**DATES:** Submit comments on or before November 1, 2004.**ADDRESSES:** Submit comments on the proposed sales to the Bureau of Land

**SUPPLEMENTARY INFORMATION:** The Bridgeport Indian Colony (Tribe) has a 40-acre reservation near Bridgeport, CA and desires to acquire public land adjacent to the reservation to provide for employment, housing, economic development, and community services. Based on a 1995 feasibility analysis and the Tribe's 2003 development plan, the proposed use of the land would be for 10 residential houses, mini-mart, cultural center, gas station, RV park, mini-storage facility, community recreation center, and open space. It is expected that tribal members would be employed for the construction phase and operation of the businesses once established. Two lots are proposed for sale to the Tribe and are described as follows:

**Mount Diablo Meridian, California**

T. 5 N., R. 25 E., Sec. 28,

Lots 1 and 2; totaling 31.86 acres.

Two lots at the same location, one containing the highway right-of way, are proposed for sale to the State of California, Transportation Department (Caltrans). The lands proposed for sale are described as follows:

**Mount Diablo Meridian, California**

T. 5 N., R. 25 E., Sec. 28,

Lots 3 and 4; totaling 8.51 acres.

Direct Sale is appropriate because: The parcels are considered unmanageable; the parcels are in proximity to the Indian reservation; the lands are identified for transfer to a State or local government; and numerous rights-of-way encumber the parcels, some held by the Reservation or Caltrans. Both sales will be phased to accommodate scientific data recovery on a cultural site within the parcels. Final decisions on the sale proposals will be made following additional public comment prior to completion of an environmental analysis. A BLM appraisal dated June 10, 2004, estimated the Fair Market Value at \$2,000 per acre. The appraisal is available at the BLM, Bishop Field Office. The mineral estate has been determined to be of no value.

The patent(s) will be subject to the following rights-of-way:

CAS 2240 SCE Power line;

CAS 059135 GTE (Verizon) Telephone line;
