13 CFR Part 121

[Docket No. 04-11579]

RIN 3245-AE66

Small Business Size Regulations; Correction

AGENCY: U.S. Small Business Administration.

ACTION: Final rule; correcting amendments.

SUMMARY: This document contains a correction to the final rule that appeared in the **Federal Register** of May 24, 2004 (69 FR 29411). The final rule amended the regulations that governed the Historically Underutilized Business Zone (HUBZone) Program. The corrected provision concerns who may initiate a size protest or initiate a size determination.

DATES: Effective June 23, 2004.

FOR FURTHER INFORMATION CONTACT:

Michael P. McHale, Associate Administrator for the HUBZone Program, (202) 205-8885 or by e-mail, at hubzone@sba.gov.

SUPPLEMENTARY INFORMATION: The final rule that is the subject of this correction amends the regulations that governed the Historically Underutilized Business Zone (HUBZone) Program published on May 24, 2004 (69 FR 29411). This document corrects the numbering of a section of the final regulation. Confusion was caused by another amendment to the relevant section by a final rule amending certain definitions and making procedural and technical amendments to several SBA programs published on May 21, 2004 (69 FR 29192). The rule revised is § 121.1001(b)(7-8). Who may initiate a size protest or request a formal size determination?

■ Accordingly, 13 CFR part 121 is corrected by making the following correcting amendment:

PART 121—SMALL BUSINESS SIZE REGULATIONS

■ 1. The authority section for part 121 continues to read as follows:

Authority: 15 U.S.C. 632(a), 634(b)(6), 636(b), 637(a), 644(c) and 662(5); Sec. 304, Pub. L., 103-403, 108 Stat. 4175, 4188; Pub. L. 105-135 sec 601 *et seq.*, 111 Stat. 2592; Pub. L. 106-24, 113 Stat. 39.

■ 2. Amend § 121.1001 by revising paragraphs (b)(7) and (8) and removing the paragraph (b)(7) published at 69 FR 29411, May 24, 2004, to read as follows:

§ 121.1001 Who may initiate a size protest or request a formal size determination?

Revisions to the California State Implementation Plan, South Coast Air Quality Management District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is finalizing approval of revisions to the South Coast Air Quality Management District portion of the California State Implementation Plan (SIP). These revisions were proposed in the **Federal Register** on May 21, 2004, and concern oxides of nitrogen (NO_x) and oxides of sulfur (SO_x) emissions from facilities emitting 4 tons or more per year of NO_x and/or SO_x in the year 1990 or any subsequent year. We are approving local rules that regulate these emission sources under the Clean Air Act as amended in 1990 (CAA or the Act).

EFFECTIVE DATE: This rule is effective on August 25, 2004.

ADDRESSES: You can inspect copies of the administrative record for this action at EPA's Region IX office during normal business hours by appointment. You can inspect copies of the submitted SIP revisions by appointment at the following locations:

SUPPLEMENTARY INFORMATION: Throughout this document, "we," "us" and "our" refer to EPA.

I. Proposed Action

On May 21, 2004 (69 FR 29250), EPA proposed to approve the following rules into the California SIP.

TABLE 1.—SUBMITTED RULES

Local agency	Rule #	Rule title	Adopted	Submitted
SCAQMD	2007	Trading Requirements	12/05/03	02/20/04
SCAQMD	2011	Requirements for Monitoring, Reporting, and Recordkeeping for Oxides of Sulfur (SO _x) Emissions.	12/05/03	02/20/04
SCAQMD	2012	Requirements for Monitoring, Reporting, and Recordkeeping for Oxides of Nitrogen (NO _x) Emissions.	12/05/03	02/20/04

We proposed to approve these rules because we determined that they complied with the relevant CAA requirements. Our proposed action contains more information on the rules and our evaluation.

II. Public Comments and EPA Responses

EPA’s proposed action provided a 30-day public comment period. During this period we received no comments on our proposed action.

III. EPA Action

No comments were submitted that change our assessment that the submitted rules comply with the relevant CAA requirements. Therefore, as authorized in section 110(k)(3) of the Act, EPA is fully approving these rules into the California SIP.

IV. Statutory and Executive Order Reviews

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a “significant regulatory action” and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, “Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use” (66 FR 28355, May 22, 2001). This action merely approves State law as meeting Federal requirements and imposes no additional requirements beyond those imposed by State law. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule approves pre-existing requirements under State law and does not impose any additional enforceable duty beyond that required by State law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104–4).

This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship

between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This action also does not have federalism implications because it does not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely approves a State rule implementing a Federal standard, and does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. This rule also is not subject to Executive Order 13045 “Protection of Children from Environmental Health Risks and Safety Risks” (62 FR 19885, April 23, 1997), because it is not economically significant.

In reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the Clean Air Act. In this context, in the absence of a prior existing requirement for the State to use voluntary consensus standards (VCS), EPA has no authority to disapprove a SIP submission for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a SIP submission, to use VCS in place of a SIP submission that otherwise satisfies the provisions of the Clean Air Act. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General

of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. section 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by September 24, 2004. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (*See* section 307(b)(2).)

40 CFR Part 271

[FRL-7791-3]

Maryland: Final Authorization of State Hazardous Waste Management Program Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Immediate final rule.

SUMMARY: Maryland has applied to EPA for final authorization of changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). EPA has determined that these changes satisfy all requirements needed to qualify for final authorization and is authorizing Maryland's changes through this immediate final action. EPA is publishing this rule to authorize the changes without a prior proposal because we believe this action is not controversial and do not expect comments that oppose it. Unless we receive written comments which oppose this authorization during the comment period, the decision to authorize Maryland's changes to its hazardous waste program will take effect. If we receive comments that oppose this action, or portions thereof, we will publish a document in the **Federal Register** withdrawing the relevant portions of this rule before they take effect and a separate document in the proposed rules section of this **Federal Register** will serve as a proposal to authorize changes to Maryland's program that were the subject of adverse comments.

DATES: This Final authorization will become effective on September 24, 2004, unless EPA receives adverse written comment by August 25, 2004. If EPA receives any such comment, it will publish a timely withdrawal of this immediate final rule in the **Federal Register** and inform the public that this

authorization, or portions thereof, will not take effect as scheduled.

ADDRESSES: Submit your comments, identified by FRL-7791-3 by one of the following methods:

1. *Federal eRulemaking Portal:*

<http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

2. *E-mail:*

3. *Mail:* Carol Johnson, Mailcode 3WC21, RCRA State Programs Branch, U.S. EPA Region III, 1650 Arch Street, Philadelphia, PA 19103-2029.

4. *Hand Delivery:* At the previously-listed EPA Region III address. Such deliveries are only accepted during the normal hours of operation, and special arrangements should be made for deliveries of boxed information.

You may inspect and copy Maryland's application from 8:30 a.m. to 4:30 p.m., Monday through Friday at the following addresses: Maryland Department of the Environment, Waste Management Administration, Hazardous Waste Program, 1800 Washington Blvd., Suite 645, Baltimore, Maryland 21230-1719, Phone number: (410) 537-3345, Attn: Ed Hammerberg, and the EPA Region III, Library, 2nd Floor, 1650 Arch Street, Philadelphia, PA 19103-2029, Phone number: (215) 814-5254.

Instructions: Direct your comments to FRL-7791-3. EPA's policy is that all comments received will be included in the public docket without change, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through regulations.gov or e-mail. The federal regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Carol Johnson, Mailcode 3WC21, RCRA State Programs Branch, U.S. EPA Region III, 1650 Arch Street, Philadelphia, PA 19103-2029, Phone number: (215) 814-3378.

SUPPLEMENTARY INFORMATION:

A. Why are Revisions to State Programs Necessary?

States that have received final authorization from EPA under RCRA section 3006(b), 42 U.S.C. 6926(b), must maintain a hazardous waste program that is equivalent to, consistent with, and no less stringent than the Federal program. As the Federal program changes to become more stringent or broader in scope, States must change their programs and apply to EPA to authorize the changes. Authorization of changes to State programs may be necessary when Federal or State statutory or regulatory authority is modified or when certain other changes occur. Most commonly, States must revise their programs because of changes to EPA's regulations in 40 Code of Federal Regulations (CFR) parts 124, 260 through 266, 268, 270, 273 and 279.

B. What Decisions Have We Made in This Rule?

EPA concludes that Maryland's application to revise its authorized program meets all of the statutory and regulatory requirements established by RCRA. Therefore, we grant Maryland final authorization to operate its hazardous waste program with the changes described in its application for program revisions, subject to the procedures described in section E, below. Maryland has responsibility for permitting treatment, storage, and disposal facilities (TSDFs) within its borders and for carrying out the aspects of the RCRA program described in its application, subject to the limitations of the Hazardous and Solid Waste Amendments of 1984 (HSWA). New Federal requirements and prohibitions imposed by Federal regulations that EPA promulgates under the authority of HSWA take effect in authorized States before they are authorized for the requirements. Thus, EPA will implement those HSWA requirements and prohibitions for which Maryland has not been authorized, including issuing HSWA permits, until the State is granted authorization to do so.
