

**DEPARTMENT OF COMMERCE****Submission for OMB Review;  
Comment Request**

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* U.S. Census Bureau.

*Title:* Generic Clearance for MAF & TIGER Update Activities.

*Form Number(s):* Will vary by activity.

*Agency Approval Number:* 0607–0809.

*Type of Request:* Revision of a currently approved collection.

*Burden:* 360 hours.

*Number of Respondents:* 10,800.

*Avg Hours Per Response:* Will vary by activity.

*Needs and Uses:* The Census Bureau requests approval from the Office of Management and Budget (OMB) for an extension of the generic clearance for a number of activities it plans to conduct to update its Master Address File (MAF) and maintain the linkage between the MAF and the Topologically Integrated Geographic Encoding and Referencing (TIGER) database of address ranges and associated geographic information. The Census Bureau plans to use the MAF for post-Census 2000 evaluations, various pre-2010 census tests, and as a sampling frame for the American Community Survey and our other demographic current surveys. In the past, the Census Bureau has built a new address list for each decennial census. The MAF built during Census 2000 is meant to be kept current thereafter, eliminating the need to build a completely new address list for future censuses and surveys. The TIGER is a geographic system that maps the entire country in Census Blocks with applicable address range of living quarter location information. Linking MAF and TIGER allows us to assign each address to the appropriate Census Block, produce maps as needed and publish results at the appropriate level of geographic detail.

The generic clearance for the past three years has proved to be very beneficial to the Census Bureau. The generic clearance allowed us to focus our limited resources on actual operational planning and development of procedures. This extension will be especially beneficial over the upcoming three years by allowing us to focus on the other work involved in evaluating Census 2000, testing new procedures for 2010, and keeping the MAF current.

We will follow the protocol of past generic clearances: We will send a letter

to OMB at least two weeks before the planned start of each activity that gives more exact details, examples of forms, and final estimates of respondent burden. We also will file a year-end summary with OMB after the close of each fiscal year giving results of each activity conducted.

All activities described above directly support the Census Bureau's efforts to update the MAF and the TIGER database on a regular basis so that they will be available for use in conducting and evaluating statistical programs the Census Bureau undertakes on a monthly, annual or periodic basis.

*Affected Public:* Individuals or households; State, local, or Tribal governments.

*Frequency:* Onetime.

*Respondent's Obligation:* Mandatory.

*Legal Authority:* Title 13 U.S.C., sections 141 and 193.

*OMB Desk Officer:* Susan Schechter, (202) 395–5103.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482–0266, Department of Commerce, room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at [dhynek@doc.gov](mailto:dhynek@doc.gov)).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer either by fax (202–395–7245) or e-mail ([susan\\_schechter@omb.eop.gov](mailto:susan_schechter@omb.eop.gov)).

**SUPPLEMENTARY INFORMATION:****I. Abstract**

In response to the European Union Directive on Data Protection that restricts transfers of personal information from Europe to countries whose privacy practices are not deemed “adequate,” the U.S. Department of Commerce has developed a “Safe Harbor” framework that will allow U.S. organizations to satisfy the European Directives requirements and ensure that personal data flows to the United States are not interrupted. In this process, the Department of Commerce repeatedly consulted with U.S. organizations affected by the European Directive and interested non-government organizations. On July 27, 2000, the European Commission issued its decision in accordance with Article 25.6 of the Directive that the Safe Harbor Privacy Principles provide adequate privacy protection. The Safe Harbor framework bridges the differences between the European Union (EU) and U.S. approaches to privacy protection. The complete set of Safe Harbor documents and additional guidance materials may be found at <http://export.gov/safeharbor>.

Once the Safe Harbor was deemed “adequate” by the European Commission on July 27, 2000, the Department of Commerce began working on the requirements that are necessary to put this accord into effect. The European Member States implemented the decision made by the Commission within 90 days. Therefore, the Safe Harbor became operational on November 1, 2000. The Department of Commerce created a list for U.S. organizations to sign up to the Safe

Harbor and provided guidance on the mechanics of signing up to this list. As of January 28, 2004, 448 U.S. organizations have been placed on the Safe Harbor List, located at <http://export.gov/safeharbor>. Organizations that have signed up to this list are deemed "adequate" under the Directive and do not have to provide further documentation to European officials. This list will be used by EU organizations to determine whether further information and contracts will be needed for a U.S. organization to receive personally identifiable information. This list is necessary to make the Safe Harbor accord operational, and was a key demand of the Europeans in agreeing that the Principles were providing "adequate" privacy protection. The Safe Harbor provides a number of important benefits to U.S. firms. Most importantly, it provides predictability and continuity for U.S. organizations that receive personal information from the European Union. Personally identifiable information is defined as any that can be identified to a specific person, for example an employee's name and extension would be considered personally identifiable information. All 15 member countries are bound by the European Commission's finding of "adequacy". The Safe Harbor also eliminates the need for prior approval to begin data transfers, or makes approval from the appropriate EU member countries automatic. The Safe Harbor principles offer a simpler and cheaper means of complying with the adequacy requirements of the Directive, which should particularly benefit small and medium enterprises.

The decision to enter the Safe Harbor is entirely voluntary. Organizations that decide to participate in the Safe Harbor must comply with the safe harbors requirements and publicly declare that they do so. To be assured of Safe Harbor benefits, an organization needs to reaffirm its self-certification annually to the Department of Commerce that it agrees to adhere to the safe harbor's requirements, which includes elements such as notice, choice, access, data integrity, security and enforcement. This list will be most regularly used by European Union organizations to determine whether further information and contracts will be needed by a U.S. organization to receive personally identifiable information. It will be used by the European Data Protection Authorities to determine whether a company is providing "adequate" protection, and whether a company has requested to cooperate with the Data

Protection Authority. This list will be accessed when there is a complaint logged in the EU against a U.S. organization. This will be on a monthly basis. It will be used by the Federal Trade Commission and the Department of Transportation to determine whether a company is part of the Safe Harbor. This will be accessed if a company is practicing "unfair and deceptive" practices and has misrepresented itself to the public. It will be used by the Department of Commerce and the European Commission to determine if organizations are signing up to the list. This list is updated on a regular basis.

## II. Method of Collection

The self-certification form is provided via the Internet at <http://export.gov/safeharbor> and by mail to requesting U.S. firms.

## III. Data

*OMB Number:* 0625-0239.

*Form Number:* N/A.

*Expiration Date:* 5/31/04.

*Type of Review:* Regular submission.

*Affected Public:* Business or other for-profit organizations.

*Estimated Number of Respondents:* 500.

*Estimated Time Per Response:* 20 minutes—website; 40 minutes—letter.

*Estimated Total Annual Burden*

*Hours:* 400 hours.

*Estimated Total Annual Costs to Public:* \$20,000.

## IV. Request for Comments

*Comments are invited on:* (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and costs) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

Title V of the Trade and Development Act of 2000 ("the Act") as amended by the Trade Act of 2002 contains several provisions to assist the wool products industries. These include the establishment of tariff rate quotas (TRQ) for a limited quantity of worsted wool fabrics. The Act requires the President to fairly allocate the TRQ to persons who cut and sew men's and boys' worsted wool suits and suit like jackets and trousers in the United States, and who apply for an allocation based on the amount of suits they produce in the prior year. The Act further requires the President, on an annual basis, to consider requests from the manufacturers of the apparel products listed above, to modify the limitation on the quantity of imports subject to the TRQ. The Act specifies factors to be addressed in considering such requests.
