Agency for Toxic Substances and Disease Registry

Program To Build Capacity To Conduct Environmental Medicine and Health Education Activities

Announcement Type: New.

Funding Opportunity Number: 04079.
Catalog of Federal Domestic

Assistance Number: 93.161.

Key Dates: Application Deadline: June 7, 2004.

Executive Summary: This program announcement is intended to increase professional and lay health education services, and build environmental medicine capacity, to inform and educate national professional organizations engaged in clinical healthcare practice, their members and constituent stakeholders, and other Agency for Toxic Substances and Disease Registry (ATSDR) partners working to assist communities to cope with environmental contamination.

I. Funding Opportunity Description

Authority: This program is authorized under Sections 104(i) (14) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended by the Superfund Amendments and Reauthorization Act of 1986 (SARA) [42 U.S.C. 9604(i) (14)].

Purpose: The purpose of the program is to provide professional and lay health education services, and build capacity for increased subject matter expertise, in environmental medicine among national professional organizations engaged in clinical healthcare practice, their members and constituent stakeholders, and other ATSDR partners working to assist communities to cope with environmental contamination. This program addresses the "Healthy People 2010" focus area of Educational and Community-Based Programs, Environmental Health, and Age-Related Objectives for Children.

Measurable outcomes of the program will be in alignment with one or more of the following performance goals for the ATSDR: (1) Prevent ongoing and future exposures and resultant health effects from hazardous waste sites and releases; (2) mitigate the risks of human health effects at toxic waste sites with documented exposures; and (3) build and enhance effective partnerships.

Activities: Awardee activities for this project are as follows:

Required Recipient Activities:

- Assemble and communicate information on educational products, services, and capacity enhancements (e.g., training, resource materials, practice aids, technical assistance, etc.)

needed to improve the practice of environmental medicine and health education among the applicant's national organizational members and its constituent partners in environmental medicine.

- Develop, implement, and evaluate products, services, and capacity
