**BILLING CODE 4312-51-P**

**DEPARTMENT OF THE INTERIOR****Bureau of Reclamation**

[INT-DES-04-3]

**Platte River Recovery Implementation Program**

**AGENCY:** Bureau of Reclamation,  
Interior.

**ACTION:** Extension of review and  
comment period for draft environmental  
impact statement (DEIS).

**SUMMARY:** The notice of availability for  
the DEIS was published in the **Federal  
Register** on January 26, 2004 (69 FR  
3600), with the public review and  
comment period originally scheduled to  
end April 2, 2004. It was the intent of  
the Bureau of Reclamation  
(Reclamation) that the comment period  
for the DEIS overlap with the release of  
the National Academy of Sciences  
(NAS) report, entitled, "Endangered and  
Threatened Species in the Platte River  
Basin" that was expected January 30,  
2004. Because the NAS report has been  
significantly delayed, Reclamation is  
extending the review and comment  
period for the DEIS to June 1, 2004, to  
allow the public the opportunity to have  
both reports available during the DEIS  
review and comment period.

**DATES:** Submit comments on the DEIS  
on or before June 1, 2004. Public  
hearings on the DEIS will be held  
during the month of May. Times and  
locations will be announced in the  
**Federal Register** and local media.

**ADDRESSES:** Written comments on, or  
requests for copies of, the DEIS should  
be addressed to the Platte River EIS  
Office (PL-100), P.O. Box 25007,  
Denver, Colorado, 80225-0007,  
telephone (303) 445-2096, or by sending  
an e-mail to [platte@prs.usbr.gov](mailto:platte@prs.usbr.gov). A  
copy of the DEIS summary, and/or  
technical reports or appendices may  
also be obtained by calling (303) 445-  
2096. The DEIS summary is also  
accessible at <http://www.platteriver.org>.

**FOR FURTHER INFORMATION, CONTACT:**  
Lynn Holt, Platte River EIS Office (303)  
445-2096, or by sending an e-mail to  
[platte@prs.usbr.gov](mailto:platte@prs.usbr.gov).

**SUPPLEMENTARY INFORMATION:**

Reclamation and the Fish and Wildlife  
Service (Service) have prepared this  
DEIS to analyze the impacts of the First  
Increment (13 years) of a proposed  
Recovery Implementation Program  
(Program) to benefit the target species  
(whooping crane, interior least tern,  
piping plover, and pallid sturgeon) and  
their habitat in the Platte River Basin  
and to provide compliance with the  
Endangered Species Act (ESA) for  
certain historic and future water uses in  
the Platte River Basin in Colorado,  
Nebraska, and Wyoming. The habitat  
objectives of the proposed Program  
include: Improving flows in the Central  
Platte River through water re-regulation  
and conservation/supply projects; and  
protecting, restoring, and maintaining at  
least 10,000 acres of habitat in the  
Central Platte River area between  
Lexington and Chapman, Nebraska. The  
DEIS analyzes the impacts of four  
alternatives to implement the Program.

The programmatic DEIS focuses on  
impacts that the Program may have on  
hydrology, water quality, land, target  
species and their habitat, other species,  
hydropower, recreation, economics, and  
social and cultural resources.  
Subsequent National Environmental  
Policy Act and ESA documents required  
for implementation of specific Program  
actions will be tiered off of this  
document.

**Public Disclosure Statement**

Comments received in response to  
this notice will become part of the  
administrative record for this project  
and are subject to public inspection.  
Comments, including names and home  
addresses of respondents, will be  
available for public review. Individual  
respondents may request that  
Reclamation withhold their home  
address from public disclosure, which  
will be honored to the extent allowable  
by law. There also may be  
circumstances in which Reclamation  
would withhold a respondent's identity
