The proposed rule change was published for comment in the **Federal Register** on August 22, 2006.⁴ A correction was published on September 22, 2006.⁵ This order approves the proposed rule change.

The Commission received two comment letters in response to the proposed rule change.⁶ Mr. Akridge supported the proposal. Wulff, Hansen supported the general purpose of the rule change, but stated that converting documents that exist only in paper form to electronic format could be burdensome for firms that do not have the necessary technology. On October 5, 2006, the NASD filed a response to the comment letters.⁷ In its response, the NASD stated that it intends to accommodate firms that do not have the ability to convert documents to electronic format. Further, the NASD stated that when technologies change, the NASD will consider the economic

effect of the new technologies and consult with its members regarding requiring filings that use the new technologies.

The Commission finds that the NASD's proposal to adopt NASD Rule 3170 is consistent with the requirements of the Act and the rules and regulations under the Act applicable to a national securities exchange.⁸ In particular, the Commission believes that the proposal is consistent with section 15A(b)(6) of the Act,⁹ which requires, among other things, that NASD rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest in that the proposed rule change will establish a cost-saving and efficient method of filing these notices that will enhance the speed and efficiency of processing the notices and reduce administrative costs.

The NASD will issue a *Notice to Members* and other member communications, as appropriate, to advise its members which regulatory notices or documents members will be required to file or submit electronically to the NASD and the date on which electronic filing or submission of these notices or documents will be required. These communications will also advise members that as of the specified date, electronic filing or submission of the specified regulatory notices or documents will be mandatory, and that the NASD will no longer accept facsimile or other non-electronic transmissions of these notices or documents.

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹⁰ that the proposed rule change (SR-NASD-2006-060) is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹¹

Nancy M. Morris,
Secretary.

L. 104-13, the Paperwork Reduction Act of 1995, effective October 1, 1995. The information collection packages that may be included in this notice are for new information collections, approval of existing information collections, revisions to OMB-approved information collections, and extensions (no change) of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and on ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Written comments and recommendations regarding the information collection(s) should be submitted to the OMB Desk Officer and the SSA Reports Clearance Officer. The information can be mailed and/or faxed to the individuals at the addresses and fax numbers listed below: (OMB) Office of Management and Budget, Attn: Desk Officer for SSA, Fax: 202-395-6974.

This is necessary to determine the claimant's or beneficiary's eligibility for Supplemental Security Income (SSI) and the amount of benefits payable.

This form is not used for all claims and posteligibility determinations; rather, it is used only when it is necessary to document in-kind support and maintenance and only in cases where the householder's corroboration is needed. Respondents are SSI applicants and/or beneficiaries.

The SSA-6233 is used to ensure that the RP is using the benefits received for the beneficiary's current maintenance and personal needs, and the expenditures of funds from the dedicated account are in compliance with the law. Respondents are representative payees for SSI beneficiaries.

SSA uses the SSA-371 to obtain a signed statement from the individual stating a request for EXR and to verify that the applicant meets the EXR requirements. The form will be maintained in the disability folder of the applicant to demonstrate that the individual was aware of the EXR requirements and chose to request EXR. Under the SSPA, to be eligible for direct payment of fees, a non-attorney representative must fulfill the following statutory requirements: (1) Possess a bachelors degree or have equivalent qualifications derived from training and work experience; (2) pass an examination that tests knowledge of the relevant provisions of the Social Security Act; (3) secure professional liability insurance or equivalent insurance; (4) pass a criminal background check (information on these 4 requirements will be collected during initial reporting); (5) demonstrate completion of relevant continuing education courses (this information will be collected under the Continuing Education (CE) reporting), and (6) complete an annual Affirmations Worksheet to verify the participant's continued eligibility to participate in the demonstration project.

SSA collects this information through the services of a private contractor and uses it to determine if a non-attorney representative has met and continues to meet the statutory requirements to be eligible for direct payment of fees for his or her claimant representation services. 3. Pilot Program for Participating in Administrative Law Judge Hearings by Using Privately Owned Video Teleconferencing (VTC) Equipment—20 CFR 404.936(c) & 416.1436(c)—0960-NEW.

