ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel SPECIAL K.

SUMMARY: As authorized by Pub. L. 105-383 and Pub. L. 107-295, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. The complete application is given in DOT docket 2004-19771 at <http://dms.dot.gov>. L. 105-383 and MARAD's regulations at 46 CFR part 388 (68 FR 23084; April 30, 2003), that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments.

Comments should also state the commenter's interest in the waiver application, and address the waiver

criteria given in § 388.4 of MARAD's regulations at 46 CFR part 388.

SUPPLEMENTARY INFORMATION:

Background

The Transportation Equity Act for the 21st Century (TEA-21), Public Law 105-178, was signed into law on June 9, 1998. Section 1403 of TEA-21 contains a safety incentive grant program based on safety belt usage rates in the States. Under this program, funds are allocated each fiscal year to States that exceed the national average safety belt use rate or that improve their State safety belt use rate, based on certain required determinations and findings. Section 1403 provides that any funds remaining unallocated in a fiscal year after determinations and findings related to safety belt use rates have been made are to be used to "make allocations to States to carry out innovative projects to promote increased safety belt use rates." Pursuant to subsequent extensions of TEA-21, this program currently is authorized through May 31, 2005. Today's Notice solicits applications for funds that may become available in FY 2005 under this extension provision.
