### Federal Aviation Administration

#### Notice of Intent To Rule on Application 04-16-C-00-CHO To Impose and Use the Revenue From a Passenger Facility Charge (PFC) at Charlottesville-Albemarle Airport, Charlottesville, VA

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of intent to rule on application.

**SUMMARY:** The FAA proposes to rule and invites public comment on the application to impose and use the revenue from a PFC at Charlottesville-Albemarle Airport (CHO) under the provisions of the 49 U.S.C. 40117 and part 158 of the Federal Aviation Regulations (14 CFR part 158).

**DATES:** Comments must be received on or before November 18, 2004.

**ADDRESSES:** Comments on this application may be mailed or delivered in triplicate to the FAA at the following address: Washington Airports District Office, 23723 Air Freight Lane, Suite 210, Dulles, Virginia 20166.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. Bryan O. Elliott, Executive Director, Charlottesville-Albemarle Airport of the Charlottesville-Albemarle Airport Authority at the following address: Charlottesville-Albemarle Airport Authority, Charlottesville-Albemarle Airport, 201 Bowen Loop Road, Suite 200, Charlottesville, Virginia 24012-1148.

Air carriers and foreign air carriers may submit copies of written comments previously provided to the public agency full name under § 158.23 of part 158.

**FOR FURTHER INFORMATION CONTACT:** Mr. Terry J. Page, Manager, Washington Airports District Office, 23723 Air Freight Lane, Suite 210, Dulles, Virginia 20166, Telephone: (703) 661-1354.

The application may be reviewed in person at this same location.

**SUPPLEMENTARY INFORMATION:** The FAA proposes to rule and invites public comment on the application to impose and use the revenue from a PFC at Charlottesville-Albemarle Airport under

the provisions of the 49 U.S.C. 40117 and part 158 of the Federal Aviation Regulations (14 CFR part 158).

On October 12, 2004, the FAA determined that the application to impose and use the revenue from a PFC submitted by Charlottesville-Albemarle Airport Authority was substantially complete within the requirements of § 158.25 of part 158. The FAA will approve or disapprove the application, in whole or in part, no later than December 22, 2004.

The following is a brief overview of the application.

*Proposed charge effective date:*

August 1, 2007.

*Proposed charge expiration date:*

August 1, 2015.

*Level of the proposed PFC:* \$4.50.

*Total estimated PFC revenue:*

\$5,499,286.

*Brief description of proposed project(s):* Air Carrier Debt Service; Rehabilitate and Expand General Aviation parking Apron; Rehabilitate Air Carrier Apron; Project Administration Fees.

*Level of the proposed PFC:* \$4.50.

Class or classes of air carriers which the public agency has requested not be required to collect PFCs: Air Tax/Commercial Operators (ATCO) required to file FAA form 1800-31.

Any person may inspect the application in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT** and at the FAA regional Airports office located at: Federal Aviation Administration, Eastern Region, 1 Aviation Plaza, Jamaica, New York 11434-4809.

In addition, any person may, upon request, inspect the application, notice and other documents germane to the application in person at the Charlottesville-Albemarle Airport Authority.

Issued in Dulles, Virginia on October 12, 2004.

**Terry J. Page,**

*Manager, Washington Airports District Office, Eastern Region.*

### Federal Aviation Administration

#### Notice of Intent to Rule on Application 04-07-C-00-JNU to Impose and Use the Revenue From a Passenger Facility Charge (PFC) at Juneau International Airport, Juneau, Alaska

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of intent to rule on application.

**SUMMARY:** The FAA proposes to rule and invites public comment on the application to impose and use the revenue from a PFC at Juneau International Airport under the provisions of the 49 U.S.C. 40117 and Part 158 of the Federal Aviation Regulations (14 CFR Part 158).