Background

On February 3, 2003, the Commissioner of Social Security published a final rule allowing SSA to conduct hearings before administrative law judges (ALJs) at which a party or parties to the hearing and/or a witness or witnesses may appear before the ALJ by video teleconferencing (68 FR No. 22,521). In that final rule we noted that dialing into SSA's VTC network from private facilities, such as facilities owned by a law firm, could be possible at a future date. Appearances by video

teleconference are also central to the rules for the new disability determination process (final rule published March 31, 2006 71 FR No. 62,16423). Pursuant to these rules, SSA is now preparing to pilot a program wherein private representatives and their clients may appear at ALJ hearings using privately owned video equipment.

The VTC Activity

SSA plans to expand its Video Teleconferencing program of Administrative Law Judge hearings by allowing these hearings to be conducted from private representative sites that have been certified by the agency. Representatives who are interested in participating in the pilot program or the permanent program will need to provide some basic information about their location, the area they serve and their expected workload. Because private

video sites are being used, the pilot guidelines provide for site inspections, certain on-the-record certifications and other claimant safeguards to help ensure that no claimants are disadvantaged by participating in their hearing from a private site. Respondents to this collection will be the claimant's representatives who elect to participate in the pilot. The pilot is structured to begin with 10 private video sites expanding to 30 private sites after a six-month evaluation period. There will be a second evaluation period after the 30 sites have operated for a six-month period. SSA will then make final decisions regarding operating procedures for a permanent program.

Type of Request: New Information Collection.

Total Burden Hours for all Collections: 717 burden hours (shown below).

PHASE-I

[10 sites for 6 months]

Collection activity	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated annual burden hours
Expression of Interest/Initial Contact	100	1	15	25
Certifications Made in the Opening Statement of the Hearing	10	100	10	167
Totals	110	192

PHASE-II

[30 sites for 6 months]

Collection activity	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated annual burden hours
Expression of Interest/Initial Contact	100	1	15	25
Certifications Made in the Opening Statement of the Hearing	30	100	10	500
Totals	130	525

The estimated first year cost burden for all respondents to participate in the Privately Owned VTC Equipment pilot

is—\$450,000. This cost figure represents the agency's estimated for respondents to purchase and maintain video

conferencing equipment, a FAX machine and a document camera as well

as the cost of an ISDN line or other data connection to the public network.

DEPARTMENT OF STATE

[Public Notice 5601]

Notice of Effective Date for Implementation of Five-Year Professor and Research Scholar Exchange Program

AGENCY: Department of State.

ACTION: Notice.

SUMMARY: By final rule adopted May 19, 2005, 70 FR 28815, the Department of State amended its regulations and extended the permitted program duration from three to five years for professor and researcher participants in the Exchange Visitor Program. This rule also established clear eligibility requirements for repeat participation as a professor or researcher in the Exchange Visitor Program following a two-year bar. Implementation of these changes was delayed until the Department of Homeland Security could complete modifications to the Student and Exchange Visitor Information System (SEVIS) necessary to permit these changes to be reflected in SEVIS. By SEVIS broadcast on October 6th, 2006, The Department of Homeland Security announced its ability to facilitate these changes effective November 4, 2006.

Accordingly, as of November 4, 2006, current and future professor and researcher program participants will be eligible for five years of program participation as provided for in the final rule. These participants will also be subject to the eligibility requirements for repeat participation set forth in the final rule. Requirements governing initial eligibility for participation as a professor or researcher are unchanged.

The final rule published May 19, 2005 also established a new "G-7" administrative classification for certain program sponsors. The Department will contact directly those sponsors eligible for the classification. No action, inquiry, or request regarding this classification is necessary on the part of existing sponsors. This certification will be published in the **Federal Register**.

Dated: October 25, 2006.
