avoid impacts on the various resource areas.

Our independent analysis of the issues will be in the EA. Depending on the comments received during the scoping process, the EA may be published and mailed to federal, state, and local agencies, public interest groups, interested individuals, affected landowners, newspapers, libraries, and the Commission's official service list for this proceeding. A comment period will be allotted for review if the EA is published. We will consider all comments on the EA before we make our recommendations to the Commission.

Currently Identified Environmental Issues

We have already identified one issue (noise impacts on nearby residents) that we think deserves attention based on a preliminary review of the proposed facilities and the environmental information provided by Petal. Issues we consider may change based on your comments and our analysis.

Public Participation

You can make a difference by providing us with your specific comments or concerns about the project. By becoming a commentor, your concerns will be addressed in the EA and considered by the Commission. You should focus on the potential environmental effects of the proposal, alternatives to the proposal, and measures to avoid or lessen environmental impact. The more specific your comments, the more useful they will be. Please carefully follow these instructions to ensure that your comments are received in time and properly recorded:

• Send an original and two copies of your letter to: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First St., NE., Room 1A, Washington, DC 20426.

• Label one copy of the comments for the attention of Gas Branch 1.

• Reference Docket No. CP04-424-000.

• Mail your comments so that they will be received in Washington, DC on or before December 1, 2004.

Please note that the Commission strongly encourages electronic filing of any comments or interventions or protests to this proceeding. *See* 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at *http:/ /www.ferc.gov* under the "e-Filing" link and the link to the User's Guide. Prepare your submission in the same manner as you would if filing on paper and save it to a file on your hard drive. Before you can file comments, you will need to create an account by clicking on "login to file" and then "New User Account." You will be asked to select the type of filing you are making. This filing is considered a "comment on filing."

Becoming an Intervenor

In addition to involvement in the EA scoping process, you may want to become an official party to the proceeding known as an "intervenor." Intervenors play a more formal role in the process. Among other things, intervenors have the right to receive copies of case-related Commission documents and filings by other intervenors. Likewise, each intervenor must send one electronic copy (using the Commission's e-Filing system) or 14 paper copies of its filings to the Secretary of the Commission and must send a copy of its filings to all other parties on the Commission's service list for this proceeding. If you want to become an intervenor you must file a motion to intervene according to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214, see appendix 2).⁴ Only intervenors have the right to seek rehearing of the Commission's decision.

Affected landowners and parties with environmental concerns may be granted intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which would not be adequately represented by any other parties. You do not need intervenor status to have your environmental comments considered.

Environmental Mailing List

An effort is being made to send this notice to all individuals, organizations, and government entities interested in and/or potentially affected by the proposed project. This includes all landowners whose property may be used temporarily for project purposes or who own homes within distances defined in the Commission's regulations of certain aboveground facilities.

Availability of Additional Information

Additional information about the project is available from the Commission's Office of External Affairs, at 1–866–208–FERC or on the FERC Internet Web site (*http://www.ferc.gov*) using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number excluding the last three digits in the docket number field. Be sure you have selected

an appropriate date range. For assistance with eLibrary, the eLibrary helpline can be reached at 1–866–208– 3676, TTY (202) 502–8659, or at *FercOnlineSupport@ferc.gov.* The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission now offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries and direct links to the documents. Go to http:// www.ferc.gov/esubscribenow.htm.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Notice of Application Ready for Environmental Analysis and Soliciting Comments, Recommendations, Terms and Conditions, and Prescriptions

October 28, 2004.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

a. *Type of Application:* New major license.

- b. Project No.: 2630–004.
- c. Date Filed: June 27, 2003.
- d. Applicant: PacifiCorp.

e. *Name of Project:* Prospect Nos. 1, 2, and 4 Hydroelectric Project.

f. *Location:* On the Rogue River, Middle Fork Rouge River, and Red Blanket Creek in Jackson County, near Prospect, Oregon. The project does not occupy Federal lands.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791(a)–825(r).

h. *Applicant Contact:* Toby Freeman, Hydro Licensing, 825 NE Multnomah Avenue, Suite 1500, Portland, OR 97232, (503) 813–6208.

i. *FERC Contact:* Nick Jayjack at (202) 502–6073 or *nicholas.jayjack@ferc.gov*.

j. Deadline for filing comments, recommendations, terms and conditions, and prescriptions is 60 days from the issuance of this notice; reply comments are due 105 days from the issuance date of this notice.