**DATES:** Comments must be received on or before November 18, 2004.

**ADDRESSES:** Comments on this application may be mailed or delivered in triplicate to the FAA at the following address: Byron K. Huffman, Manager, Alaskan Region Airports Division, 222 West 7th Avenue, Box 14, Anchorage, AK 99513. In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. Allan A. Heese, Airport Manager, of the Juneau International Airport at the following address: Juneau International Airport, 1873 Shell Simmons Drive, Juneau, AK 99801.

Air carriers and foreign air carriers may submit copies of written comments previously provided to the Juneau International Airport under section 158.23 of Part 158.

**FOR FURTHER INFORMATION CONTACT:** James Lomen, Programming Specialist, Alaskan Region Airports Division, AAL-610, 222 W 7th Avenue, Box 14, Anchorage, AK 99513, (907) 271-5816. The application may be reviewed in person at this same location.

**SUPPLEMENTARY INFORMATION:** The FAA proposes to rule and invites public comment on the application to impose and use the revenue from a PFC at Juneau International Airport under the provisions of the 49 U.S.C. 40117 and Part 158 of the Federal Aviation Regulations (14 CFR Part 158).

On October 5, 2004, the FAA determined that the application to impose and use the revenue from a PFC submitted by the City and Borough of Juneau, Juneau International Airport, Juneau, Alaska was substantially complete within the requirements of § 158.25 of Part 158. The FAA will approve or disapprove the application, in whole or in part, no later than January 5, 2005.

The following is a brief overview of the application.

*Proposed charge effective date:*

January 1, 2005.

*Proposed charge expiration date:*

November 30, 2009.

*Level of proposed PFC:* \$4.50.

*Total estimated PFC revenue:*

\$4,706,313.

*Brief description of proposed projects:*

*Projects To Impose and Use:* Airport Improvement Program matching funds for: Equipment purchase AIP-35 (Snow Brooms, Skidsteer, Command Vehicle, Chemical Truck); Departure Area Security Improvements (AIP-36); Security Upgrades and Equipment Phase 2 (AIP-38); Rehabilitate Airport Main Entrance Road; Expand Terminal Building—Feasibility Study/Planning; Construct Taxiway Extensions C1, W2; Acquire Airside Vehicles & Equipment; Construct Delta-1 Ramp Expansion; Acquire Security Vehicle, and Rehabilitate West GA Area Paving. Full project funding for: Purchase of snow removal support vehicle (unit 4) and Purchase Land for Airport Expansion.

*Impose-Only Project:* Wildlife Hazard Management Plan Implementation, Phase 1.

Class or classes of air carriers which the public agency has requested not be required to collect PFCs: None.

Any person may inspect the application in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT** and at the FAA regional Airports office located at: 222 W 7th Avenue, Anchorage, AK.

In addition, any person may, upon request, inspect the application, notice and other documents germane to the application in person at Juneau International Airport, 1873 Shell Simmons Drive, Juneau, AK.

Issued in Anchorage, Alaska, on October 6, 2004.

**Byron K. Huffman,**

*Manager, Airports Division, Alaskan Region.*

## DEPARTMENT OF TRANSPORTATION

### Federal Railroad Administration

[Docket No. FRA-2000-7257; Notice No. 33]

#### Railroad Safety Advisory Committee (RSAC); Working Group Activity Update

**AGENCY:** Federal Railroad Administration (FRA), Department of Transportation (DOT).

**ACTION:** Announcement of Railroad Safety Advisory Committee (RSAC) Working Group Activities.

**SUMMARY:** The FRA is updating its announcement of RSAC's working group activities to reflect its current status. For additional details on completed activities see prior working group activity notices (68 FR 25677).

**FOR FURTHER INFORMATION CONTACT:** Patricia Butera, RSAC Coordinator,

FRA, 1120 Vermont Avenue, NW., Mailstop 25, Washington, DC 20590, (202) 493-6212 or Grady Cothen, Acting Associate Administrator for Safety, FRA, 1120 Vermont Avenue, NW., Mailstop 25, Washington, DC 20590, (202) 493-6302.

