

U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for extension of the currently approved collection. The ICR describes the nature of the information collection and the expected burden. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on August 11, 2003, pages 47628–47629.

DATES: Comments must be submitted on or before May 6, 2004. A comment to OMB is most effective if OMB receives it within 30 days of publication.

FOR FURTHER INFORMATION CONTACT: Judy Street on (202) 267–9895.

SUPPLEMENTARY INFORMATION:

Federal Aviation Administration (FAA)

Title: Pilot Records Improvement Act of 1996.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 2120–0607.

Form(s): FAA Forms 8060–10, 8060–10A, 8060–11, 8060–11A, Authorization for Release of DOT Drug and Alcohol Testing Records.

Affected Public: A total of 16,514 pilots.

Abstract: Title 49 USC Section 4436(f) mandates that airlines must obtain safety records of prospective employees from the FAA and from previous employers.

Estimated Annual Burden Hours: An estimated 41,741 hours annually.

ADDRESSES: Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention FAA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimates of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued in Washington, DC on March 29, 2004.

Judith D. Street,

FAA Information Collection Clearance Officer, Standards and Information Division, APF–100.

Agency Information Collection Activity Under OMB Review

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for extension of the currently approved collection. The ICR describes the nature of the information collection and the expected burden. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on December 17, 2004, page 70861.

DATES: Comments must be submitted on or before May 6, 2004. A comment to OMB is most effective if OMB receives it within 30 days of publication.

FOR FURTHER INFORMATION CONTACT: Judy Street on (202) 267–9895.

SUPPLEMENTARY INFORMATION:

Federal Aviation Administration (FAA)

Title: FAA Flight Standards Customer Satisfaction Survey.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 2120–0568.

Form(s): NA.

Affected Public: A total of 5,400 pilots.

Abstract: The FAA has initiated customer service surveys throughout the agency, requiring that every element have contact with their customers to assure that their needs are being met and that service is improved. At the request of the FAA, the Flight Standards office (AFS) is planning to conduct a targeted survey of general aviation pilots to measure the change in their use of and satisfaction with the FAA-sponsored Safety Seminar Program.

Estimated Annual Burden Hours: An estimated 585 hours annually.

ADDRESSES: Send comments to the Office of Information and Regulatory

Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention FAA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimates of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued in Washington, DC, on March 29, 2004.

BILLING CODE 4910–13–M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Environmental Impact Statement: Louis Armstrong New Orleans International Airport, New Orleans, LA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent.

SUMMARY: The FAA is issuing this notice to advise the public that the FAA has revised the Purpose and Need for the Environmental Impact Statement (EIS) currently being prepared and considered for a proposed new air carrier runway and a taxiway conversion to a general aviation runway at Louis Armstrong New Orleans International Airport, New Orleans, Louisiana.

The original purpose of the proposed new air carrier runway project was provided in a Notice of Intent published in the **Federal Register** on November 28, 2000, stating the existing north-south Runway 1/19 does not provide full instrument capabilities, nor is it feasible to expand the runway to meet design standards to provide these capabilities because of its proximity to Airport Access Road and the Interstate 10 overpass. While the proposed runway is to provide the capacity to meet near-term forecast peak-period demands when the airport is experiencing low visibility, it would also provide capacity to meet longer-term demands during all

weather conditions. Some of the alternatives considered are the no action, north/south parallel to existing Runway 1/19, as well as an 8 degree canted north/south alignment. Also included in the alternatives analysis will be the consideration of a proposed new Regional airport. The revised purpose and need for the proposed new air carrier runway is to provide the City of New Orleans and the New Orleans Aviation Board with the long-term option of taking steps necessary to protect a site for a new air carrier runway.

The purpose and need for the taxiway conversion to a general aviation runway, as reported in the **Federal Register** on November 28, 2000, has not changed. The conversion of the east-west Taxiway G to a runway is intended to serve general aviation (GA) aircraft using the recently constructed northside facilities, allowing air traffic controller separation of lower-speed GA aircraft from higher performance aircraft. The alternatives being considered are the no action; the proposed taxiway to runway conversion, and others that will be identified in the EIS study.

