

of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR 222–226).

The purpose of the project is to conduct research and monitoring of shortnose sturgeon in the Delaware River/Estuary and the Chesapeake Bay. Researchers would characterize habitat use, relative abundance, juvenile recruitment, and temporal and spatial distributions of this species through the following research methodologies: capture via trawls and gillnets, measure, genetic sampling, PIT and floy T-bar tagging, and release of 970 juvenile and 2470 adult shortnose sturgeon throughout the Delaware River/Estuary and 30 juvenile and 100 adult shortnose sturgeon in the Chesapeake Bay, annually. In addition, a subset of 30 juveniles and 30 adults annually in the Delaware River/Estuary would also have internal ultrasonic transmitters implanted. An accidental mortality request of 25 juvenile and 25 adult fish is requested over the life of the permit. The researchers are requesting authorization for these activities for five years.

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before July 26, 2004.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or

Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, *e.g.* new, revision, extension, existing or reinstatement; (2) title; (3) summary of the collection; (4) description of the need for, and proposed use of, the information; (5) respondents and frequency of collection; and (6) reporting and/or recordkeeping burden. OMB invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: May 24, 2004.

Angela C. Arrington,

Leader, Regulatory Information Management Group, Office of the Chief Information Officer.

Office of the Undersecretary

Type of Review: New.

Title: Reading First Implementation Evaluation.

Frequency: Biennially.

Affected Public: State, local, or tribal gov't, SEAs or LEAs.

Reporting and Recordkeeping Hour Burden:

Responses: 8,250.

Burden Hours: 4,125.

Abstract: The proposed data collection is necessary to complete a national evaluation of Reading First. The purpose of this evaluation is to assess how the Reading First program is being implemented in a nationally representative sample of Reading First schools. The Reading Implementation Evaluation will use surveys of teachers, literacy coaches, and principals to answer the evaluation questions.

Requests for copies of the proposed information collection request may be accessed from <http://edicsweb.ed.gov>, by selecting the "Browse Pending Collections" link and by clicking on link number 2546. DEPARTMENT OF ENERGY

**Office of Environmental Management
Site-Specific Advisory Board Renewal**

Pursuant to Section 14(a)(2)(A) of the Federal Advisory Committee Act (Pub. L. No. 92-463), in accordance with Title 41 of the Code of Federal Regulations, section 102-3.65(a), and following consultation with the Committee Management Secretariat, General Services Administration, notice is hereby given that the Environmental Management Site-Specific Advisory Board has been renewed for a two-year period beginning May 16, 2004. The Environmental Management Site-

Specific Advisory Board will provide advice and recommendations to the Assistant Secretary for Environmental Management.

The Board provides the Assistant Secretary for Environmental Management (EM) with information, advice, and recommendations concerning issues affecting the EM program at various sites. These site-specific issues include clean-up standards and environmental restoration; waste management and disposition; stabilization and disposition of non-stockpile nuclear materials; excess facilities; future land use; long-term stewardship; risk assessment and management; and science and technology activities.

Furthermore, the renewal of the Environmental Management Site-Specific Advisory Board has been determined to be essential to the conduct of Department of Energy business and to be in the public interest in connection with the performance of duties imposed on the Department of Energy by law and agreement. The Board will operate in accordance with the provisions of the Federal Advisory Committee Act, and rules and regulations issued in implementation of those Acts.

Further information regarding this Advisory Board may be obtained from Ms. Sandra L. Waisley at (202) 586-3087.

Issued in Washington, DC on May 17, 2004.