**SUPPLEMENTARY INFORMATION:** This notice serves to update FRA's last announcement of working group activities and status reports of May 3, 2004, (69 FR 24219). The 24th full Committee meeting was held September 22, 2004.

Since its first meeting in April of 1996, the RSAC has accepted eighteen tasks. Status for each of the tasks is provided below:

#### Open Tasks

*Task 96-4*—Reviewing the appropriateness of the agency's current policy regarding the applicability of existing and proposed regulations to tourist, excursion, scenic, and historic railroads. This Task was accepted on April 2, 1996, and a Working Group was established. The Working Group monitored the steam locomotive regulations task. Planned future activities involve the review of other regulations for possible adaptation to the safety needs of tourist and historic railroads. Contact: Grady Cothen (202) 493-6302.

*Task 97-1*—Developing crashworthiness specifications to promote the integrity of the locomotive cab in accidents resulting from collisions. This Task was accepted on June 24, 1997. On April 14, 2004, RSAC reached consensus on the Notice of Proposed Rulemaking (NPRM). The NPRM is pending review within the Executive Branch. The NPRM is a new standard to increase the crashworthiness of conventional wide- and narrow-nose locomotives and codifies requirements for monocoque locomotives. Contact: Charles Bielitz (202) 493-6314.

*Task 97-2*—Evaluating the extent to which environmental, sanitary, and other working conditions in locomotive cabs affect the crew's health and the safe operation of locomotives, proposing standards where appropriate. This Task was accepted June 24, 1997.

(Sanitation) (Completed)

(Noise exposure) On June 27, 2003, the full RSAC gave consensus by ballot on the NPRM. The NPRM was published in the **Federal Register** on June 23, 2004. The comment period ended September 21, 2004. The FRA is reviewing the comments.

(Cab Temperature) (Completed)

**Note:** Additional related topics such as vibration may be considered by the Working

Group in the future. Contact: Jeffrey Horn (202) 493-6283.

*Task 97-3*—Developing event recorder data survivability standards. This Task was accepted on June 24, 1997. On November 12, 2003, the RSAC gave consensus by ballot on the NPRM. The NPRM was published on June 30, 2004. A public hearing was held September 30, and the comment period was extended until October 11. Contact: Edward Pritchard (202) 493-6247.

*Task 97-4* and *Task 97-5*—Defining Positive Train Control (PTC) functionalities, describing available technologies, evaluating costs and benefits of potential systems, and considering implementation opportunities and challenges, including demonstration and deployment.

*Task 97-6*—Revising various regulations to address the safety implications of processor-based signal and train control technologies, including communications-based operating systems. These three tasks were accepted on September 30, 1997, and assigned to a single Working Group.

(Report to the Administrator) A Data and Implementation Task Force, formed to address issues such as assessment of costs and benefits and technical readiness, completed a report on the future of PTC systems. The report was accepted as RSAC's Report to the Administrator at the September 8, 1999, meeting. The FRA enclosed the report with a letter to Congress signed May 17, 2000.

(Regulatory development) The Standards Task Force, formed to develop PTC standards, assisted in developing draft recommendations for performance-based standards for processor-based signal and train control systems. The NPRM was approved by consensus at the full RSAC meeting held on September 14, 2000. The NPRM was published in the **Federal Register** on August 10, 2001. A meeting of the Working Group was held December 4-6, 2001, in San Antonio, Texas, to formulate recommendations for resolution of issues raised in the public comments. Agreement was reached on most issues raised in the comments. A meeting was held May 14-15, 2002, in Colorado Springs, Colorado, at which the Working Group approved creation of teams to further explore the "base case" issue. Briefing of the full RSAC on the "base case" issue was completed on May 29, 2002, and consultations continued within the working group. The full Working Group met October 22-23, 2002, and again March 4-6, 2003. Resolution of the remaining issues was considered by the Working Group