FOR FURTHER INFORMATION CONTACT:

Joyce M. Porter, Environmental Specialist, Federal Aviation Administration, Southwest Regional Office, Fort Worth, Texas 76193-0640. Telephone (817) 222-5640.

SUPPLEMENTARY INFORMATION: The FAA, in cooperation with the City of New Orleans and the New Orleans Aviation Board, will prepare an EIS for the proposed projects. The City of New Orleans and the New Orleans Aviation Board propose to construct a new air carrier runway, 8,000 ft. long and 150 ft wide, and its associated taxiways when the operational forecasts at the airport demonstrate the need for such a runway. The conversion of an east/west taxiway into a parallel Visual Flight Rule general aviation runway, 6,731 ft long and 100 ft. wide, and construction of a new parallel taxiway; and redesignate the existing runway 6/24 to a taxiway is determined to be needed in the near-term. The FAA intends to provide notification of the revised purpose and need to the public, interested parties, and Federal, state, and local agencies through the EIS Web site, the EIS Newsletter, this revised NOI, and through notices placed in local newspapers. Any additional comments can be mailed to the attention of Joyce M. Porter at the above address.

Issued on: March 23, 2004.

Naomi L. Saunders,

Manager, Airports Division.

Federal Aviation Administration

Notice of Intent To Rule on Application To Impose and Use the Revenue From a Passenger Facility Charge (PFC) at Raleigh-Durham International Airport, Raleigh, NC

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent to rule on application.

SUMMARY: The FAA proposes to rule and invites public comment on the application to impose and use the revenue from a PFC at Raleigh-Durham International Airport under the provisions of the Aviation Safety and Capacity Expansion Act of 1990 (Title IX of the Omnibus Budget Reconciliation Act of 1990) (Pub. L. 101-508) and part 158 of the Federal Aviation Regulations (14 CFR part 158).

DATES: Comments must be received on or before May 6, 2004.

ADDRESSES: Comments on this application may be mailed or delivered in triplicate to the FAA at the following address: Atlanta Airports District Office, 1701 Columbia Avenue, Suite 2-260, College Park, Georgia.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to John C. Brantley, III, Airport Director, of the Raleigh-Durham Airport Authority at the following address: 1000 Trade Drive, Post Office Box 80001, Raleigh, NC 27623.

Air carriers and foreign air carriers may submit copies of written comments previously provided to the Raleigh-Durham Airport Authority under section 158.23 of part 158.

FOR FURTHER INFORMATION CONTACT:

Tracie D. Kleine, Program Manager, Atlanta Airports District Office, 1701 Columbia Avenue Suite 2-260, College Park, Georgia 30337, (404) 305-7148. The Application may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA proposes to rule and invites public comment on the application to impose and use the revenue from a PFC at Raleigh-Durham International Airport under the provisions of the Aviation Safety and Capacity Expansion Act of 1990 (Title IX of the Omnibus Budget

Reconciliation Act of 1990) (Pub. L. 101-508) and part 158 of the Federal Aviation Regulations (14 CFR part 158).

On March 25, 2004, the FAA determined that the application to impose and use the revenue from a PFC submitted by Raleigh-Durham Airport Authority was substantially complete within the requirements of section 158.25 of part 158. The FAA will approve or disapprove the application, in whole or in part, no later than June 26, 2004.

The following is a brief overview of the application.

PFC Application No.: 04-02-C-00-RDU.

Level of the proposed PFC: \$4.50.

Proposed charge effective date:

October 1, 2004.

Proposed charge expiration date: August 1, 2028.

Total estimated net PFC revenue: \$595,223,253.

Brief description of proposed project(s):

Impose and Use:

- Terminal C Renovation and Expansion Project

- PFC Application Development

Class or classes of air carriers which the public agency has requested not be required to collect PFCs: Non-Scheduled/On-Demand Air Carriers.

Any person may inspect the application in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**.

In addition, any person may, upon request, inspect the application, notice and other documents germane to the application in person at the Raleigh-Durham Airport Authority.

Issued in College Park, Georgia, on March 25, 2004.

Scott L. Seritt,

Manager, Atlanta Airports District Office, Southern Region.
