Rule 19b-4(f)(6) thereunder,<sup>4</sup> which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Amex Rule 950, "Rules of General Applicability," and Amex Rule 950-ANTE, "Rules of General Applicability" to allow ratio orders with certain permissible ratio limits, as defined below, to be executed through the Amex. In addition, the Amex proposes to amend Commentary .01 to Amex Rule 950(d) and Commentary .01 to Amex Rule 950-ANTE(d) to include these types of permissible ratio orders in the same exception to the priority rules that Amex Rule 950(d), Commentary .01, and Amex Rule 950-ANTE(d), Commentary .01, currently provide for spread, straddle, and combination orders.

The text of the proposed rule change appears below. Additions are *italicized*.

## **II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in item IV below. The Amex has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

### *A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

#### 1. Purpose

Amex Rules 950(e) and 950–ANTE(e) list and define several types of orders that are executed through the Amex including, among others, three types of complex orders: Spread orders, combination orders, and straddle orders. The Amex proposes to add certain ratio orders within permissible established limits to the list of orders included in Amex Rules 950(e) and 950–ANTE(e). Proposed Amex Rules 950(e)(v) and 950–ANTE(e)(v) would define a ratio order as either a spread, straddle, or combination order in which the stated number of option contracts to buy (sell) is not equal to the stated number of option contracts to sell (buy), provided that the number of contracts differs by a permissible ratio. Under Amex Rules 950(e)(v) and 950–ANTE(e)(v), a permissible ratio would be any ratio that is equal to or greater than one-to-three (.333) or less than or equal to three-to-one (3.0).

Additionally, the Amex proposes to revise paragraph .01 of the Commentary to both Amex Rules 950(d) and 950–ANTE(d) to include these types of permissible ratio orders so that they may be afforded the same exception to the priority rules that Amex Rules 950(d), Commentary .01, and 950–ANTE(d), Commentary .01, currently provide for spread, straddle, and combination orders.<sup>5</sup> The Amex believes that because ratio orders are slight variations on the types of complex orders currently permitted on the Amex,

<sup>5</sup> This proposed rule is based on Chicago Board Options Exchange, Inc. (“CBOE”) Rule 6.45(e). See Securities Exchange Act Release No. 48858 (December 1, 2003), 68 FR 68128 (December 5, 2003) (order approving File No. SR–CBOE–2003–07) (“CBOE Order”).

it is appropriate to treat ratio orders like spread, straddle, and combination orders for purposes of Amex Rules 950(d), Commentary .01, and 950–ANTE(d), Commentary .01.

Furthermore, the Amex believes that ratio orders within certain permissible ratios may provide market participants with greater flexibility and precision in effectuating trading and hedging strategies. According to the Amex, including ratio orders in the exception to the priority rules provided in Amex Rules 950(d), Commentary .01, and 950–ANTE(d), Commentary .01, serves to reduce the risk of incomplete or inadequate executions while increasing efficiency and competitive pricing by requiring price improvement before an order can receive priority over other orders.

The Amex believes it is important to include the definition of ratio orders within the ANTE rules because, while spreads cannot currently be executed through the ANTE system, the Amex anticipates that such transactions will be executed through the ANTE system in the future. The ANTE rules currently include definitions of spread, straddle, and combination orders and provide for the priority of these orders in certain circumstances. As discussed above, ratio orders are a form of a spread, straddle or combination order, and the Amex believes that in the interest of consistency it is important to update all of the effected rules, which encompass the ANTE rules. The Amex notes that the Commission recently has approved similar rule amendments and revisions for other options exchanges, including permitting ratio orders to have ratios equal to or greater than one-to-three (.333) or less than or equal to three-to-one (3.0).<sup>6</sup>

#### 2. Statutory Basis

The Amex believes that the proposed rule change is consistent with section 6(b) of the Act,<sup>7</sup> in general, and furthers the objectives of section 6(b)(5) of the Act,<sup>8</sup> in particular, in that it is designed to promote just and equitable principles of trade and to remove impediments to and perfect the mechanisms of a free and open market.

### *B. Self-Regulatory Organization’s Statement on Burden on Competition*

The Amex does not believe that the proposed rule change will impose any

burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others*

No written comments were solicited or received with respect to the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The Amex has filed the proposed rule change pursuant to section 19(b)(3)(A) of the Act<sup>9</sup> and subparagraph (f)(6) of Rule 19b-4 thereunder.<sup>10</sup> Because the foregoing proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) does not become operative for 30 days from the date of filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder. As required under Rule 19b-4(f)(6)(iii), the Amex provided the Commission with written notice of its intent to file the proposed rule change at least five business days prior to filing the proposal with the Commission or such shorter period as designated by the Commission.

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
