

on CBOE electronic DPMs ("e-DPMs") under CBOE Rule 8.93(vi).⁵

This proposed rule language would replace an existing DPM obligation under CBOE Rule 8.85(c)(ii), that is more of a generalized statement of the e-DPM obligation. CBOE Rule 8.85(c)(ii) currently requires a DPM to commit to "provid[ing] high quality markets and services and promot[ing] the Exchange as a marketplace to customers and other market participants * * *." The Exchange believes that the proposed new language would provide a more specific statement of what is currently expected of a DPM.

Additionally, the CBOE represents that this proposed new language is consistent with the standards of measurement used by the Exchange in determining whether a DPM is meeting its overall market performance standards. CBOE Rule 8.88 (Review of DPM Operations and Performance) requires the Exchange's Modified Trading System Appointments Committee ("MTS Committee") to conduct an annual review of a DPM's operations and performance. Under CBOE Rule 8.88, the review shall include an evaluation of how a DPM has acted to make the Exchange competitive with other markets trading the same securities as those allocated to the DPM, taking into account the Exchange's market share in those allocated securities. In addition to making the DPM and e-DPM obligations more uniform, this proposal amends CBOE Rule 8.85(c) (Other Obligations) to expressly state that a DPM has the obligation to act to meet the levels of market performance that are currently expected of a DPM and that the MTS Committee currently considers when reviewing a DPM's market performance.

2. Statutory Basis

By clarifying a DPM's obligations and making them more consistent with the obligations required of e-DPMs, the Exchange believes that this proposed rule change, as amended, is consistent with section 6(b) of the Act,⁶ in general, and further the objectives of section 6(b)(5) of the Act,⁷ in particular, in that it should promote just and equitable principles of trade, serve to remove impediments to and perfect the mechanism of a free and open market and a national market system, and protect investors and the public interest.

⁵ See Securities Exchange Act Release No. 50003 (July 12, 2004), 69 FR 43208 (July 19, 2004) (order approving e-DPMs on the Exchange).

⁷ 15 U.S.C. 78f(b)(5).

B. Self-Regulatory Organization's Statement on Burden on Competition

The CBOE does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

(A) By order approve such proposed rule change, or

Pursuant to section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ the Exchange has designated this proposal as establishing

or changing a due, fee, or other charge, which renders the proposed rule change effective immediately upon filing. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its membership dues and fees schedule (the "Fee Schedule"), to bill its floor brokers for certain network and connectivity charges.

The text of the proposed rule change is available upon request at the CHX or the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

CHX floor brokers and their institutional customers use the NYFIX networks to route orders and process trade-related data. These types of networks are becoming an increasingly important tool for floor brokers as the institutional brokerage community continues to increase its use of technology.

Although the Exchange currently pays the network and connectivity charges associated with NYFIX, the Exchange believes that it is appropriate for its floor brokers who use these services to begin paying for a significant percentage of these costs.⁵ Accordingly, the Exchange is proposing to rebill all but a small portion of these network and connectivity charges to the floor brokers who use this technology, based on the

⁵ The Exchange currently rebills its on-floor member firms for other technology-related costs. See e.g., CHX Fee Schedule, Section H (Equipment, Information Services and Technology Charges) (rebilling for telephone charges, access and connection to financial information services or research and analytics providers and execution quality reports prepared by third parties).

proportion of each firm's use of the networks during each month.

At the same time, the Exchange would establish a separate connectivity charge credit, which would provide each floor broker firm that uses the networks with a credit of the firm's share of \$15,000.⁶ This credit allows the Exchange to pay \$15,000 of the floor broker network and connectivity charges each month and to rebill its floor broker firms for the remaining charges.⁷

These fee changes are designed to take effect on October 1, 2004.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(b) of the Act⁸ in general and furthers the objectives of section 6(b)(4) of the Act⁹ in particular in that it provides for the equitable allocation of reasonable dues, fees, and other charges among its members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received written comments with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange asserts that the foregoing proposed rule change has become effective upon filing pursuant to section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(2)¹¹ thereunder because it establishes or changes a due, fee or other charge imposed by the Exchange.

⁶ Each firm's share of the total \$15,000 credit would be based on its percentage of the total monthly earned credits generated by that firm. Earned credits are generated by floor broker firms based, in general terms, on the number of billable shares executed by that floor broker in a given month. See CHX Fee Schedule, Section M(2)(a). The Exchange believes that it is appropriate to calculate the connectivity charge credit in this manner to reward firms that efficiently and effectively use technology to execute trades on the Exchange.

⁷ The Exchange also is proposing to delete an obsolete provision relating to credits for E-Session trading activity. The Exchange ended its E-Session in 2001. See Release No. 34-44705 (August 15, 2001); 66 FR 43939 (August 21, 2001).

¹⁰ 15 U.S.C. 78s(b)(3)(A).

At any time within 60 days of the filing of such rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purpose of the Act.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Over the past several years, NASD has increased in absolute terms the size of the options position and exercise limits as well as the size and scope of available exemptions for "hedged" positions.⁴ These increases, however, have generally required a one-to-one hedge (e.g., one stock option contract must be
