

from 15 January to 15 May of any year if the nest is not successful.

Approval of the HCP may qualify as a categorical exclusion under NEPA, as provided by the Departmental Manual (516 DM 2, Appendix 1, and 516 DM 6, Appendix 1) and as a "low effect" plan as defined by the Habitat Conservation Planning Handbook (Service, November 1996). Determination of low effect HCPs is based upon the plan having: Minor or negligible effects on federally-listed, proposed, and candidate species and their habitats; minor or negligible effects on other environmental values or resources; and impacts that considered together with the impacts of other past, present, and reasonably foreseeable similarly situated projects would not result, over time, in cumulative effects to the environmental values or resources which would be considered significant. If it is found to qualify as a low-effect HCP, further NEPA documentation would not be required.

Public Review and Comment

If you wish to comment on the permit application, draft Environmental Action Statement or the proposed HCP, you may submit your comments to the address listed in the ADDRESSES section of this document. We will evaluate this permit application, associated documents, and comments submitted thereon to determine whether the permit application meets the requirements of section 10(a) of the Act and NEPA regulations. Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the record a respondent's identity, as allowable by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, are available for public inspection in their entirety. If we determine that the requirements are met, we will issue an incidental take permit under section 10(a)(1)(B) of the Act to the Applicants for the take of the bald eagle, incidental to otherwise lawful activities in accordance with the terms of the permit. We will not make our final decision until after the end of the 30-day comment period and will fully consider all comments received during the comment period.
