On January 21, 2004 the International Trade Commission (ITC) notified the Department of its final determination pursuant to section 735(b)(1)(A)(i) of the Tariff Act of 1930, as amended (the Act), that an industry in the United States is materially injured by reason of less-than-fair-value imports of subject merchandise from Brazil.

Scope Of The Order

For purposes of this order, PC strand is steel strand produced from wire of non-stainless, non-galvanized steel, which is suitable for use in prestressed concrete (both pre-tensioned and post-tensioned) applications. The product definition encompasses covered and uncovered strand and all types, grades, and diameters of PC strand.
