

FOR FURTHER INFORMATION CONTACT:

Mavis Love, Land Law Examiner, or Robert Janssen, Coal Coordinator, at 307-775-6258, and 307-775-6206, respectively.

SUPPLEMENTARY INFORMATION: This coal lease sale is being held in response to a lease by application (LBA) filed by Powder River Coal Company of Gillette, WY. The coal resources to be offered consist of all reserves recoverable by surface mining methods in the following-described lands located along the county line in southeastern Campbell County and northeastern Converse County approximately five miles east of State Highway 59, 14 miles south of State Highway 450, and adjacent to the Burlington Northern Santa Fe/Union Pacific joint rail line:

- T. 41 N., R. 70 W., 6th PM, Wyoming
 Sec. 19: Lots 6-11, 12(S^{1/2}), 13-20;
 Sec. 20: Lots 5(S^{1/2}), 6(S^{1/2}), 7(S^{1/2}), 8(S^{1/2}), 9-16;
 Sec. 21: Lots 5(S^{1/2}), 12, 13;
 Sec. 28: Lots 3-6, 11, NE^{1/4}SW^{1/4};
 Sec. 29: Lots 1-12;
 Sec. 30: Lots 5-12;
 T. 41 N., R. 71 W., 6th P.M., Wyoming
 Sec. 23: Lots 8(S^{1/2}), 9;
 Sec. 24: Lots 1, 5(S^{1/2}), 6(S^{1/2}), 7(S^{1/2}), 8-16;
 Sec. 25: Lots 1-4, 9-10, 12(N^{1/2}).

Containing 2,956.725 acres, more or less.

The tract is adjacent to Federal coal leases held by the North Antelope Rochelle Mine to the northeast and by the Antelope Mine to the south and west. It is also adjacent to additional unleased Federal coal to the north.

All of the acreage offered has been determined to be suitable for mining except lands within 100 feet of the joint rail line right-of-way. Other features such as the county road, pipelines, and power lines can be moved to permit coal recovery. Numerous oil and/or gas wells have been drilled on the tract. The estimate of the bonus value of the coal lease will include consideration of the future production from these wells. An economic analysis of this future income stream will determine whether a well is bought out and plugged prior to mining or re-established after mining is completed. Small portions of the surface estate of the tract are owned by the North Antelope Rochelle Mine and the Antelope Mine, but most of the surface estate is owned by private individuals.

The tract contains surface mineable coal reserves in the Wyodak seam currently being recovered in the adjacent, existing mines. On the tract, the Wyodak seam is generally split into the Anderson and Canyon seams. The upper Anderson seam averages about 37 feet thick and the lower Canyon seam

averages about 34 feet thick on the LBA. Burn lines near the southern and eastern boundaries of the LBA tract mark the approximate limits of the coal seams. The overburden depths range from about 95-260 feet thick on the LBA. The interburden between the Anderson and Canyon seams ranges from 5-115 feet thick on the LBA.

The tract contains an estimated 297,469,000 tons of mineable coal. This estimate of mineable reserves includes the Anderson and Canyon seams mentioned above but does not include any tonnage from localized seams or splits containing less than 5 feet of coal. The total mineable stripping ratio (BCY/Ton) of the coal is about 2.8:1. Potential bidders for the LBA should consider the recovery rate expected from thick seam, multiple seam, and burn line mining. The NARO South LBA coal is ranked as subbituminous C. The overall average quality on an as-received basis is 8929 BTU/lb with about 0.2% sulfur and 2% sodium in the ash. These quality averages place the coal reserves near the high end of the range of coal quality currently being mined in the Wyoming portion of the Powder River Basin.

The tract in this lease offering contains split estate lands. There are qualified surface owners as defined in the regulations at 43 CFR 3400.0-5. Consent granted by the qualified surface owners has been filed with and verified by the BLM. The lands included in the consent are shown below:

- T. 41 N., R. 70 W., 6th P.M., Wyoming
 Sec. 19: Lots 6-11, 12(S^{1/2}), 13, 14, 19, 20;
 Sec. 30: Lots 5, 6;
 T. 41 N., R. 71 W., 6th P.M., Wyoming
 Sec. 24: Lots 5(S^{1/2}), 6(S^{1/2}), 7(S^{1/2}), 8-11, 13-16.

