SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On August 10th, 2004, (69 FR 48490), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments.

EPA has established a public docket for this ICR under Docket ID No. SFUND-2004-0010, which is available for public viewing in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744 and the telephone number for the Superfund Docket is (202) 566-0276 (<http://www.epa.gov/edocket>). An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to <http://www.epa.gov/edocket>.

Title: Application for Reimbursement to Local Governments for Emergency

Response to Hazardous Substance Releases Under CERCLA Section 123 (Renewal).

Abstract: The Agency requires applicants for reimbursement under this program authorized under section 123 of CERCLA to submit an application that demonstrates consistency with program eligibility requirements. This is necessary to ensure proper use of the Superfund. EPA reviews the information to ensure compliance with all statutory and program requirements. The applicants are local governments who have incurred expenses, above and beyond their budgets, for hazardous substance response. Submission of this information is voluntary and to the applicant's benefit.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 9 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Various units of local governments.

Estimated Number of Respondents: 200/year.

Frequency of Response: Occasional, only if respondent wishes reimbursement.

Estimated Total Annual Hour Burden: 1,800 hours.

Estimated Total Annualized Cost Burden: \$33,300, which includes \$0 Capital expenditure/Startup costs, \$0 O&M costs, and \$ 33,300 Respondent Labor costs.

Changes in the Estimates: There is no change.

Dated: November 17, 2004.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, confidential business information (CBI), or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to <http://www.epa.gov/edocket>.

Title: Retrofit/Rebuild Requirements for 1993 and Earlier Model Year Urban Buses (40 CFR Part 85, Subpart O) (Renewal).

Abstract: Section 219(d) of the Clean Air Act, as amended in 1990, required that the EPA promulgate regulations for urban buses that: (a) Operate in Metropolitan Statistical Areas (MSA) or consolidated MSA's with a 1980 population of 750,000 or more; (b) are not subject to the 1994 or later urban bus standards; and (c) have their engines replaced or rebuilt after January 1, 1995. The CAA Amendments require the subject urban buses be retrofitted to comply with an emission standard that reflects the best retrofit technology and maintenance practices reasonably achievable. Under these provisions, EPA set requirements for pre-1994 model year urban buses when urban bus engines are rebuilt or replaced. The program requires that the particulate emissions level of the urban bus engines be reduced to a level below the engines' original particulate level through the use of retrofit/rebuild equipment that is certified by EPA. The program will phase itself out as pre-1994 urban buses are retired from fleets. Responses to the collection of information are mandatory. All the information required by this collection is needed for the implementation and the activities of various EPA programs. The information is collected by the Engine Programs Group, Certification and Compliance Division, Office of Transportation and Air Quality, Office of Air and Radiation. Specific certification information submitted by manufacturers is held as confidential. Confidentiality of proprietary information is granted in accordance with the Freedom of Information Act, EPA regulations at 40 CFR part 2, and class determinations issued by EPA's Office of General Counsel.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in 40 CFR are listed in 40 CFR part 9 and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 129 hours per retrofit equipment manufacturer and 33 hours per bus operator. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information,

processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Entities potentially affected by this action are manufacturers of retrofit equipment and urban bus fleet operators.

Estimated Number of Respondents: 41.

Frequency of Response: Annually and on occasion.

Estimated Total Annual Hour Burden: 1,457.

Estimated Total Annual Cost: \$186,148, which includes \$0 annualized capital/startup costs, \$111,401 annual O&M costs, and \$74,747 annual labor costs.

Changes in the Estimates: There is a decrease of 2,252 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This decrease is due to changes in the estimated number of respondents. The decrease in burden is, therefore, due to an adjustment to the estimates.

Dated: November 17, 2004.
