Eligibility: Eligible recipients of EDA financial assistance are defined at 13 CFR 300.2.

Cost Sharing Requirements: Ordinarily the amount of the EDA grant may not exceed 50 percent of the cost of the project. While cash contributions are preferred, in-kind contributions, fairly evaluated by EDA, may include contributions of space, equipment, and services, may provide the non-Federal share of the project cost. In-kind contributions must be eligible project costs and meet applicable Federal cost principles and uniform administrative requirements.

EDA may supplement the Federal share of a grant project where the applicant is able to demonstrate that the non-Federal share that would otherwise be required cannot be provided because of the overall economic situation. Potential applicants should contact the appropriate EDA office to make this determination.

Intergovernmental Review: Applications under this program are not subject to Executive Order 12372, "Intergovernmental Review of Federal Programs."

Evaluation and Selection Procedures and Criteria:

A. Application

To apply for an award under this request, an eligible recipient must submit a proposal to EDA during the specified timeframe, at the address specified above. Proposals that do not meet all items required or that exceed the page limitations of the FFO will be considered nonresponsive, and will not be considered. Proposals that meet all the requirements will be evaluated by a review panel comprised of at least three members, all of whom will be full-time Federal employees. The panel first evaluates the proposals using the general evaluation criteria set forth in 13 CFR 304.1 and 304.2 and the supplemental evaluation criteria (Investment Policy Guidelines) set forth below. Proposals that meet these threshold criteria listed below will then be evaluated by the panel using the following criteria of approximate equal weight:

1. The quality of a proposal's response to the Scope of Work;
2. The ability of the applicant to successfully carry out the proposed activities; and

3. Cost to the Federal Government.

B. Supplemental Evaluation Criteria: Investment Policy Guidelines

EDA's mission is to increase prosperity by advancing comprehensive, entrepreneurial, and innovation-based economic development efforts to enhance the competitiveness of regional business environments resulting in increased private investment and higher-skill, higher-wage jobs.

All potential EDA investments will be analyzed using the following five Investment Policy Guidelines, which constitute supplemental evaluation criteria of approximate equal weight and which further define the criteria provided at 13 CFR 304.2.

1. *Be market-based and results driven.* An investment will capitalize on a region's competitive strengths and will positively move a regional economic indicator measured on EDA's Balanced Scorecard, such as: an increased number of higher-skill, higher-wage jobs; increased tax revenue; or increased private sector investment.

2. *Have strong organizational leadership.* An investment will have strong leadership, relevant project management experience, and a significant commitment of human resources talent to ensure a project's successful execution.

3. *Advance productivity, innovation, and entrepreneurship.* An investment will embrace the principles of entrepreneurship, enhance regional clusters, and leverage and link technology innovators and local universities to the private sector to create the conditions for greater productivity, innovation, and job creation.

4. *Look beyond the immediate economic horizon, anticipate economic changes, and diversify the local and regional economy.* An investment will be part of an overarching, long term comprehensive economic development strategy that enhances a region's success in achieving a rising standard of living by supporting existing industry clusters, developing emerging new clusters, or attracting new regional economic drivers.

5. *Demonstrate a high degree of commitment by exhibiting:*

- High levels of local government or non-profit matching funds and private sector leverage.
- Clear and unified leadership and support by local elected officials.
- Strong cooperation between the business sector, relevant regional partners and local, state and federal governments.

Selection Factors: The Assistant Secretary of Commerce for Economic Development is the Selecting Official, and will in the normal course follow the recommendation of the review panel. However, the Assistant Secretary may not make any selection, or he may substitute one of the lower rated proposals, if he determines that it better meets the overall objectives of the Public Works and Economic Development Act of 1965, as amended (Pub. L. 89-136, 42 U.S.C. 3121 *et seq.*), and as further amended by Pub. L. 105-393.

The Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements

The Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements contained in the **Federal Register** notice of October 1, 2001 (66 FR 49917), as amended by the **Federal Register** notice published on October 30, 2002 (67 FR 66109), are applicable to this solicitation.

BILLING CODE 3510-24-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 042204E]

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Shrimp Fishery off the Southern Atlantic States; Amendment 6

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of intent to prepare a draft supplemental environmental impact statement (SEIS), supplemental notice.

SUMMARY: The South Atlantic Fishery Management Council (Council) has added Federal permitting, bycatch reporting, and bycatch reduction actions to Amendment 6 of the Fishery Management Plan for the Shrimp Fishery of the South Atlantic Region (Shrimp Amendment 6). Shrimp Amendment 6 also includes actions to evaluate and redefine, as needed, biological reference points and status determination criteria, and actions to modify the bycatch reduction protocol.

ADDRESSES: Comments and requests for copies of the scoping documents should be sent to Robert K. Mahood, Executive Director, South Atlantic Fishery Management Council, One Southpark Circle, Suite 306, Charleston, SC 29407-4699, fax: 843-769-4520. Comments may also be submitted by e-mail to shrimpcomments@safmc.net. Include in the subject line of the e-mail comment the following document identifier: Shrimp Amendment 6.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Office; phone: 866-SAFMC-10 or 843-571-4366; e-mail: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION: This notice supplements the notice of intent to prepare a draft SEIS to support Shrimp Amendment 6 (February 19, 2002, 67 FR 7344) by adding the following actions: (1) require Federal permits in the penaeid (white, pink, and brown shrimp) shrimp fishery; (2) regularly monitor and assess bycatch in

the penaeid and rock shrimp fisheries; and (3) reduce bycatch in the rock shrimp fishery. These actions will be evaluated in the draft SEIS.

The purpose of the permit action is to identify and quantify the number of vessels participating in the South Atlantic penaeid shrimp fishery. Alternatives evaluated under the action would not limit access to the fishery at this time. However, the Council might consider a limited access program in the future and could use the control date of December 10, 2003, as a qualifying criterion for participation in the fishery. The Council notified the public of this control date through an advanced notice of proposed rulemaking published in the **Federal Register** on March 4, 2004 (69 FR 10189).

The purpose of the bycatch reporting and reduction actions is to improve the accounting and management of bycatch in the penaeid and rock shrimp fisheries, consistent with the requirements of the Magnuson-Stevens Fishery Conservation and Management Act.

Other actions in Shrimp Amendment 6 previously noticed in the **Federal Register** include evaluating and redefining, as needed, biological reference points and status determination criteria and modifying the bycatch reduction protocol.

The Environmental Protection Agency will publish a notice in the **Federal Register** when the draft SEIS is available for public comment. Comments received by the Council and NMFS during the 45-day comment period on the draft SEIS will be considered in developing the final SEIS.

Dated: April 27, 2004.
