

sufficient funds to pay your assessment when due. OTS will notify your Federal Home Loan Bank of the amount of your assessment. OTS will debit your account for your assessments.

(2) If paragraph (a)(1) of this section does not apply to you, OTS will directly debit an account you must maintain at your association.

(b) *Savings and loan holding companies.* You may establish an account at an insured depository institution and authorize OTS to debit the account for your semi-annual assessment. If you do not establish an account and maintain funds in the account sufficient to pay the semi-annual assessment when due, OTS may charge you a fee to cover its administrative costs of collecting and billing your assessment. This fee is in addition to interest on delinquent assessments charged under § 502.45 of this part. OTS will establish the amount of the administrative fee and publish the amount of the fee in a Thrift Bulletin.

§ 502.40 Will OTS refund or prorate my assessment?

(a) OTS will not refund or prorate your assessment, even if you cease to be a savings association or a savings and loan holding company.

(b) If a conservator or receiver has been appointed, you must continue to pay assessments in accordance with this part. OTS will not increase or decrease your assessment based on events that occur after the date of the Thrift Financial Report or H-(b)11 Annual/Current Report upon which your assessment is based.

§ 502.45 What will happen if I do not pay my assessment on time.

(a) Your assessment is delinquent if you do not pay it on the date it is due under § 502.30 of this part. The Director will charge interest on delinquent assessments. Interest will accrue at a rate (that OTS will determine quarterly) equal to 150 percent of the average of the bond-equivalent rates of 13-week Treasury bills auctioned during the calendar quarter preceding the assessment.

(b) If a savings and loan holding company fails to pay an assessment within 60 days of the date it is due under § 502.30 of this part, the Director may assess and collect the assessment with interest from a subsidiary savings association. If a savings and loan holding company controls more than one savings association, the Director may assess and collect the assessment from each savings association as the Director may prescribe.

■ 4. Revise § 502.50 to read as follows:

§ 502.50 What fees does OTS charge?

(a) The Director assesses fees for examining or investigating savings associations that administer trust assets of \$1 billion or less, and saving association affiliates. Because OTS recovers the ordinary costs of examining and investigating savings and loan holding companies through the semi-annual assessment under §§ 502.25 through 502.29 of this part, the Director will not generally charge an examination fee to a savings and loan holding company. "Affiliate" has the meaning in 12 U.S.C. 1462(9), except that, for this part only, "affiliate" does not include any entity that is consolidated with a savings association on the Consolidated Statement of Condition of the Thrift Financial Report.

(b) The Director assesses fees for processing notices, applications, securities filings, and requests, and for providing other services.

■ 5. Revise § 502.75(b) to read as follows

§ 502.75 What will happen if I do not pay my fees on time?

* * * * *

(b) *Failure to pay.* If you are a savings association and your holding company, affiliate, or subsidiary fails to pay any fee within 60 days of the date specified in a bill, the Director may assess and collect that fee, with interest, from you. If the holding company, affiliate, or subsidiary is related to more than one savings association, the Director may assess the fee against and collect it from each savings association as the Director may prescribe.

Dated: May 28, 2004.

By the Office of Thrift Supervision.

James Gilleran,

Director.

BILLING CODE 6720-01-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2004-17725; Airspace Docket No. 04-ACE-37]

Modification of Class E Airspace; Wahoo, NE

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments.

SUMMARY: This action amends Title 14 Code of Federal Regulations, part 71 (14 CFR 71) by revising the Class E airspace

area at Wahoo, NE. A review of the Class E airspace area extending upward from 700 feet above the surface at Wahoo, NE revealed it does not reflect the current Wahoo Municipal Airport airport reference point (ARP) and is not in compliance with established airspace criteria. This airspace area is enlarged and modified to conform to FAA Orders.

DATES: This direct final rule is effective on 0901 UTC, September 30, 2004. Comments for inclusion in the Rules Docket must be received on or before July 28, 2004.

ADDRESSES: Send comments on this proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number FAA-2004-17725/Airspace Docket No. 04-ACE-37, at the beginning of your comments. You may also submit comments on the Internet at <http://dms.dot.gov>.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

FOR FURTHER INFORMATION CONTACT: Brenda Mumper, Air Traffic Division, Airspace Branch, ACE-520A, DOT Regional Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone: (816) 329-2524.

SUPPLEMENTARY INFORMATION: This amendment to 14 CFR 71 modifies the Class E airspace area extending upward from 700 feet above the surface at Wahoo, NE. An examination of controlled airspace for Wahoo, NE revealed that the Wahoo Municipal Airport ARP used in the legal descriptions for this Class E airspace area is incorrect and that the airspace area does not comply with airspace requirements for diverse departures as set forth in FAA Order 7400.2E, Procedures for Handling Airspace Matters. The examination also identified a discrepancy in the bearing from the Wahoo nondirectional radio beacon (NDB) used in the Class E airspace legal description. The legal description was not in compliance with FAA Order 8260.19C, Flight Procedures and Airspace. The limit of the Class E airspace area extension should be defined as a distance from the Wahoo NDB and the bearing corrected.

This action expands the Wahoo, NE Class E airspace area extending upward from 700 feet above the surface from a 6.4-mile radius to a 7.4-mile radius of Wahoo Municipal Airport in order to comply with the criteria for 700 feet above ground level (AGL) airspace required for diverse departures. It defines the airspace extension in relation to the Wahoo NDB, corrects the NDB bearing from 032° to 031° and brings the legal description of the Wahoo, NE Class E airspace area into compliance with FAA Orders 7400.2E and 8260.19C. This area will be depicted on appropriate aeronautical charts. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9L, Airspace Designations and Reporting Points, dated September 2, 2003, and effective September 16, 2003, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment and, therefore, is issuing it as a direct final rule. Previous actions of this nature have not been controversial and have not resulted in adverse comments or objections. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the *Federal Register* indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the *Federal Register*, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Interested parties are invited to participate in this rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic,

environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2004-17725/Airspace Docket No. 04-ACE-37" The postcard will be date/time stamped and returned to the commenter.

Agency Findings

The regulations adopted herein will not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

■ Accordingly, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation

Administration Order 7400.9L, dated September 2, 2003, and effective September 16, 2003, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ACE NE E5 Wahoo, NE

Wahoo Municipal Airport, NE
(Lat. 41° 14'29" N., long 96° 35'39" W.)
Wahoo NDB
(Lat. 41° 14'21" N., long. 96° 35'54" W.)

That airspace extending upward from 700 feet above the surface within a 7.4-mile radius of Wahoo Municipal Airport and within 2.6 miles each side of the 031° bearing from the Wahoo NDB extending from the 7.4-mile radius of the airport to 7 miles northeast of the NDB.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2004-17724; Airspace Docket No. 04-ACE-36]

Modification of Class E Airspace; Ogallala, NE

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments.

SUMMARY: This action amends Title 14 Code of Federal Regulations, part 71 (14 CFR 71) by revising the Class E airspace area at Ogallala, NE. A review of the Class E airspace area extending upward from 700 feet above the surface at Ogallala, NE reveals it does not reflect the current Searle Field airport reference point (ARP) nor does it comply with criteria for diverse departures. This airspace area is enlarged and modified to conform to FAA Orders.

DATES: This direct final rule is effective on 0901 UTC, September 30, 2004. Comments for inclusion in the Rules Docket must be received on or before July 27, 2004.

ADDRESSES: Send comments on this proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400