All documents (original and eight copies) should be filed with: Magalie R.

⁴ Interventions may also be filed electronically via the Internet in lieu of paper. *See* the previous discussion on filing comments electronically.

Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The Commission's Rules of Practice require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

Comments, recommendations, terms and conditions, and prescriptions may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. *See* 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (*http://www.ferc.gov*) under the "e-Filing" link. k. This application has been accepted,

k. This application has been accepted and is ready for environmental analysis at this time.

l. The existing Prospect Nos. 1, 2, and 4 Hydroelectric Project consists of: (1) A 10-foot-high, 165-foot-long concrete gravity-type overflow diversion dam on the Middle Fork Rogue River; (2) a 10foot-high, 1,160-foot-long concrete and earth-fill diversion dam on Red Blanket Creek; (3) a 50-foot-high, 384-foot-long concrete gravity diversion dam on the Rogue River; (4) a 260-acre-foot impoundment behind the North Fork diversion dam (the other two dams form minimal impoundments); (5) nonfunctional fishways at the Red Blanket Creek and Middle Fork Rogue River diversion dams; (6) a 9.25-mile-long water conveyance system; (7) three powerhouses with a combined installed capacity of 41,560-kilowatts; (8) three 69-kilovolt (kV) transmission lines (0.26, 0.28, and 0.31 miles in length) and one 2.3-kV transmission line (0.6 miles in length); (9) a developed recreation area known as North Fork Park; and (10) appurtenant facilities. The applicant is proposing certain nonpower resource enhancements. The applicant estimates that the total average annual generation is 280,657 megawatt-hours. Power from the project serves the applicant's residential and commercial customers in the communities of northern Jackson County and southern Douglas County, Oregon.

m. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at *http://www.ferc.gov* using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at *FERCOnlineSupport@ferc.gov* or toll-free at 1–866–208–3676, or for TTY, (202) 502–8659. A copy is also available for inspection and reproduction at the address in item h above.

n. All filings must (1) bear in all capital letters the title "COMMENTS," "REPLY COMMENTS, "RECOMMENDATIONS," "TERMS AND CONDITIONS," or "PRESCRIPTIONS;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person submitting the filing; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, recommendations, terms and conditions or prescriptions must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application directly from the applicant. Each filing must be accompanied by proof of service on all persons listed on the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

You may also register online at *http://www.ferc.gov/docs-filing/ esubscription.asp* to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Magalie R. Salas,

Secretary.

[P-2692-032]

Duke Power; Notice of Intent To Prepare an Environmental Assessmentand Notice of Scoping Meetings and Site Visits and Soliciting Scoping Comments

October 29, 2004.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. *Type of Application:* New major license.

b. Project No.: 2692–032.

c. Date filed: February 20, 2004.

d. *Applicant:* Duke Power. e. *Name of Project:* Nantahala Hydroelectric Project.

f. *Location:* On the Nantahala River and its tributaries, in Macon and Clay Counties, North Carolina. There are 41 acres of United States Forest Service managed land (Nantahala National Forest) within the Nantahala Project boundary.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791(a)–825(r).

h. Applicant Contact: John C. Wishon, Nantahala Area Relicensing Project Manager, Duke Power, 301 NP&L Loop, Franklin, NC 28734, (828) 369–4604, *jcwishon@duke-energy.com.*

i. *FERC Contact:* Carolyn Holsopple, (202) 502–6407 or

carolyn.holsopple@ferc.gov. j. Deadline for filing scoping comments: January 10, 2005.

All documents (original and eight copies) should be filed with: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

Scoping comments may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. *See* 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (*http://www.ferc.gov*) under the "e-Filing" link.

k. This application is not ready for environmental analysis at this time.

l. The existing Nantahala Project operates in a peaking mode and consists of the following features: (1) A 1,042foot-long, 250-foot-high earth and rockfill dam; (2) a spillway for the dam located at the east abutment; (3) a 1,605acre reservoir, with a normal reservoir elevation of 3,012.2 feet National Geodetic Vertical Datum and a storage capacity of 38,336 acre-feet; (4) a reinforced concrete powerhouse containing one generating unit having an installed capacity of 42 megawatts (MW); (5) two stream diversions (Dicks Creek and Whiteoak Creek) that provide additional flow into the project; and (6) appurtenant facilities.

m. Copies of the application are available for review at the Commission in the Public Reference Room or may be
