

The Taylor Grazing Act of 1934 (43 U.S.C. 315) and the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701) authorize the Bureau of Land Management (BLM) to administer the livestock grazing program consistent with land use plans, multiple use objectives, sustained yield, environmental values, economic considerations, and other factors. BLM must maintain accurate records on:

- (1) Permittee and lessee qualifications for a grazing permit or lease;
- (2) Base property used in conjunction with public lands; and
- (3) The actual use made by livestock authorized to graze on the public lands.

Form 4130-1, Grazing Schedule

BLM uses the required information on this form to adjudicate conflicting requests for grazing use, determine legal qualifications of applicants, issue permits, and document transfers. Form 4130-1a, Grazing Application for Permit/Lease (Preference Summary) BLM uses the required information on this form to verify and confirm grazing preference transfers.

Form 4130-1b, Grazing Application (Supplemental Information)

BLM uses the required information on this form to certify an applicant's qualifications for a grazing permit or lease and to provide other information necessary for the administration of the grazing permit or lease.

Form 4130-3a, Automated Grazing Application

BLM uses the required information on this form to approve changes of grazing use within the terms and conditions of permits or leases.

Form 4130-5, Actual Grazing Use Report

BLM uses the required information to determine if we need to adjust the amount of grazing use or if other management actions are needed. This form enables us to calculate billings and to monitor and evaluate livestock grazing use on the public lands.

The burden estimates for each form are listed as follows:
