

registration, reporting capability for users, and availability of the system seven days a week, 19-hours a day (the system is shut down from 12 a.m. to 5 a.m. for maintenance and updating of data). In addition, employers will have quick and easy access to on-line resources such as the Basic Pilot Program User Manual, the Basic Pilot Program Tutorial, Handbook for Employers (M-274), Identity Document Guide (M-396), and links to various sources containing information relating to employment issues.

Current dial-up Basic Pilot users switching to the Web-Based Access Method will be required to re-register on-line at <https://www.vis-dhs.com/employerregistration>, because of new features associated with the Web version, e.g., each employer site must now have a program administrator and employer sites can generate user reports. Prior to gaining access to the Web Basic Pilot Program, employers are required to complete the Web tutorial to become familiar with the new processes, and to review policies and procedures of the Basic Pilot Program.

At this time, USCIS will continue to support employers accessing the Basic Pilot dial-up method; however, new Basic Pilot participants will be directed to use only the Web-Based Access Method.

How Can Employers Elect To Participate in the Basic Pilot Program?

In order to participate, employers must enter into a Memorandum of Understanding (MOU) with USCIS and SSA. To register for the Basic Pilot Program, employers can log on to <https://www.vis-dhs.com/employerregistration>, which provides instructions for completing the MOU and registering for the program. Employers who are currently using the Basic Pilot Program dial-up method must re-register on-line to take advantage of the Web-Based Access method.

How Are the Privacy of Records Safeguarded?

USCIS' VIS certification and accreditation adheres to the security requirements of the Bureau of Immigration and Customs Enforcement (ICE), USCIS and DHS. VIS ensures that appropriate safeguards are implemented to minimize the risk to data and systems from data integrity threats. This is critical to national security and to other government entities that rely on the information contained in DHS databases. Data integrity refers to the validity of the information from the beginning to the end of a transaction, including the consistency, accuracy,

and correctness of data stored in the databases.

VIS employs mechanisms to protect system data and implements data integrity and validation controls. Data integrity controls are in place to protect data from accidental or malicious alteration or destruction, and provide assurance to the user that the information meets the expectation about its quality and that it has not been altered. Validation controls are in place to test and evaluate compliance with security specifications and requirements.

How Can Employers Contact USCIS To Obtain Additional Information?

Employers may request additional information about the Basic Pilot Program by writing to the U.S. Citizenship and Immigration Services, 20 Massachusetts Avenue, NW., ULLICO Building, 4th Floor, Washington, DC 20529, Attention: SAVE Program. Employers may also fax a request for information to the SAVE Program at (202) 514-9981, or call the SAVE Program toll free at 888-464-4218.

Paperwork Reduction Act

The information collection requirement contained in the MOU (including registration) has been previously approved for use by the Office of Management and Budget (OMB). The OMB control number for this collection is 1653-0033 (previously 1115-0228). Since USCIS is expanding the Basic Pilot Program to all 50 States and the District of Columbia, the number of respondents will increase. Accordingly, USCIS has submitted the required Paperwork Reduction Change Worksheet (OMB-83C) to OMB reflecting the new burden hours, and the OMB has approved the changes. USCIS will also be amending the MOU to reflect the new organization structure from the former Immigration and Naturalization Service to USCIS.

Dated: December 14, 2004.

William R. Yates,

Associate Director of Operations, U.S. Citizenship and Immigration Services.
