#### **Fleetguard Corporation, Subsidiary of Cummins Corporation, Cookeville, Tennessee; Notice of Revised Determination of Alternative Trade Adjustment Assistance on Reconsideration**

On November 18, 2004, the Department of Labor issued a Notice of Affirmative Determination Regarding Application for Reconsideration for workers of the subject firm. The Notice will soon be published in the **Federal Register**.

The initial investigation determined that the subject worker group possesses skills that are easily transferable to another position in the local commuting area.

The reconsideration investigation has revealed that the workers do not possess skills that are easily transferable to another position in the local commuting area.

At least five percent of the workforce at the subject firm is at least fifty years of age. Competitive conditions within the industry are adverse.

#### **Conclusion**

After careful review of the additional facts obtained on reconsideration, I conclude that the requirements of Section 246 of the Trade Act of 1974, as amended, have been met for workers at the subject firm.

In accordance with the provisions of the Act, I make the following certification:

"All workers at Fleetguard Corporation, Subsidiary of Cummins Corporation, Cookeville, Tennessee, who became totally or partially separated from employment on or after September 15, 2003 through October 22, 2006, are eligible to apply for adjustment assistance under Section 223 of the Trade Act

of 1974, and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974."

Signed in Washington, DC this 6th day of December 2004.

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and under Section 246 of the Trade Act of 1974, as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on November 17, 2004, applicable to workers of Hartford Technologies Company, subsidiary of Virginia Industries, Inc., located in Rocky Hill, Connecticut. The notice will soon be published in the **Federal Register**.

At the request of the State Agency, the Department reviewed the certification for workers of the subject firm. The workers produce balls and bearings.

New information provided by the State agency shows that the same worker group was certified eligible to apply for trade adjustment assistance, petition number TA-W-41,960, under the firm name, Hartford Ball/Hartford Bearing, subsidiary of Virginia Industries, Inc. The certification was issued on September 18, 2002, and expired September 18, 2004.

The subdivision is now known as Hartford Technologies. In order to avoid an overlap in worker group coverage, the Department is changing the impact date for TA-W-55,670, from September 22, 2003 to September 19, 2004.

The amended notice applicable to TA-W-55,670 is hereby issued as follows:

#### **Kokoku Wire Industries, South Bend, Indiana; Notice of Affirmative Determination Regarding Application for Reconsideration**

By application of October 28, 2004, 2004, a petitioner requested administrative reconsideration of the Department's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to workers of the subject firm. The denial was signed on September 20, 2004. The Notice of determination was published in the **Federal Register** on October 26, 2004 (69 FR 62460).

The petitioner alleges in the request for reconsideration that the Department's investigation was not complete.

The Department reviewed the request for reconsideration and will conduct further investigation to determine if the workers meet the eligibility requirements of the Trade Act of 1974.

#### **Conclusion**

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 7th day of December 2004.
