The Audio Division requests comments on a petition filed by SSR Communications, Inc., proposing the allotment of Channel 242A at Dulac, Louisiana, as the community's first local aural transmission service. Channel 242A can be allotted to Dulac in compliance with the Commission's minimum distance separation requirements with a site restriction of 6.0 kilometers (3.7 miles) southwest of Dulac. The reference coordinates for Channel 242A at Dulac are 29-21-09 North Latitude and 90-45-36 West Longitude.

The Audio Division requests comments on a petition filed by Charles Crawford proposing the allotment of Channel 264A at Palacios, Texas, as the community's second local aural transmission service. Channel 264A can be allotted to Palacios in compliance with the Commission's minimum distance separation requirements with a site restriction of 12.2 kilometers (7.6 miles) southeast of Palacios. Since Palacios is located within 320 kilometers (199 miles) of the U.S.-Mexican border, concurrence from the Mexican government has been requested. The reference coordinates for Channel 264A at Palacios are 28-36-26 North Latitude and 96-10-00 West Longitude.

The Audio Division requests comment on a petition filed by Andrew Shafer proposing the allotment of Channel 271A at Washington, Kansas, as the community's first local aural transmission service. Channel 271A can be allotted to Washington in compliance

with the Commission's minimum distance separation requirements at the city's reference coordinates. The reference coordinates for Channel 271A at Washington are 39-40-05 North Latitude and 97-03-02 West Longitude.

The Audio Division requests comment on a petition filed by Daniel R. Feely proposing the allotment of Channel 275A at King City, California, as the community's fourth local aural transmission service. Channel 275A can be allotted to King City in compliance with the Commission's minimum distance separation requirements with a site restriction of 0.3 kilometers (0.2 miles) southwest of King City. The reference coordinates for Channel 275A at King City are 36-12-40 North Latitude and 121-07-40 West Longitude.

The Audio Division requests comment on a petition filed by Linda A. Davidson proposing the allotment of Channel 287C at Fallon Station, Nevada, as the community's first local aural transmission service. Channel 287C can be allotted to Fallon Station in compliance with the Commission's minimum distance separation requirements with a site restriction of 20.1 kilometers (12.5 miles) north of Fallon Station. The reference coordinates for Channel 287C at Fallon Station are 39-36-00 North Latitude and 118-43-12 West Longitude.

The Audio Division requests comment on a petition filed by Dana J. Puopolo proposing the allotment of Channel 278A at Coachella, California, as the community's third local aural transmission service. Channel 278A can be allotted to Coachella in compliance with the Commission's minimum distance separation requirements at the city's reference coordinates. Since Coachella is located within 320 kilometers (199 miles) of the U.S.-Mexican border, concurrence of the Mexican government has been requested. The reference coordinates for Channel 278A at Coachella are 33-40-49 North Latitude and 116-10-23 West Longitude.

The Audio Division requests comment on a petition filed by Linda A. Davidson, proposing the allotment of Channel 293A at Cambria, California, as the community's third local aural transmission service. Channel 293A can be allotted to Cambria in compliance with the Commission's minimum distance separation requirements with a site restriction of 5.4 kilometers (3.4 miles) north of Cambria. The reference coordinates for Channel 293A at Cambria are 35-36-36 North Latitude and 121-06-00 West Longitude.

The Audio Division requests comment on a petition filed by Charles Crawford proposing the allotment of Channel 238A at Carbon, Texas, as the community's first local aural transmission service. Channel 238A can be allotted to Carbon in compliance with the Commission's minimum distance separation requirements at the city's reference coordinates. The reference coordinates for Channel 238A at Carbon are 32-16-14 North Latitude and 98-49-42 West Longitude.

The Audio Division requests comment on a petition filed by TTI, Inc. proposing the allotment of Channel 286A at Northport, Alabama, as the community's second local aural transmission service. Channel 286A can be allotted to Northport in compliance with the Commission's minimum distance separation requirements with a site restriction of 8.6 kilometers (5.4 miles) southwest of Northport. The reference coordinates for Channel 286A at Northport are 33-11-02 North Latitude and 87-39-10 West Longitude.

Provisions of the Regulatory Flexibility Act of 1980 do not apply to this proceeding.

Procedures for Review of Mandatory Fishway Prescriptions Developed by the Department of Commerce in the Context of Federal Energy Regulatory Commission's Hydropower Licensing

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration, Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS proposes a public review process for mandatory fishway prescriptions (prescriptions) NMFS develops, pursuant to its authority under the Federal Power Act, for inclusion in hydropower licenses issued by the Federal Energy Regulatory Commission (FERC). This proposed rule is intended to supersede and codify NMFS' existing policy governing review of its prescriptions, to solicit public comments on how the process has worked during the trial period of implementation and to determine whether any further revision is warranted. The public review process will enable the public to comment on the Department's preliminary prescriptions, and to provide information to assist the Department in considering any needed modifications
