II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq proposes to modify the fees for trading and compliance data available to NASD member firms via NasdaqTrader.com, as well as to update the information that is included in the Data Package. NasdaqTrader.com allows NASD member firms to obtain data regarding their own trading volume in securities in which they report volume, as well as information concerning their compliance with NASD rules.

Specifically, NASD member firms that subscribe to the Data Package can obtain the following reports: (1) Monthly Compliance Report Cards, which outline the firm's own compliance with various NASD rules; (2) Monthly Summaries, which provide monthly trading volume statistics for the top 50 market participants broken down by industry sector, security or type of trading; and (3) Historical Research Reports, which provide a variety of

historical trading data such as a market maker's quote updates for a security on a specified date. Due to the lack of customer demand, Nasdaq removed the Daily Share Volume Report from the Data Package in March 2005.⁷

Use of this service is voluntary and NASD member firms have the option of subscribing to two different levels of the Data Package. The "basic" level, which currently has a fee of \$100 per month, allows access to a maximum of 25 Historical Research Reports per month. The "premium" level, which currently has a fee of \$130 per month, allows access to a maximum of 100 Historical Research Reports per month. These fees have not increased since October 2003, even though several enhancements have been made since that time. Some of these enhancements include: (1) New OATS Compliance Report Cards; and (2) new historical research reports (e.g., Time and Sales with Inside Quotes and NASDAQ Market Center Activity Reports for Other Exchange-Listed Securities).

In order to help cover the costs associated with the maintenance of the Data Package service, as well as the implementation of additional enhancements to the service in the near future, Nasdaq proposes to increase the subscription fee for the service. Specifically, Nasdaq proposes to increase the subscription fee for the "basic" level from \$100 to \$130 per month, and increase the fee for the "premium" level from \$130 to \$160 per month. These fee increases will commence on July 1, 2006.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of section 15A of the Act,⁸ in general and with section 15A(b)(5) of the Act,⁹ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the NASD operates or controls. Specifically, use of the Data Package service is voluntary and the subscription fees will be imposed on all member firms equally based on the level of service selected. In addition, the increase in fees will help cover the costs associated with maintaining and enhancing the Data Package service.

⁷ See footnote 5 *supra*.

⁹ 15 U.S.C. 78o-3(b)(5).

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective pursuant to section 19(b)(3)(A)(ii) of the Act¹⁰ and subparagraph (f)(2) of Rule 19b-4 thereunder,¹¹ because it establishes or changes a member due, fee, or other charge imposed by NASD. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54005; File No. SR-NASD-2006-030]

Self-Regulatory Organizations; National Association of Securities Dealers, Inc.; Order Approving Proposed Rule Change and Amendment No. 1 Thereto To Establish an Annual Administrative Fee for Market Data Distributors That Are Recipients of Nasdaq Proprietary Data Products

June 16, 2006.

On February 27, 2006, the National Association of Securities Dealers, Inc. ("NASD"), through its subsidiary, The Nasdaq Stock Market, Inc. ("Nasdaq"), filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to establish an annual administrative fee for market data distributors that are recipients of

Nasdaq proprietary data products. Nasdaq filed Amendment No. 1 to the proposed rule change on April 17, 2006. The proposed rule change, as modified by Amendment No. 1, was published for notice and comment in the **Federal Register** on May 12, 2006.³ The Commission received no comments on the proposal. This order approves the proposed rule change, as amended.

The Commission finds that the proposed rule change is consistent with Section 15A of the Act⁴ and the rules and regulations thereunder. Specifically, the Commission finds the proposal to be consistent with Section 15A(b)(5) of the Act,⁵ in that it provides for the equitable allocation of reasonable fees among persons distributing and purchasing Nasdaq proprietary data products. The Commission believes the fees are reasonably tailored to allow Nasdaq to recover the fixed market data administrative costs, as well as the costs of maintaining and improving the administrative tools distributors use to subscribe to and monitor their data products usage.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁶ that the proposed rule change (SR-NASD-2006-030), be, and it hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁷
