SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

You may submit comments concerning this application. All comments received will be posted, without change, to <http://dms.dot.gov> and will include any personal information you have provided. We have an agreement with the Department of Transportation (DOT) to use their Docket Management Facility. Please see DOT's "Privacy Act" paragraph below.

Submitting comments: If you submit a comment, please include your name and address, identify the docket number for this rulemaking (USCG-2004-16860), indicate the specific section of this document to which each comment applies, and give the reason for each comment. You may submit your comments and material by electronic means, mail, fax, or delivery to the Docket Management Facility at the address under **ADDRESSES**; but please submit your comments and material by only one means. If you submit them by mail or delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit them by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope.

Viewing comments and documents: To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://dms.dot.gov> at any time and conduct a simple search using the docket number. You may also visit the Docket Management Facility in room PL-401 on the Plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Privacy Act: Anyone can search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review the Department of Transportation's Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477), or you may visit <http://dms.dot.gov>.

Receipt of application; determination. On November 3, 2003, the Coast Guard and MARAD received an application from Gulf Landing LLC ("Gulf Landing"), 1301 McKinney, Suite 700, Houston, Texas 77010 for all Federal authorizations required for a license to own, construct and operate a deepwater port off the coast of Louisiana.

Supplemental information was furnished at our request on December 12, 2003. On January 5, 2004, we determined that the application contains all information required by the Deepwater Port Act. The application and related documentation supplied by the applicant (except for certain protected information specified in 33 U.S.C. 1513) may be viewed in the public docket (*see ADDRESSES*).

Background. According to the Deepwater Port Act of 1974, as amended (the Act; 33 U.S.C. 1501 *et seq.*), a deepwater port is a fixed or floating manmade structure other than a vessel, or a group of structures, located beyond State seaward boundaries and used or intended for use as a port or terminal for the transportation, storage, and further handling of oil or natural gas for transportation to any State.

A deepwater port must be licensed, and the Act provides that a license applicant submit detailed plans for its facility to the Secretary of Transportation, along with its application. The Secretary has delegated the processing of deepwater port applications to the Coast Guard and MARAD. The Act allows 21 days following receipt of the application to determine if it contains all required information. If it does, we must publish a notice of application in the **Federal Register** and summarize the plans. This notice is intended to meet those requirements of the Act and to provide general information about the procedure that will be followed in considering the application.

Application procedure. The application is considered on its merits. Under the Act, we must hold at least one public hearing within 240 days from the date this notice is published. A separate **Federal Register** notice will be published to notify interested parties of any public hearings that are held. At least one public hearing must be held in each adjacent coastal state. Pursuant to 33 U.S.C. 1508, we designate Louisiana as an adjacent coastal state for this application. Other states may apply for adjacent coastal state status in accordance with 33 U.S.C. 1508 (a)(2). After the last public hearing, Federal agencies have 45 days in which to comment on the application, and approval or denial of the application must follow within 90 days of the last public hearing. Details of the application process are described in 33 U.S.C. 1504 and in 33 CFR part 148.

Summary of the application. The application plan calls for construction of a deepwater port and associated anchorages in an area situated in the Gulf of Mexico, approximately 38 miles

south of Cameron, Louisiana in South Cameron Block 213, in water depth of approximately 55 feet, and adjacent to an existing shipping fairway servicing the Calcasieu River and area ports.

Gulf Landing's terminal would be capable of storing up to 180,000 cubic meters of LNG and vaporizing up to 1.2 billion cubic feet per day. Gulf Landing proposes to construct, own, and operate up to 5 takeaway pipelines that would interconnect with existing natural gas pipelines located in the Gulf of Mexico. Gas would then be delivered to the onshore national pipeline grid for delivery to any consumption market east of the Rockies.

The project would consist of two concrete gravity base structures (GBSs) housing the LNG containment facilities, along with topside unloading and vaporization structures, living quarters, and a ship berthing system.

The terminal would be able to receive LNG carriers between 125,000 and 160,000 cubic meter capacities and unload up to 135 LNG carriers per year. LNG carrier arrival frequency would be planned to match specified terminal gas delivery rates. All marine systems, communication, navigation aids and equipment necessary to conduct safe LNG carrier operations and receiving of product during specified atmospheric and sea states would be provided at the port.

The regasification process would consist of lifting the LNG from storage tanks, pumping the cold liquid to pipeline pressure, subsequent vaporization across heat exchanging equipment and, finally, send-out through custody transfer metering to the gas pipeline network. No gas conditioning is required for the terminal since the incoming LNG would be pipeline quality.

Five offshore interconnector pipelines, ranging from 16 to 36 inches in diameter, would be constructed and would traverse a combined 65.7 nautical miles. Each pipeline would transport gas from the terminal to an existing transmission pipeline where it would deliver the gas to the onshore U.S. gas pipeline network. On average, Gulf Landing expects the terminal would vaporize and deliver 1 billion cubic feet per day (Bcfd) of natural gas to the pipelines, with a peak daily send out rate of 1.2 Bcfd.

Dated: January 12, 2004.

Joseph J. Angelo,

Director of Standards, Marine Safety, Security, and Environmental Protection, Coast Guard.

