

proposed a two-year phase in period instead. The Exchange's proposal would therefore result in a company's paying 50% of the fee increase during the first year and 100% of the increase in the second year.

III. Discussion

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.¹⁰ In particular, the Commission finds the proposal is consistent with Section 6(b)(4) of the Act¹¹ that an Exchange have rules that provide for the equitable allocation of reasonable dues, fees and other charges among its members and issuers and other persons using its facilities.¹² The Commission believes that the NYSE's proposal to increase the listing fees applicable to closed-end funds is consistent with the Act because it is consistent with the Exchange's recent revisions to their fees generally and further provides for a net decrease in fees applicable to funds generally.

After careful consideration of the commenter's concerns about the increases in the fees applicable to the commenter, the Commission finds that the NYSE's determination to phase in the increase in fees over a two-year period is responsive to the commenter's observations that its fees would increase significantly as a result of the elimination of the 15-year exemption policy for closed-end funds. The Commission has also carefully considered the commenters' concerns about the fee increase applicable to closed-end funds that are not part of a larger fund family. The Commission finds that although the commenter's fees will increase by 57%, the increase is within the range identified by the Exchange, and that the fee increases for closed-end funds are commensurate with the Exchange's recent amendments to the fees applicable to listed operating companies, consistent with Section 6(b)(4) of the Act.¹³

IV. Amendment No. 2

The Commission finds good cause for approving Amendment No. 2 prior to the thirtieth day after notice of the publication in the **Federal Register**. The Exchange wishes to begin applying the proposed fee changes effective no later than January 1, 2004. The Commission

finds that good cause exists to justify accelerated effectiveness to enable the fee change to be imposed no later than at the beginning of the new calendar year. The Commission believes that it is not necessary to separately solicit comment on Amendment 2 prior to approving this proposal because it finds that these changes to the proposed rule language respond to and incorporate suggestions made by the Commission and the commenter to the original proposal. The Commission therefore finds that acceleration of Amendment No. 2 is appropriate.

V. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning Amendment No. 2, including whether the proposed amendments are consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609.

Comments may also be submitted electronically at the following e-mail address: *rule-comments@sec.gov*. All comment letters should refer to File No. SR-NYSE-2003-33. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, comments should be sent in hard copy or by e-mail, but not by both methods. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed amendments that are filed with the Commission, and all written communications relating to the amendments between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying at the Commission's Public Reference Room. Copies of such filing also will be available for inspection and copying at the principal office of the NASD.

All submissions should refer to File No. SR-NYSE-2003-33 and should be submitted by April 9, 2004.

VI. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁴ that the proposed rule change and Amendment No. 1 (SR-NYSE-2003-33), is approved, and Amendment No. 2 is approved on an accelerated basis.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.¹⁵

Assistant Secretary.
