

450 F.3d 1336 (Fed. Cir. 2006). On October 13, 2006, the CIT issued an order remanding the case to the Commission to comply with the Federal Circuit's decision in *Caribbean Ispat* and giving the Commission until January 12, 2007, to issue its remand determination. The Commission is seeking an extension of that deadline in order to allow the Commission to send out additional questionnaires to obtain further data relevant to the remand instructions. In the meantime, the Commission is proceeding based on the existing deadline, in accordance with the schedule set out below.

In order to assist it in making its determination on remand, the Commission is reopening the record on remand in this investigation to include additional information on the role of non-subject imports of carbon and certain alloy steel wire rod in the U.S. market during the original period of investigation. The record in this proceeding will encompass the material from the record of the original investigation and additional information placed by Commission staff on the record during this remand proceeding.

Nature of the Remand Proceeding

On December 15, 2006, the Commission will make available to parties who participate in the remand proceeding information that has been gathered by the Commission as part of this remand proceeding. FR 68036 (November 8, 2002). Even where electronic filing of a document is permitted, certain documents must also be filed in paper form, as specified in II (C) of the Commission's Handbook on Electronic Filing Procedures, 67 FR 68168, 68173 (November 8, 2002). Each document filed by a party participating in the remand investigation must be served on all other parties who may participate in the remand investigation (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service. At this time, the Commission's remand determination is due to be submitted to the CIT on January 12, 2007. On December 4, 2006, the Commission filed a motion with that Court to extend the time to file its remand determination until March 12, 2006. In the event the CIT grants the motion, or otherwise modifies the date on which the Commission's remand determination is due to the Court, the Commission intends to issue an amended notice and schedule.

Ace Products, LLC, Newport, TN; Notice of Revised Determination on Reconsideration

On November 8, 2006, the Department issued an Affirmative Determination Regarding Application on Reconsideration applicable to workers and former workers of the subject firm. The notice will soon be published in the **Federal Register**.

The previous investigation initiated on July 25, 2006, resulted in a negative determination issued on September 14, 2006, based on the finding that imports of semi pneumatic and solid rubber tires did not contribute importantly to worker separations at the subject firm and no shift of production to a foreign source occurred. The denial notice was

published in the **Federal Register** on September 26, 2006 (71 FR 56172).

In the request for reconsideration, the petitioner provided additional information regarding the subject firm’s declining customers.

The Department requested additional list of customers from the subject firm and conducted a survey of these customers regarding their purchases of like or directly competitive products to semi pneumatic and solid rubber tires. It was revealed that several declining customers increased their reliance on imports of tires while decreasing their purchases from the subject firm during the relevant period. The increases in imports accounted for a meaningful portion of the subject plant’s lost sales.

In accordance with Section 246 the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor herein presents the results of its investigation regarding certification of eligibility to apply for alternative trade adjustment assistance (ATAA) for older workers.

In order for the Department to issue a certification of eligibility to apply for ATAA, the group eligibility requirements of Section 246 of the Trade Act must be met. The Department has determined in this case that the requirements of Section 246 have been met.

A significant number of workers at the firm are age 50 or over and possess skills that are not easily transferable. Competitive conditions within the industry are adverse.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with those produced at Ace Products, LLC, Newport, Tennessee, contributed importantly to the declines in sales or production and to the total or partial separation of workers at the subject firm. In accordance with the provisions of the Act, I make the following certification:

All workers of Ace Products, LLC, Newport, Tennessee, who became totally or partially separated from employment on or after July 19, 2005, through two years from the date of this certification, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974.

Signed in Washington, DC this 5th day of December 2006.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.
