA files (and the service processes using the files) will continue to be used. As VistA files and processes are replaced by commercial off-the-shelf (COTS) applications, data will be mapped from these new locations. The HDR functionality will include notifications, clinical reminders, decision support, and alerts. The HDR will be located at the VA National Data Centers. Addresses of VA facilities are removed from the System Location and can be found in Appendix 1 of the biennial publication of the VA Privacy Act Issuances.

Categories of Records in the System are amended to remove specific titles of VA databases, as these are included in the VA National Database system of records. As of August 1992, paper perpetual medical records, which included the applications(s) for medical benefits, hospital summary(ies), operation report(s), and tissue examinations(s) for all episodes of care, and if applicable, autopsy reports and certain Freedom of Information and Privacy Acts related records, are no
