

the rule by inserting, after the words 'omnibus accounts' in paragraph (a), the phrase 'or where the customer or account controller has instructed otherwise.'" *Id.* at 53514 (emphasis added).

Despite this clear statement of the Commission's intent in the preamble of the adopting **Federal Register** release, the regulatory text neglected to include the words "or account controller," so that it appears that only the customer may direct an FCM to deviate from the default rule requiring closing out of offsetting long and short commodity interest positions. *Id.* at 53517. The same discrepancy between the Commission's clear intention as expressed in the preamble and the regulatory text appears in the proposing release,¹ as well as in earlier releases proposing and adopting the same rule amendment.² The Commission's clear intention to permit account controllers as well as customers to instruct an FCM to hold open an offsetting position is bolstered by the fact that, prior to the rule amendments, the rule contained exceptions that permitted account controllers to make such an instruction, albeit subject to certain conditions. Amendments intended to broaden, simplify and streamline the rule would not further restrict those persons able to take advantage of the ability to deviate from the normal procedure.

The Commission, to eliminate the inadvertent confusion that it may have created in this area, has determined to make a technical amendment to the introductory text of Rule 1.46(a) so that it is clear that an account controller, as well as the customer, may instruct an FCM to hold open offsetting commodity interest positions. Of course, an FCM retains the discretion to refuse to honor any such instruction from a customer or account controller and to apply the general rule of closing out offsetting long and short commodity interest positions on a first-in, first-out basis.

² 66 FR 39008, 39017, 39022 (June 22, 2000) (proposed rules); 66 FR 77993, 78007, 78013 (December 13, 2000) (final rules). Due to the intervening enactment of revisions to the Commodity Exchange Act by the Commodity Futures Modernization Act of 2000 (CFMA), the Commission withdrew almost all of the final rules relating to intermediaries adopted in November 2000, including the amendments to Rule 1.46. Upon further review of the amendments to Rule 1.46 in light of the enactment of the CFMA, the Commission re-proposed and re-adopted the amendments to Rule 1.46 in 2001 without substantive change. Although comments were received on both proposals to amend Rule 1.46, no one pointed out the discrepancy between the preamble and the regulatory text cited above.

Need for Correction

As published, the final rules contain regulatory text that may prove to be misleading and is in need of clarification.

BILLING CODE 7710-12-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[W1117-01-7347a, FRL-7637-2]

Approval and Promulgation of Air Quality Implementation Plans; Wisconsin; Northern Engraving Environmental Cooperative Agreement

AGENCY: Environmental Protection Agency.

ACTION: Direct final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a June 27, 2003, request from Wisconsin to revise its State Implementation Plan (SIP) for a source specific revision for Northern Engraving Corporation (NEC). The Clean Air Act (Act), provides the authority for a state to provide a plan for the implementation, maintenance, and enforcement of the national ambient air quality standards in each air quality control region. The Wisconsin Department of Natural Resources (WDNR) and EPA entered into a memorandum of agreement concerning implementation of a joint cooperative pilot program and agreed to pursue regulatory innovation at two NEC facilities in Holmen, Wisconsin and Sparta, Wisconsin. Since then, the WDNR has amended the agreement to include two additional NEC facilities in Galesville, Wisconsin and West Salem, Wisconsin. Because portions of the Environmental Cooperative Agreement with NEC supercede portions of rules in the Wisconsin SIP, a source-specific SIP revision is required.

DATES: This rule is effective on December 6, 2004, unless EPA receives adverse written comments by November 4, 2004. If EPA receives adverse comments, EPA will publish a timely withdrawal of the rule in the **Federal Register** and inform the public that the rule will not take effect.

ADDRESSES: You may inspect copies of the documents relevant to this action during normal business hours at the following location: United States Environmental Protection Agency Region 5, 77 West Jackson Boulevard, Chicago, Illinois, 60604.
