

and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

NorthPoint Energy Solutions, Inc., 109 FERC ¶ 61,178 (2004).

Notice is hereby given that the deadline for filing motions to intervene or protest, is December 20, 2004.

Absent a request to be heard in opposition by the deadline above, NorthPoint is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of NorthPoint, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of NorthPoint's issuances of securities or assumptions of liability.

Copies of the full text of the Commission's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Commission's Web site at <http://www.ferc.gov>, using the eLibrary link. Enter the docket number excluding the last three digits in the docket number filed to access the document. Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Magalie R. Salas,
Secretary.

Federal Energy Regulatory Commission

[Docket No. ER05-41-000]

Oasis Power Partners, LLC; Notice of Issuance of Order

November 23, 2004.

Oasis Power Partners, LLC (Oasis) filed an application for market-based rate authority, with an accompanying rate schedule. The proposed rate schedule provides for wholesale sales of energy, capacity and ancillary services at market-based rates. Oasis also

requested waiver of various Commission regulations. In particular, Oasis requested that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by Oasis.

On November 19, the Commission granted the request for blanket approval under Part 34, subject to the following:

[A]ny person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by Oasis should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

Oasis Power Partners, LLC, 109 FERC ¶ 61,180 (2004).

Notice is hereby given that the deadline for filing motions to intervene or protest, is December 20, 2004.

Absent a request to be heard in opposition by the deadline above, Oasis is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Oasis, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Oasis' issuances of securities or assumptions of liability.

Copies of the full text of the Commission's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Commission's Web site at <http://www.ferc.gov>, using the eLibrary link. DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. CP05-25-000; CP05-26-000; CP05-27-000; CP05-28-000]

Seafarer U.S. Pipeline System, Inc.; Notice of Filing

November 23, 2004.

Take notice that on November 16, 2004, Seafarer U.S. Pipeline System, Inc. (Seafarer), 1001 Louisiana Street, Houston, Texas 77002, filed an application, in Docket Nos. CP05-25-000, *et al.*, pursuant to section 7 of the Natural Gas Act (NGA), as amended, and Parts 157 and 284 of the Commission's Rules and Regulations, for: (i) A certificate of public convenience and necessity authorizing Seafarer to construct, own, and operate a new natural gas pipeline under Part 157, Subpart A; (ii) a blanket certificate authorizing Seafarer to self-implement routine activities, including construction, acquisition, operation, or abandonment of certain facilities under Part 157, Subpart F; and (iii) a blanket certificate authorizing Seafarer to transport natural gas, on an open access and self-implementing basis, under Part 284, Subpart G.

Concurrently, in a separate filing, Docket No. CP05-28-000, Seafarer filed an application pursuant to section 3 of the NGA and Part 153 of the Commission's Rules and Regulations, and also request for a Presidential Permit for importing and transporting natural gas from a proposed interconnection at the US/Bahamian Exclusive Economic Zone (EEZ) boundary with a proposed Bahamian pipeline connected to the proposed High Rock LNG terminal located at South Riding Point on Grand Bahama Island.

The applications are on file with the Commission and open for public inspection. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866)208-3676, or for TTY, contact (202) 502-8659. Any questions regarding the applications are to be directed to Howard L. Nelson, El Paso Corporation, 555 11th Street, NW., Suite 750, Washington, DC, 20004.

The proposed pipeline will consist of approximately 41 miles of 26-inch diameter pipeline extending from the receipt point at the EEZ boundary to an interconnection with existing facilities of Florida Gas Transmission Company (FGT) in Palm Beach County, Florida. From the EEZ boundary, the pipeline will extend underwater approximately 35 miles and make landfall at Florida Power & Light Company's power plant site in Riviera Beach. The pipeline will continue onshore approximately six miles along existing utility, roadway and railway corridors to the FGT interconnection point. The proposed pipeline will transport up to 800,000 Dth per day from the proposed High Rock LNG terminal to gas-consuming markets in Florida and other Southeastern states.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the below listed comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the

Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process.

Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission may issue a preliminary determination on non-environmental issues prior to the completion of its review of the environmental aspects of the project. This preliminary determination typically considers such issues as the need for the project and its economic effect on existing customers of the applicant, on other pipelines in the area, and on landowners and communities. For example, the Commission considers the extent to which the applicant may need to exercise eminent domain to obtain rights-of-way for the proposed project and balances that against the non-environmental benefits to be provided by the project. Therefore, if a person has comments on community and landowner impacts from this proposal, it is important either to file comments or to intervene as early in the process as possible.

Motions to intervene, protests and comments may be filed electronically via the internet in lieu of paper; see, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Comment Date: December 14, 2004.

Magalie R. Salas,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER04-1251-000]

Styrka Energy Master Fund LLC; Notice of Issuance of Order

November 23, 2004.

Styrka Energy Master Fund LLC (SEMF) filed an application for market-based rate authority, with an accompanying rate schedule. The proposed rate schedule provides for wholesale sales of energy and capacity at market-based rates. SEMF also requested waiver of various Commission regulations. In particular, SEMF requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by SEMF.

On November 22, the Commission granted the request for blanket approval under Part 34, subject to the following: [A]ny person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by SEMF should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

Styrka Energy Master Fund LLC, 109 FERC ¶ 61,199 (2004)

Notice is hereby given that the deadline for filing motions to intervene or protest, is December 22, 2004.

Absent a request to be heard in opposition by the deadline above, SEMF is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of SEMF, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of SEMF's issuances of securities or assumptions of liability.
