RIN 1652–ZA03

Continuation of the Aviation Security Infrastructure Fee (ASIF)

AGENCY: Transportation Security Administration (TSA), DHS.

ACTION: Notice.

SUMMARY: TSA is issuing this notice to inform all U.S. and foreign air carriers (carriers) currently required to pay the Aviation Security Infrastructure Fee (ASIF) that for October 2004 and beyond, until further notice, the amount of the ASIF imposed on each carrier will continue to be the amount the carrier paid for the screening of passengers and property transported by passenger aircraft in the U.S. during calendar year 2000.

Background

Under 49 U.S.C. 44940, Congress authorized TSA to impose the ASIF on carriers to help defray the Federal government's cost of providing civil aviation security services. See 49 U.S.C. 44940(a)(2). Through the end of fiscal year 2004 (September 30, 2004), the amount of ASIF collected by TSA from the carriers, both overall and per carrier, cannot exceed the carriers' aggregate and individual costs, respectively, for screening passengers and property in calendar year 2000. 49 U.S.C. 44940(a)(2)(B)(i), (ii). Beginning in fiscal year 2005 (October 1, 2004), TSA may change the way the per-carrier limit is determined. TSA may set the amount of each carrier's ASIF according to the carrier's market share or other appropriate measure in lieu of the carriers actual screening costs in calendar year 2000. 49 U.S.C. 44940(2)(B)(iii).

On February 20, 2002, TSA imposed the ASIF on carriers by publishing an interim final rule in the **Federal Register** (67 FR 7926), codified at 49 CFR part 1511. In accordance with 49 U.S.C. 44940(a)(2)(B), TSA used information the carriers provided on their individual screening costs for calendar year 2000 to set each carrier's annual ASIF payment. Section 1511.7(b) of the regulation requires that each carrier remit 8.333 percent (one-twelfth) of its self-reported amount, or an amount otherwise determined by TSA, to TSA on a monthly basis through the end of September 2004.

Section 1511.5(g) of the regulation provides that TSA will redetermine the amount of the ASIF imposed on each carrier beginning in October 2004, and the redetermination may be based on each carrier's market share or other appropriate measure. Similarly,

§ 1511.7(c) of the regulation provides that, beginning in October 2004, each carrier's monthly ASIF payment is set at one-twelfth of that redetermined amount. These provisions reflect TSA's statutory authorization to reset the ASIF for each carrier beginning in October 2004 based on the carrier's market share or other appropriate measures in lieu of the carrier's costs for screening passengers and property in calendar year 2000. See 49 U.S.C. 44940(a)(2)(B)(iii). Also, under 49 U.S.C. 44940(d)(3), TSA may make modifications to the ASIF through publication of a notice in the **Federal Register**.

TSA has not yet determined whether it will reset each carrier's ASIF payment based on market share or another appropriate measure. On November 5, 2003, TSA issued a notice in the **Federal Register** seeking public comment on this issue (68 FR 62613). TSA is in the process of considering the comments and proposals for revising allocation of the ASIF among carriers. Therefore, TSA has determined that until further notice, for October 2004 and beyond, the amount of the ASIF imposed on each carrier will remain equal to the amount of the carrier's screening costs for calendar year 2000. Therefore, each carrier's monthly payment under § 1511.7(c) for each month beginning with October 2004 will remain at one-twelfth of that amount.

Issued in Arlington, Virginia, on September 29, 2004.

David M. Stone,

Assistant Secretary.

Availability of Final Comprehensive Conservation Plan for Arapaho National Wildlife Refuge, Walden, CO

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: The U.S. Fish and Wildlife Service announces that a Comprehensive Conservation Plan (CCP) and Summary for Arapaho National Wildlife Refuge is available. This CCP, prepared pursuant to the National Wildlife Refuge System Improvement Act of 1997 and the National Environmental Policy Act of 1969, describes how the U.S. Fish and Wildlife Service intends to manage this Refuge for the next 15 years.

ADDRESSES: A copy of the Plan or Summary may be obtained by writing to U.S. Fish and Wildlife Service, Arapaho National Wildlife Refuge, P.O. Box 457, 953 Jackson County Road #32, Walden, Colorado 80480-0457; or download from <http://mountain-prairie.fws.gov/planning>.

FOR FURTHER INFORMATION CONTACT: Ann Timberman, Project Leader, U.S. Fish and Wildlife Service, Arapaho National Wildlife Refuge, P.O. Box 457, 953 Jackson County Road #32, Walden, Colorado 80480-0457. Phone 970-723-

8202; fax 970-723-8528; or e-mail: ann_timberman@fws.gov.

SUPPLEMENTARY INFORMATION:

Background

Arapaho National Wildlife Refuge (NWR), comprised of 23,243 acres, is long and narrow and is nearly bisected throughout its length by the Illinois River, within the headwaters of the North Platte River basin, in Jackson County, northern Colorado. The Refuge is situated in a high valley locally known as North Park where the native upland plant community is dominated by sagebrush and grasses, and bottomland plant associations include grassy wet meadows and willow-dominated riparian habitats, as well as natural and man-made wetlands. Over 250 species of birds, mammals, reptiles, amphibians, and fishes utilize, occur at, or migrate through this Refuge as well as over 390 species of plants, including one federally endangered species endemic only to North Park. Arapaho NWR was established by Congress in 1967 with two purposes: “* * * for uses as an inviolate sanctuary, or for any other management purpose, for migratory birds (Migratory Bird Conservation Act); and “* * * for the development, advancement, management, conservation, and protection of fish and wildlife resources * * *” and “* * * for the benefit of the United States Fish and Wildlife Service, in performing its activities and services.”

The availability of the Draft CCP and Environmental Assessment (EA) for 30-day public review and comment was announced in the **Federal Register** on August 13, 2003, in Volume 68, Number 156. The Draft CCP/EA identified and evaluated four alternatives for managing Arapaho NWR for the next 15 years. Alternative 1, the No Action Alternative, would have continued current management of the Refuge. Alternative 4 (Preferred Alternative) emphasizes achieving the biological potential of the Refuge through restoration of riparian habitat functions, enhancement and protection of wet meadow and wetland habitats and research on upland sage-steppe habitats within the Refuge as well as promoting partnerships and cooperating with other agencies and groups to enhance wildlife-dependent activities throughout North Park. Alternative 2 would have emphasized working on achieving the purposes of the Refuge through activities at the North Park landscape level while Alternative 3 would have maximized wildlife benefits by focusing on habitat restoration, enhancement and

protection and de-emphasizing public use opportunities at the Refuge.

Based on this assessment and comments received, the Preferred Alternative 4 was selected for implementation. The preferred alternative was selected because it best meets the purposes and goals of the Refuge, as well as the goals of the National Wildlife Refuge System. The preferred alternative will also benefit prairie dogs, large ungulates, shore birds, migrating and nesting waterfowl, and neotropical migrants, as well as improvements in water quality from riparian habitat restoration. Environmental education and partnerships will result in improved wildlife-dependent recreational opportunities throughout North Park. Cultural and historical resources will be protected.

Dated: August 11, 2004.

Regional Director, Region 6, Denver, Colorado.
