

Analysis of Comments Received

Because no interested party submitted comments, the Department hereby adopts all findings from the *Preliminary Results* in these final results.

Final Results of Review

As a result of the application of adverse facts available, we determine that the following percentage dumping margin exists for the period March 8, 2001, through August 31, 2002.

Producer/manufacturer/exporter	Weighted-average margin (percent)
CITIC Trading Company, Ltd ...	214.89

The Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries. The Department will issue appraisal instructions directly to CBP. In accordance with 19 CFR 351.212(b), we have calculated exporter/importer-specific assessment rates. We will direct CBP to assess the resulting percentage margin against the entered CBP values for the subject merchandise on the importer's entries under the relevant order during the review period (*see* 19 CFR 351.212(b)(1)).

Cash Deposit Requirements

The following cash-deposit requirements will be effective upon publication of this notice of final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit for the reviewed company will be the rate shown above; (2) for all previously investigated companies which have a separate rate, the cash-deposit rates will continue to be the company specific rates published for the most recent period; (3) for all other PRC exporters, including CITIC, the cash-deposit rate will be the PRC countrywide rate, which is 214.89 percent; and (4) for all non-PRC exporters of subject merchandise, the cash-deposit rate will be the rate applicable to the PRC exporter that supplied that exporter. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification of Interested Parties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate

regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders ("APOs") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: January 22, 2004.

James J. Jochum,

Assistant Secretary for Import Administration.

Notice of Antidumping Duty Order: Prestressed Concrete Steel Wire Strand from the Republic of Korea

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Antidumping Duty Order.

EFFECTIVE DATE: January 28, 2004.

FOR FURTHER INFORMATION CONTACT: Marin Weaver or Christopher C. Welty at (202) 482-2336 or (202) 482-0186, respectively; AD/CVD Enforcement Group II, Office 5, Import Administration, Room 1870, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On December 8, 2003, the Department of Commerce (Department) published its final determination in the antidumping duty investigation of prestressed concrete steel wire strand (PC strand) from the Republic of Korea (Korea). *See Notice of Final Determination of Sales at Less Than Fair Value and Negative Final Determination of Critical Circumstances: Prestressed Concrete Steel Wire Strand from the Republic of Korea*, 68 FR 68353 (December 8, 2003).

On January 21, 2004 the International Trade Commission (ITC) notified the Department of its final determination pursuant to section 735(b)(1)(A)(i) of the Tariff Act of 1930, as amended (the Act), that an industry in the United States is materially injured by reason of less-than-fair-value imports of subject merchandise from Korea.

Scope Of The Order

For purposes of this order, PC strand is steel strand produced from wire of non-stainless, non-galvanized steel, which is suitable for use in prestressed concrete (both pre-tensioned and post-tensioned) applications. The product definition encompasses covered and uncovered strand and all types, grades, and diameters of PC strand.

The merchandise subject to the order is currently classifiable under subheadings 7312.10.3010 and 7312.10.3012 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under the order is dispositive.

Antidumping Duty Order

On January 21, 2004, in accordance with section 735(d) of the Act, the ITC notified the Department of its final determination that the industry in the United States producing PC strand is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of imports of the subject merchandise from Korea.

In accordance with section 736(a)(1) of the Act, the Department will direct U.S. Customs and Border Protection (CBP) to assess, upon further advice by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price or constructed export price of the merchandise for all relevant entries of PC strand from Korea. These antidumping duties will be assessed on (1) all unliquidated entries of PC strand from Korea entered, or withdrawn from warehouse, for

consumption on or after July 17, 2003, the date on which the Department published its notice of preliminary determination in the **Federal Register**,¹ and before January 13, 2004, the date on which the Department is required, pursuant to section 733(d) of the Act, to terminate the suspension of liquidation; and (2) on all subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the ITC's notice of final determination in the **Federal Register**. Entries of PC strand from Korea made between January 13, 2004, and the day preceding the date of publication of the ITC's notice of final determination in the **Federal Register** are not liable for the assessment of antidumping duties due to the Department's termination, effective January 13, 2004, of the suspension of liquidation.

On or after the date of publication of the ITC's notice of final determination in the **Federal Register**, CBP must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the estimated weighted-average dumping margins as noted below. The weighted-average dumping margins are as follows:

Manufacturer/exporter	Margin (percent)
Kiswire Ltd.	54.19
Dong-Il Steel Manufacturing Co. Ltd.	54.19
All Others	35.64

This notice constitutes the antidumping duty order with respect to PC strand from Korea, pursuant to section 736(a) of the Act. Interested parties may contact the Department's Central Records Unit, Room B-099 of the Main Commerce Building, for copies of an updated list of antidumping duty orders currently in effect.

This order is issued and published in accordance with section 736(a) of Act and 19 CFR 351.211.

Dated: January 22, 2004.

James J. Jochum,

Assistant Secretary for Import Administration.
