Honey From the People's Republic of China: Extension of Time Limit for Preliminary Results of Antidumping Duty New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit for preliminary results of antidumping duty new shipper review.

EFFECTIVE DATE: January 14, 2004.

FOR FURTHER INFORMATION CONTACT:

Angelica Mendoza or Dena Aliadinov or Brandon Farlander at (202) 482-3019 or (202) 482-3362 or (202) 482-0182, respectively; Antidumping and Countervailing Duty Enforcement Group III, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

The Department received timely requests from Cheng Du Wai Yuan Bee Products Co., Ltd. (Wai Yuan) and Jinfu Trading Co., Ltd. (Jinfu), in accordance

with 19 CFR 351.214(c), for new shipper reviews of the antidumping duty order on honey from the People's Republic of China (PRC), which has a December annual anniversary month and a June semiannual anniversary month. See *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order; Honey from the People's Republic of China*, 68 FR 63670 (December 10, 2001). On July 31, 2003, the Department found that the requests for review met all the regulatory requirements set forth in section 351.214(b) of the Department's regulations and initiated this new shipper antidumping review covering the period December 1, 2002 through May 31, 2003. See *Honey from the People's Republic of China: Initiation of New Shipper Antidumping Reviews*, 68 FR 47537 (August 11, 2003). The preliminary results are currently due no later than January 27, 2004.

Extension of Time Limits for Preliminary Results

Section 751(a)(2)(B)(iv) of the Act and section 351.214(i)(1) of the regulations require the Department to issue the preliminary results of a new shipper review within 180 days after the date on which the new shipper review was initiated, and final results of review within 90 days after the date on which the preliminary results were issued. The Department may, however, extend the deadline for completion of the preliminary results of a new shipper review to 300 days if it determines that the case is extraordinarily complicated. The Department has determined that this case is extraordinarily complicated, and the preliminary results of this new shipper review cannot be completed within the statutory time limit of 180 days. Specifically, the Department needs additional time to research the appropriate surrogate values used to value raw honey. Moreover, the Department is also researching whether the sales that form the basis of the review request are bona fide sales. In this regard, the Department has issued supplemental questionnaires requesting additional information about the bona fides of the sales under review. Given the issues in this case, the Department finds that this case is extraordinarily complicated, and cannot be completed within the statutory time limit.

Accordingly, the Department is fully extending the time limit for the completion of the preliminary results by 120 days, to May 26, 2004, in accordance with section 751(a)(2)(B)(iv) of the Act and 351.214(i)(2) of the Department's regulations. The final results will in turn be due 90 days after

the date of issuance of the preliminary results, unless extended.

Dated: January 8, 2004.

Joseph A. Spetrini,

Deputy Assistant Secretary for Import Administration, Group III.

Certain Softwood Lumber Products from Canada: Extension of the Time Limit for the Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: January 14, 2004.

FOR FURTHER INFORMATION CONTACT:

Constance Handley at (202) 482-0631 or David Layton at (202) 482-0371, Office 5, AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department of Commerce (the Department) to complete the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order/finding for which a review is requested and the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary results to a maximum of 365 days after the last day of the anniversary month of an order/finding for which a review is requested, and for the final results to 180 days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of publication of the preliminary results.

Background

On May 1, 2003, the Department published a notice of opportunity to request the first administrative review of this order. See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 68

FR 23281 (May 1, 2003). On May 30, 2003, in accordance with 19 CFR 351.213(b), the Coalition for Fair Lumber Imports Executive Committee (the petitioner) requested a review of producers/exporters of certain softwood lumber products. Also, between May 7, and June 2, 2003, Canadian producers requested a review on their own behalf or had a review of their company requested by a U.S. importer.

On July 1, 2003, the Department of Commerce (the Department) published a notice of initiation of administrative review of the antidumping duty order on certain softwood lumber products from Canada, covering the period May 22, 2002, through April 30, 2003. See *Notice of Initiation of Antidumping Duty Administrative Review*, 68 FR 39059 (July 1, 2003). The preliminary results are currently due no later than February 2, 2004.

Extension of Time Limit for Preliminary Results of Review

We determine that it is not practicable to complete the preliminary results of this review within the original time limit due to a number of complex issues which must be addressed prior to the issuance of those results. For example, the Department must analyze the complex corporate structures and affiliations of the eight respondents in this review, including affiliated mills and other entities both in Canada and the United States. In addition, the Department must evaluate and address a myriad of issues pertaining to the allocation of production costs and the calculation of adjustments for differences in merchandise. Further, the Department needs to evaluate and resolve the complicated issue involving treatment of random length tally sales, which are defined as sales which contain multiple lengths, for which a blended (*i.e.* average) price has been reported by the respondents. Finally, as is our practice, the Department intends to conduct verification of the eight respondents prior to the issuance of the preliminary results. We estimate that the sales and cost of production verifications will take approximately two months to complete.

Accordingly, the Department is extending the time limit for completion of the preliminary results of this administrative review until no later than June 1, 2004. We intend to issue the final results no later than 120 days after publication of the preliminary results notice.

Dated: January 8, 2004.

Holly Kuga,

Acting Deputy Assistant Secretary for AD/CVD Enforcement II.
