[DFARS Case 2003-D111]

Defense Federal Acquisition Regulation Supplement; Use of FAR Part 12 for Performance-Based Contracting for Services

AGENCY: Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD has issued a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to remove obsolete text pertaining to the use of FAR Part 12

(Acquisition of Commercial Items) procedures for performance-based contracting for services. The statutory authority upon which this text was based has expired.

EFFECTIVE DATE: June 25, 2004.

FOR FURTHER INFORMATION CONTACT: Ms. Teresa Brooks, Defense Acquisition Regulations Council, OUSD(AT&L)DPAP(DAR), IMD 3C132, 3062 Defense Pentagon, Washington, DC 20301-3062. Telephone (703) 602-0326; facsimile (703) 602-0350. Please cite DFARS Case 2003-D111.

SUPPLEMENTARY INFORMATION:**A. Background**

This final rule removes DFARS 212.102 and 237.601, which implemented Section 821 of the National Defense Authorization Act for Fiscal Year 2001 (Pub. L. 106-398). Section 821 permitted DoD to treat certain performance-based service contracts and task orders as contracts for the procurement of commercial items. The authority provided by section 821 expired on October 30, 2003, and has been superseded by the authority provided in section 1431 of the National Defense Authorization Act for Fiscal Year 2004 (Pub. L. 108-136). Section 1431 provides broader, governmentwide authority for the treatment of performance-based service contracts and task orders as contracts for the procurement of commercial items. An interim FAR rule implementing section 1431 was published in Federal Acquisition Circular 2001-24 on June 18, 2004 (69 FR 34226).

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

This rule will not have a significant effect beyond the internal operating procedures of DoD or a significant cost or administrative impact on contractors or offerors. Therefore, publication for public comment is not required. However, DoD will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should cite DFARS Case 2003-D111.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply, because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

SUPPLEMENTARY INFORMATION:

A. Background

10 U.S.C. 2465 prohibits DoD from entering into contracts for the performance of firefighting or security-guard functions at military installations or facilities, unless an exception applies. Section 331 of the National Defense Authorization Act for Fiscal Year 2004 (Pub. L. 108–136) added a new exception to the prohibition at 10 U.S.C. 2465. The new exception permits award of a contract for the performance of firefighting functions at a military installation or facility, if the contract is for a period of one year or less and the functions would otherwise have to be performed by members of the armed forces who are not readily available due to a deployment. This interim rule amends DFARS 237.102–70 to reflect the new exception.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because application of the rule is limited to firefighting functions at military installations or facilities for periods of one year or less, when members of the armed forces are not readily available due to a deployment. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected

DFARS subpart in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2003–D107.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply, because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

D. Determination To Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense that urgent and compelling reasons exist to publish an interim rule prior to affording the public an opportunity to comment. This interim rule implements Section 331 of the National Defense Authorization Act for Fiscal Year 2004 (Public Law 108–136). Section 331 provides authority for contractor performance of firefighting functions at military installations or facilities for periods of one year or less, if the functions would otherwise have to be performed by members of the armed forces who are not readily available due to a deployment. Section 331 became effective upon enactment on November 24, 2003. Comments received in response to this interim rule will be considered in the formation of the final rule.

SUPPLEMENTARY INFORMATION:

A. Background

In July 1990, the National Security Telecommunications and Information Systems Security Committee (NSTISSC) was established for the purpose of developing and promulgating national policies applicable to the security of national security telecommunications and information systems. In January 2000, NSTISSC issued Policy No. 11, which addresses the national policy governing the acquisition of information assurance and information assurance-enabled information technology products. Policy No. 11 states that information assurance shall be considered as a requirement for all systems used to enter, process, store, display, or transmit national security information. DoD issued DoD Directive 8500.1, Information Assurance, and DoD Instruction 8500.2, Information Assurance Implementation, to