The purchase price of the consent is \$10.00 and an overriding royalty of three percent (3%) of the gross realization of all coal mined and sold from the subject property.

The tract will be leased to the qualified bidder of the highest cash amount provided that the high bid equals the fair market value of the tract. The minimum bid for the tract is \$100 per acre or fraction thereof. No bid that is less than \$100 per acre, or fraction thereof, will be considered. The bids should be sent by certified mail, return receipt requested, or be hand delivered. The Cashier will issue a receipt for each hand-delivered bid. Bids received after 4 p.m., on Monday, June 28, 2004, will not be considered. The minimum bid is not intended to represent fair market value. The fair market value of the tract will be determined by the Authorized Officer after the sale. The lease issued as a result of this offering will provide

for payment of an annual rental of \$3.00 per acre, or fraction thereof, and of a royalty payment to the United States of 12.5 percent of the value of coal produced by strip or auger mining methods and 8 percent of the value of the coal produced by underground mining methods. The value of the coal will be determined in accordance with 30 CFR 206.250.

Bidding instructions for the tract offered and the terms and conditions of the proposed coal lease are available from the BLM Wyoming State Office at the addresses above. Case file documents, WYW154001, are available for inspection at the BLM Wyoming State Office.

Phillip C. Perlewitz,

Acting Deputy State Director, Minerals and Lands.

BILLING CODE 4310-22-P

DEPARTMENT OF THE INTERIOR
Bureau of Land Management

[WY-957-04-1910-BJ-4467]

Notice of Filing of Plats of Survey, Wyoming

AGENCY: Bureau of Land Management, Interior.

SUMMARY: The Bureau of Land Management (BLM) is scheduled to file the plats of surveys of the lands described below thirty (30) calendar days from the date of this publication in the BLM Wyoming State Office, Cheyenne, Wyoming.

FOR FURTHER INFORMATION CONTACT: Bureau of Land Management, 5353 Yellowstone Road, P.O. Box 1828, Cheyenne, Wyoming 82003.

SUPPLEMENTARY INFORMATION: These surveys were executed at the request of the Bureau of Indian Affairs and are necessary for the managements of lands. The lands surveyed are:

The plat and field notes representing the dependent resurvey of a portion of the North boundary and subdivisional lines, and the subdivision of section 3, Township 1 North, Range 4 East, Wind River Meridian, Wyoming, was accepted May 18, 2004.

The plat and field notes representing the dependent resurvey of a portion of the subdivision of section 23, and the survey of the subdivision of section 23, and the metes and bound survey of Parcels G and H, section 23, Township 1 South, Range 1 West, Wind River Meridian, Wyoming, was accepted May 18, 2004.

The plat and field notes representing the dependent resurvey of a portion of the South boundary, and the subdivisional lines, and the subdivision of section 35, Township 2 North, Range 4 East, Wind River Meridian, Wyoming, was accepted May 18, 2004.

The plat and field notes representing the dependent resurvey of portions of the South and West boundaries and subdivisional lines, and the subdivision of section 31, Township 2 North, Range 3 East, Wind River Meridian, Wyoming, was accepted May 18, 2004.

The plat and field notes representing the dependent resurvey of a portion of the subdivisional lines, and a portion of the subdivision of section 17, and the survey of the subdivision of section 17, and the metes and bounds survey of Lots 5 and 6, section 17, Township 2 South, Range 1 East, Wind River Meridian, Wyoming, was accepted May 18, 2004.

Copies of the preceding described plats and field notes are available to the public at \$1.10 each.

Dated: May 20, 2004.

John P. Lee,

Chief Cadastral Surveyor, Division of Support Services.

BILLING CODE 4467-22-P

INTERNATIONAL TRADE COMMISSION

[Inv. Nos. 337-TA-491 and 337-TA-481 (consolidated)]

Certain Display Controllers and Products Containing Same and Certain Display Controllers With Upscaling Functionality and Products Containing Same; Notice of Commission Determinations To Extend the Target Date for Completion of the Investigation and the Deadline for Determining Whether To Review a Final Initial Determination; Notice of Consolidation of Investigations

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to extend the target date for completion of Certain Display Controllers and Products Containing Same, Inv. No. 337-TA-491 until August 20, 2004, and to extend the deadline for review of the presiding administrative law judge's ("ALJ's") final initial determination ("ID") issued on April 14, 2004, in that investigation until July 6, 2004. The Commission has

also determined to consolidate Certain Display Controllers and Products Containing Same, Inv. No. 337-TA-491, with Certain Display Controllers with Upscaling Functionality and Products Containing Same, Inv. No. 337-TA-481.

