Abstract:

a. Credit Underwriting Standards and Procedures for Processing VA Guaranteed Loans—VA set forth, in regulatory form, standards to be used by lenders in underwriting VA-guaranteed loans and to obtain credit information. Lenders must collect certain specific information concerning the veteran and the veteran's credit history (and spouse or other co-borrower, as applicable), in

order to properly underwrite the veteran's loan. A loan may not be guaranteed unless the veteran is a satisfactory credit risk. VA requires the lender to provide the Department with the credit information to assure itself that applications for VA-guaranteed loans are underwritten in a reasonable and prudent manner.

b. VA Form 26-1820 is completed by lenders closing VA guaranteed and insured loans under the automatic or prior approval procedures. Lenders are required to submit with the form, a copy of the loan application (showing income, assets, and obligations) which the lender requires the borrower to execute when applying for the loan; original employment and income verifications obtained from the borrower's place of employment; original verification of assets; and original credit report.

c. VA Form 26-8497 is used by lenders to verify a loan applicant's income and employment information when making guaranteed and insured loans. VA, however, does not require the exclusive use of this form for verification purposes; any comprehensible form or independent verification would be acceptable, provided all information presently shown on VA Form 26-8497 is provided.

d. VA Form 26-8497a is primarily used by lenders making guaranteed and insured loans to verify the applicant's deposits in banks and other savings institutions.