Raymond R. Barberesi,

Director, Office of Ports and Domestic Shipping, U.S. Maritime Administration.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4878-N-02]

Notice of Guidance to Federal Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons Extension of Public Comment Period

AGENCY: Office of the Assistant Secretary for Fair Housing and Equal Opportunity, HUD.

ACTION: Notice.

SUMMARY: On December 19, 2003, HUD published a proposed "Guidance to Federal Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (LEP Guidance) as required by Executive Order 13166, that addresses efforts recipients of federal financial assistance must make to serve persons with limited English proficiency. The proposed LEP Guidance solicited public comments for a period of 30 days, providing for a comment due date of January 20, 2004. Because of the significant public interest that the proposed rule has generated, HUD is extending the public comment period by an additional 14 days.

DATES: *Comment Due Date:* Comments on HUD's December 19, 2003, proposed LEP Guidance are due on or before February 5, 2004.

ADDRESSES: Interested persons are invited to submit comments regarding the proposed guidance to the Rules Docket Clerk, Office of General Counsel, Room 10276, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410-0500. Communications should refer to the above docket number and title. Facsimile (FAX) comments are not acceptable. A copy of each communication submitted will be available for public inspection and copying between 7:30 a.m. and 5:30 p.m. weekdays at the above address.

FOR FURTHER INFORMATION CONTACT: Pamela D. Walsh, Director, Program

Standards Division, Office of Fair Housing and Equal Opportunity, Department of Housing and Urban Development, Room 5226, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410; telephone (202) 708-2904 (this is not a toll-free number). Hearing- or speech-impaired individuals may access the telephone number listed in this section through TTY by calling the toll-free Federal Information Relay Service at (800) 877-8339.

SUPPLEMENTARY INFORMATION: On December 19, 2003 (68 FR 70968), HUD published proposed "Guidance to Federal Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons." HUD published this policy guidance to meet its responsibility under Executive Order 13166, which requires that each federal agency publish guidance to assist recipients of federal funds in meeting their responsibilities under Title VI of the Civil Rights Act of 1964. Under Title VI, recipients of federal financial assistance are required to ensure meaningful access to their programs and activities by persons with limited English proficiency. The Department of Justice reviewed and approved HUD's proposed LEP Guidance.

HUD's proposed LEP Guidance solicited public comments for a period of 30-days, providing for a comment due date of January 20, 2004. Due to the significant level of public interest that the proposed notice has generated, HUD has decided to extend the public comment due date by an additional 14 days. The new due date for comments is provided in the **DATES** section of this document, above. HUD hopes that the extended comment period will provide interested persons with the needed additional time to submit their comments, and will help to ensure that HUD's development of the final LEP Guidance is undertaken with a full appreciation of the public's views on this important matter. All public comments postmarked subsequent to January 20, 2004 (the original due date for public comments on the LEP Guidance) but before the new comment due date announced by this document, will be considered in the development of the final LEP Guidance.

Dated: January 20, 2004.

Karen A. Newton,

Deputy Assistant Secretary for Operations and Management.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[NM-010-04-1610-DO-NM03]

Kasha-Katuwe Tent Rocks National Monument, Sandoval County, NM

AGENCY: Bureau of Land Management (BLM), Interior.

ACTION: Notice of intent.

SUMMARY: The BLM Field Office, Albuquerque, New Mexico, intends to prepare a Resource Management Plan (RMP) with an associated Environmental Impact Statement (EIS) for the Kasha-Katuwe Tent Rocks National Monument. The proposed RMP will replace the existing Rio Puerco RMP and Area of Critical Environmental Concern (ACEC) Protection Plan for the area that has become the Monument. Public-scoping meetings to identify relevant issues will be announced in advance through BLM's Web site, a newsletter, and in local news media.

DATES: Public-scoping meetings will be announced through the local news media, a newsletter, and the BLM Web site (www.nm.blm.gov) at least 15 days prior to the event. Formal opportunities for public participation will be provided upon publication of the BLM draft RMP/EIS.

ADDRESSES: To send written comments, and/or to have your name added to the mailing list, contact John Bristol, Project Leader, telephone 505-761-8755, or Kathy Walter, Monument Manager, telephone 505-761-8794, or write to them at the Bureau of Land Management, Albuquerque Field Office, 435 Montano Road NE, Albuquerque, New Mexico 87107-4935 or by fax at 505-761-8911.

FOR FURTHER INFORMATION CONTACT: John Bristol, Project Manager, at (505) 761-8755 (john_bristol@nm.blm.gov), or Kathy Walter, Monument Manager, at (505) 761-8794 (kathy_walter@nm.blm.gov).

SUPPLEMENTARY INFORMATION: This document provides notice that the BLM Field Office, Albuquerque, New Mexico, intends to prepare an RMP with an associated EIS for the Kasha-Katuwe Tent Rocks National Monument (KKTRNM). Since the area designated as the Monument was formerly the Tent Rocks ACEC designated under the 1986 Rio Puerco RMP, this planning process will also include a review of the existing Rio Puerco RMP decisions in the context of the National Monument status.

The planning area is located in Sandoval County, New Mexico, between
