

70123-2394, Mr. Joseph Christopher, telephone (504) 736-2774.

SUPPLEMENTARY INFORMATION: Proposed WPA Lease Sale 192 is the third WPA lease sale scheduled in the *Outer Continental Shelf Oil and Gas Leasing Program: 2002-2007* (5-Year Program). The Multisale EIS analyzed the effects of a typical lease sale by presenting a set of ranges for resource estimates, project exploration and development activities, and impact-producing factors for any of the proposed WPA lease sales. The level of activities projected for proposed Lease Sale 192 falls within these ranges. No new significant impacts were identified for proposed Lease Sale 192 that were not already assessed in the Multisale EIS. As a result, MMS determined that a supplemental EIS is not required and prepared a Finding of No New Significant Impact.