FOR FURTHER INFORMATION CONTACT:

Clara Kuehn, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-3012. Copies of all nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted Inv. No. 337-TA-491, Certain Display Controllers and Products Containing Same ("the 491 investigation"), on April 14, 2003, based on a complaint filed on behalf of Genesis Microchip (Delaware) Inc. ("complainant") of Alviso, Calif. 68 FR 17,964 (Apr. 14, 2003). The complaint, as supplemented, alleged violations of section 337 of the Tariff Act of 1930 in the importation into the United States, sale for importation, and sale within the United States after importation of certain display controllers and products containing same by reason of infringement of claims 13 and 15 of U.S. Patent No. 6,078,361; claims 19-22 of U.S. Patent No. 5,953,074 ("the '074 patent"); and claims 1 and 9 of U.S. Patent No. 6,177,922 ("the '922 patent"). The notice of investigation named three respondents: Media Reality Technologies, Inc. of Taipei, Taiwan; Media Reality Technologies, Inc. of Sunnyvale, Calif. (collectively "MRT"); and Trumpion Microelectronics, Inc. ("Trumpion") of Taipei City, Taiwan. Id.

On June 20, 2003, the ALJ issued an ID (Order No. 5) amending the complaint and notice of investigation to add MStar Semiconductor, Inc. ("MStar") as a respondent, additional claims of the '074 patent, and claims 1-3, 5, 6, 9, 12, 13, 16, 17, 33-36, 38, and 39 of U.S. Patent No. 5,739,867. That ID

was not reviewed by the Commission. 68 FR 44,967 (July 31, 2003).

On November 10, 2003, the ALJ issued an ID (Order No. 38) granting complainant's motion to terminate the 491 investigation with respect to Trumpion, the '922 patent, and the '074 patent. That ID was not reviewed by the Commission.

On January 6, 2004, a tutorial session was held. An evidentiary hearing was held on January 6-15, 20, and February 2-3, 2004. On April 14, 2004, the ALJ issued his final ID, findings of fact and conclusions of law, and recommended determination on remedy and bonding in the 491 investigation.

Complainant Genesis, respondents MRT, MStar, and the Commission investigative attorney each petitioned for review of portions of the final ID. All parties filed responses to the petitions for review. The Commission has determined to extend the deadline for determining whether to review the final ID until July 6, 2004.

The Commission instituted Certain Display Controllers with Upscaling Functionality and Products Containing Same, Inv. No. 337-TA-481 ("the 481 investigation") on October 18, 2002, based on a complaint filed by Genesis naming Trumpion, Media Reality Technologies, Inc. of Sunnyvale, Calif., and SmartASIC, Inc. of San Jose, Calif. as respondents. 67 FR 64411. On January 14, 2003, the ALJ issued an ID terminating respondent SmartASIC from the investigation on the basis of a settlement agreement. That ID was not reviewed by the Commission. The final ID in the 481 investigation ("the 481 final ID") issued on October 20, 2003. 68 FR 69719. On December 5, 2003, the Commission determined to review the 481 final ID in part. *Id.* On review of the 481 final ID, the Commission remanded the 481 investigation to the ALJ. 69 FR 3602 (Jan. 26, 2004). The remand order provided that the ALJ is to issue his findings by May 20, 2004, and set a schedule for the filing by the parties of comments on the ALJ's findings and response comments. The remand order also extended the target date for completion of the 481 investigation to August 20, 2004.

The 481 and 491 investigations are closely related in terms of the products, the parties, and patents involved. Although the 481 investigation was instituted on October 18, 2002, about six months prior to institution of the 491 investigation, due to the remand of the 481 investigation to the ALJ, the two investigations are now on similar time schedules. The Commission has determined to extend the target date for completion of the 491 investigation
